7.1 Discretionary Use Application - Tavern - 616 10th Street East [File No. CK 4355-017-005 and PL 4355-D2/17]

Recommendation

That the Municipal Planning Commission recommend to City Council at the time of the public hearing that the application submitted by Leopold’s Tavern Broadway Inc., requesting permission to operate a tavern at 616 10th Street East, be approved, subject to the following conditions:

1. That the applicant obtain a Development Permit and all other relevant permits and licenses; and
2. That the final building and development plans be substantially in accordance with the plans submitted in support of this Discretionary Use Application.

7.2 Proposed Official Community Plan Bylaw Amendment and Proposed Rezoning - Holmwood Sector and University Heights Sector [File No. CK 4351-017-003, PL 4350-OCP 43/16-Z44/16, OCP 45/16-Z46/16 and OCP 47/16-Z48/16]

Recommendation

That the Municipal Planning Commission recommend to City Council at the time of the public hearing:

1. That the proposed amendments to Official Community Plan Bylaw No. 8769 Land Use Map, to redesignate land in the Holmwood Sector and the University Heights Sector from “Corman Park – Saskatoon Planning District” to “Urban Holding Area” and “Special Use Area,” as outlined in the April 20, 2017 report of the General Manager, Community Services Department, be approved; and
2. That the proposed amendments to Zoning Bylaw No. 8770, to rezone land in the Holmwood Sector and the University Heights Sector from “Corman Park – Saskatoon Planning District” to “AG – Agricultural District” and “FUD – Future Urban Development District,” as outlined in the April 20, 2017 report of the General Manager, Community Services Department, be approved.

7.3 Land Use Applications Received for the Period from February 16, 2017 to March 15, 2017 [File No. CK 4000-5 and PL 4350-1]

Recommendation

That the April 3, 2017 report of the General Manager, Community Services Department be received as information.
8. REPORTS FROM COMMISSION

8.1 Update on the Items Previously Considered by the Commission and Considered by City Council at its meeting on April 24, 2017 [File No. CK. 175-16]

Recommendation
That the information be received.

9. ADJOURNMENT
**Discretionary Use Application – Tavern – 616 10th Street East**

**Recommendation**
That a report be forwarded to City Council recommending that at the time of the public hearing, the application submitted by Leopold's Tavern Broadway Inc., requesting permission to operate a tavern at 616 10th Street East, be approved, subject to the following conditions:

1. That the applicant obtain a Development Permit and all other relevant permits and licenses; and
2. That the final building and development plans be substantially in accordance with the plans submitted in support of this Discretionary Use Application.

**Topic and Purpose**
The purpose of this report is to consider a Discretionary Use Application from Leopold's Tavern Broadway Inc. to operate a tavern at 616 10th Street East.

**Report Highlights**
1. The proposed tavern meets all applicable Zoning Bylaw No. 8770 (Zoning Bylaw) requirements.
2. The proposal is not anticipated to significantly impact the surrounding land uses.

**Strategic Goal**
This application supports the City of Saskatoon's (City) Strategic Goal of Economic Diversity and Prosperity as it provides an opportunity for business growth in an existing commercial building.

**Background**
The property located at 616 10th Street East is in the Nutana neighbourhood and is zoned B5B – Broadway Commercial District under the Zoning Bylaw (see Attachment 1). A tavern is considered a discretionary use in the B5B District. Leopold’s Tavern Broadway Inc. has submitted an application requesting City Council’s approval to operate a tavern at this location.

**Report**
**Zoning Bylaw Requirements**
The Zoning Bylaw defines a tavern as “an establishment, or portion thereof, where the primary business is the sale of beverage alcohol for consumption on the premises, with or without food, and where no live entertainment or dance floor is permitted.” The applicant is proposing to operate a tavern with an approximate seating capacity of 35 seats. The tavern will operate out of a former restaurant unit in the mixed-use building at 616 10th Street East.

Surrounding properties consist of neighbourhood commercial uses that include retail, restaurants, and residential. Section 4.7.3 (3) of the Zoning Bylaw contains criteria to evaluate discretionary use applications for nightclubs and taverns. This tavern has been evaluated and meets the criteria contained within this section. The Zoning Bylaw does not require on-site
Discretionary Use Application – Tavern – 616 10th Street East

parking for nightclubs and taverns in the B5B District; however, there are 12 parking spaces available on the site for this mixed-use building (see Attachment 2).

Conclusion
The proposed tavern at 616 10th Street East meets all applicable Zoning Bylaw provisions and is not anticipated to have any significant impact on surrounding land uses.

No concerns were noted by other divisions that would preclude this application from proceeding; refer to Attachment 3 for the full remarks.

Options to the Recommendation
City Council could deny this Discretionary Use Application. This option is not recommended, as the proposal complies with all applicable Zoning Bylaw requirements and has been evaluated as a discretionary use, subject to the provisions in Section 4.7 of the Zoning Bylaw.

Public and/or Stakeholder Involvement
Notices to property owners within a 75 metre radius of the site, as well as to the Nutana Community Association and the Broadway Business Improvement District, were mailed out in January 2017, to solicit feedback on the proposal. To date, one property owner called concerned about patrons parking on adjacent commercial properties. The applicant has been advised of this concern. No further concerns have been expressed.

A public information meeting was held on March 21, 2017, and was not attended by any members of the public. A community engagement summary is included as Attachment 4.

Communication Plan
No further communication is planned beyond the stakeholder involvement noted above and the required notice for the public hearing.

Other Considerations/Implications
There are no policy, financial, environmental, privacy, or CPTED implications or considerations.

Due Date for Follow-up and/or Project Completion
No follow-up is required.

Public Notice
Public notice is required for consideration of this matter, pursuant to Section 11(b) of Public Notice Policy No. C01-021.

Once this application has been considered by the Municipal Planning Commission, a date for a public hearing will be set. The Community Services Department will give notice, by mail, to the Nutana Community Association and assessed property owners within 75 metres of the subject site. Notification posters will also be placed on the subject site.

Community Engagement Summary
Proposed Discretionary Use – Tavern
616 10th Street East

Project Description

A public information meeting was held regarding a proposed tavern located at 616 10th Street East. The meeting provided property owners in Nutana, specifically those within 75 metres of the subject site, the opportunity to learn more about the proposed development and the discretionary use process, and to have the opportunity to comment on the proposal and ask any questions that they may have.

A public information meeting was held at Victoria School on March 21, 2017, at 7 p.m.

Community Engagement Strategy

Notices to property owners within a 75 metre radius of the subject site were sent out on February 27, 2017. Notices were also sent to the Nutana Community Association, the Broadway Business Improvement District, the Ward Councillor, and the Community Consultant.

The purpose of the meeting was to inform, and consult with, the nearby residents and commercial business owners. Interested or concerned individuals were provided with an opportunity to learn more about the proposal and to provide perspective and comments for consideration.

The public information meeting provided an opportunity to listen to a presentation by the applicant and create a dialogue between the applicant and nearby community members. City of Saskatoon staff were also available to answer questions regarding the discretionary use process and general zoning regulations.

Summary of Community Engagement Feedback

The meeting was not attended by any members of the public.

Next Steps

All feedback from the public notification process will be summarized and presented as part of the report to the Municipal Planning Commission (MPC) and City Council.
Once this application has been considered by the MPC, a date for a public hearing will be set, and notices will be sent to property owners within 75 metres of the subject site, to the Broadway Business Improvement District, and the Nutana Community Association. Notification posters will also be placed on the subject site. No other public engagement is planned.

Proposed Official Community Plan Bylaw Amendment and Proposed Rezoning – Holmwood Sector and University Heights Sector

Recommendation
That a copy of this report be forwarded to City Council recommending:

1. That at the time of the public hearing, City Council consider the Administration’s recommendation that the proposed amendments to Official Community Plan Bylaw No. 8769 Land Use Map, to redesignate land in the Holmwood Sector and the University Heights Sector from “Corman Park – Saskatoon Planning District” to “Urban Holding Area” and “Special Use Area,” as outlined in this report, be approved; and

2. That at the time of the public hearing, City Council consider the Administration’s recommendation that the proposed amendments to Zoning Bylaw No. 8770, to rezone land in the Holmwood Sector and the University Heights Sector from “Corman Park – Saskatoon Planning District” to “AG – Agricultural District” and “FUD – Future Urban Development District,” as outlined in this report, be approved.

Topic and Purpose
The purpose of this report is to consider amendments to Official Community Plan Bylaw No. 8769 and Zoning Bylaw No. 8770, relating to lands located in the Holmwood Sector and the University Heights Sector. These lands were brought into the City of Saskatoon by boundary alterations and are currently designated under the Corman Park - Saskatoon Planning District Official Community Plan and Zoning Bylaw.

Report Highlights
1. The proposed amendments to Official Community Plan Bylaw No. 8769 (OCP) Land Use Map and Zoning Bylaw No. 8770 (Zoning Bylaw) are required, as lands annexed into the City of Saskatoon (City) remain designated under the Corman Park - Saskatoon Planning District Official Community Plan and Zoning Bylaw.

2. The proposed amendments to the OCP Land Use Map and Zoning Bylaw are consistent with the Growth Plan to Half a Million, the Holmwood Sector Plan, and the University Heights Sector Plan.

Strategic Goal
This report supports the City’s Strategic Goal of Sustainable Growth by ensuring orderly and sustainable growth.
**Background**
The subject lands are located in the Holmwood Sector and the University Heights Sector. These lands were formerly located in the Rural Municipality (RM) of Corman Park and became part of the City with the boundary alteration that was approved by the Minister of Municipal Affairs in 2010. While the ministerial approval altered the corporate limits of the City and removed these lands from the RM of Corman Park, the boundary alteration did not change the land use controls for these lands. As such, the land use controls for these lands remain designated under the Corman Park – Saskatoon Planning District Official Community Plan and Zoning Bylaw.

The approved Holmwood and University Heights Sector Plans provide a broad framework for future urban development, including the location and size of future neighbourhoods, employment areas, parks, and significant natural areas; and identify servicing components that will need to be addressed for future development. The proposed amendments will apply the appropriate land use designation and zoning under the City’s bylaws to provide for interim land uses for these future development areas.

Currently, the area of the Holmwood Sector, for which the proposed amendments apply, contains agricultural lands, residences, and a small commercial node at the intersection of Highways 5 and 41.

The University of Saskatchewan owns approximately 647 hectares in the Holmwood Sector. The College of Agriculture and Bioresources operates the Kernan Crop Research Farm, and the Institute of Space and Atmospheric Studies operates the Super Dual Auroral Radar Network radar station, which is part of an international radar network for studying the upper atmosphere and ionosphere. The remainder of the University land is used for agricultural research purposes.

The subject lands in the University Heights Sector contain agricultural uses, residences, and the Northeast Swale. This area also includes the McOrmond Drive connection to the North Commuter Parkway Bridge and the proposed alignment for the Saskatoon Freeway.

**Report**

OCP Land Use Map Amendment

Amendments to the OCP Land Use Map are required as shown on Attachment 1.

Amendments to the OCP Land Use Map are required to:

a) redesignate the areas identified in the Holmwood Sector and the University Heights Sector from “Corman Park – Saskatoon Planning District” to “Urban Holding Area.” The Urban Holding Area is used to identify areas within the City limits where the future use of land or the timing of development is uncertain due to issues of servicing, transitional use, or market demand; and
b) redesignate University of Saskatchewan lands to “Special Use Area.” The purpose of a Special Use Area is to accommodate major institutions, facilities, and public utility installations with a city-wide and regional focus. The proposed Special Use Area land use designation and rezoning to an AG District is consistent with other University of Saskatchewan lands within the city, including the University Campus.

Proposed Zoning Bylaw Amendments
Rezoning of the subject lands is required to put land use controls in place that are consistent with the Urban Holding and Special Use designations. As such, there are two zoning districts proposed for this area (see Attachment 2):

1. FUD – Future Urban Development District – the purpose of the FUD District is to provide for interim land uses where the future use of land or timing of development is uncertain due to issues of servicing, transitional use, or market demand. This is being applied to the majority of the area.

2. AG – Agricultural District - the purpose of the AG District is to provide for certain large-scale specialized land uses, as well as certain rural-oriented uses on the periphery of the city. The AG District will be applied to lands owned by the University of Saskatchewan, which uses the land for agricultural research.

Comments from Other Divisions
No comments or concerns were received through the administrative referral process.

Options to the Recommendation
City Council could choose to deny the proposed amendments. This option is not recommended as the amendments will apply land use controls under the City’s bylaws.

Public and/or Stakeholder Involvement
Prior to the boundary alteration, extensive consultation occurred with affected land owners.

In regard to the land use and zoning changes, notices were sent to all property owners in the area, and an open house was held on June 7, 2016. There were questions regarding the implications of the land use and zoning, the long-term development plans, and the timing of development. Concerns over municipal services were also expressed; see Attachment 3 for a summary.

Property owners were notified in March 2017 that proposed amendments to the OCP Land Use Map and Zoning Bylaw were proceeding to the Municipal Planning Commission and City Council.

Other Considerations/Implications
There are no policy, financial, environmental, privacy, or CPTED implications or considerations; a communication plan is not required at this time.

Due Date for Follow-up and/or Project Completion
No follow-up is required.

Public Notice
Public notice is required for consideration of this matter, pursuant to Section 11(a) of Public Notice Policy No. C01-021.

Once this application has been considered by the Municipal Planning Commission, it will be advertised in accordance with Public Notice Policy No. C01-021, and a date for the public hearing will be set. A notice will be placed in The StarPhoenix two weeks prior to the public hearing. The Planning and Development Division will notify all affected property owners of the public hearing date by letter.

Community Engagement Summary

Official Community Plan Land Use Map Amendment and Rezoning Holmwood Development Area and University Heights Development Area

Project Description

The Community Services Department is pursuing land use and zoning changes to lands brought into the City of Saskatoon (City) through a boundary alteration. Property owners in the affected areas have the opportunity to learn about the proposed changes and the approval process, comment on the proposal, and ask any questions they may have.

The open house was held at Alice Turner Library on Tuesday, June 7, 2016, from 5:00 p.m. to 8:00 p.m.

Community Engagement Strategy

Notices were sent to property owners in the Holmwood and University Heights Development Areas.

The purpose of the notice was to inform, and consult with, property owners and other interested parties. Interested or concerned individuals were provided with an opportunity to learn more about the proposal and to provide perspective and comments for consideration. Development Review staff were in attendance to answer questions regarding the land use and zoning changes, and Long Range Planning staff were in attendance to provide information on the Holmwood and University Heights Sector Plans.

Summary of Community Engagement Feedback

The meeting was a come-and-go open house format and was attended by approximately 25 people. The land use and zoning changes were well received and there were few concerns expressed. There were questions regarding the implications of rezoning their properties. The Administration provided information regarding continuing the current use of their properties.

In relation to future urban development, there were questions regarding:
- the City’s long term development plans for the area in relation to the Holmwood and University Heights Sector Plans;
- the timing of when urban development will occur;
- the timing of infrastructure improvement, including roadways and other services; and
- the North Commuter Parkway Bridge and the proposed Saskatoon Freeway.
Long Range Planning staff provided information on the roadway locations and the Holmwood and University Heights Sector Plans, as well as the timing of future urban development.

Those in attendance also expressed immediate concerns that were not related to the land use and zoning changes. These included:

- drainage and localized flooding;
- the quality of municipal services since annexation (road maintenance and snow clearing were used as examples); and
- the proposed location of Zimmerman Road.

In regard to these concerns, the Administration provided contact information for the specific division responsible for these areas.

Next Steps

All feedback from the public notification process will be summarized and presented as part of the report to the Municipal Planning Commission (MPC) and City Council.

Once this application has been considered by the MPC, a date for a public hearing will be set, and notices will be sent to affected property owners. No other public engagement is planned.
