Rosewood Neighbourhood Concept Plan Amendment and Rezoning – Rosewood Drive

Recommendation

That a copy of this report be submitted to City Council recommending that at the time of the public hearing, City Council consider the Administration's recommendations that the proposed amendments to the Rosewood Neighbourhood Concept Plan, and Bylaw No. 8770, the Zoning Bylaw, as outlined in this report, be approved.

Topic and Purpose

Applications have been submitted by Arbutus Properties to amend the Rosewood Neighbourhood Concept Plan (Concept Plan) and subsequently rezone lands in the Rosewood neighbourhood.

The proposed Concept Plan amendment consists of changing the land use designations of the subject parcels adjacent to Rosewood Drive from Multi Family (Street Townhouse) to single family.

The proposed rezoning would apply the zoning district necessary to implement the Concept Plan, including the amended area, for the area outlined in this report.

Report Highlights

1. The proposed Concept Plan amendment and zoning amendment will facilitate residential development in the form of detached one-unit dwellings.
2. Application of the Holding Symbol (H) to select parcels will remain and no development will occur on those sites. The Holding Symbol (H) may be removed when the conditions have been met.

Strategic Goal

This report supports the City of Saskatoon's Strategic Goal of Sustainable Growth. Rosewood has been designed to provide a variety of housing options for a diverse community.

Background

The Concept Plan was originally approved by City Council in May 2008, and then amended in 2014 to include a commercial area east of Zimmerman Road (see Attachment 1). In conjunction with the Concept Plan amendment, lands within the Rosewood neighbourhood were zoned FUD District and FUD District with the Holding Symbol (H).

The holding symbol "H" is applied to subject lands to recognize that particular conditions for development to proceed are not yet in place and will be removed based on the following criteria:

- a) adequate sewer, water, and servicing capacity to the satisfaction of the General Manager of Transportation and Utilities;
- b) adequate transportation infrastructure designed to accommodate the expected traffic generated from new development to the satisfaction of the General Manager of Transportation and Utilities;
- c) for the lands designated “Regional Commercial,” a retail market analysis, which demonstrates the need for more regional commercial land at this location; and
- d) agreement between the City and Developer for payment of Development Charges and Levies.

Report

Amendment to Concept Plan

The Concept Plan currently designates the subject areas adjacent to Rosewood Drive as Multi Family (Street Townhouse) residential development. Arbutus Properties has applied to change the land use designation of these parcels to single family (see Attachments 1 and 2). This amendment would facilitate development of detached one-unit dwellings.

Amendment to Bylaw No. 8770, the Zoning Bylaw

In conjunction with the proposed Concept Plan Amendment, Arbutus Properties has submitted an application to amend the Zoning Bylaw for the parcels identified in Attachments 3 and 4. The subject parcels are currently zoned FUD – Future Urban Development District. The intent of the FUD District is to act as an interim land use district until comprehensive development plans for an area have been approved. The applicant is proposing the following zoning amendments: FUD District to R1A – One-Unit Residential District; FUD District to R1B – Small Lot One-Unit Residential District; FUD District to R1A District with the Holding Symbol (H); and, FUD District to R1B District with the Holding Symbol (H).

Both the R1A District and R1B District facilitate residential development in the form of one-unit dwellings. The primary differences between the two districts is that the R1B District provides for small lot residential development and does not allow front-facing garages when rear yard access is available from a lane.

Areas that are subject to the Holding Symbol (H) will remain until the conditions for removal have been met. At the appropriate time, an application to amend the Zoning Bylaw to remove the Holding Symbol (H) may be made.

Options to the Recommendation

City Council could choose to deny the Concept Plan amendment and zoning amendment. This option would maintain the residential development form prescribed by the Concept Plan.

Public and/or Stakeholder Involvement

As part of the Concept Plan amendment and zoning amendment processes, the ward Councillor and the Rosewood Community Association were notified of the proposed

amendments. No property owners other than the applicant fall within the 75 metre notification radius.

Other Considerations/Implications

There are no policy, financial, environmental, privacy, or CPTED implications or considerations; a communication plan is not required at this time.

Due Date for Follow-up and/or Project Completion

No follow-up is required.

Public Notice

Public notice is required for consideration of this matter, pursuant to Section 11(a) of Policy No. C01-021, Public Notice Policy.

Once this application has been considered by the Municipal Planning Commission, it will be advertised in accordance with the Public Notice Policy, and a date for a public hearing will be set. A notice will be placed in The StarPhoenix two weeks prior to the public hearing.

Report Highlights

1. The proposed amendments to Bylaw No. 8769, The Official Community Plan Bylaw, 2009 (Official Community Plan) Land Use Map, and Bylaw No. 8770, Zoning Bylaw (Zoning Bylaw), are required as lands annexed into the City of Saskatoon remain designated under the Corman Park – Saskatoon Planning District Official Community Plan and Zoning Bylaw.

Strategic Goal

This report supports the City’s Strategic Goal of Sustainable Growth by ensuring orderly and sustainable growth.

Background

The subject lands are located in the Southwest Sector south of 11th Street West and in the Diefenbaker Management Area. These lands were formerly located in the Rural Municipality (RM) of Corman Park and became part of Saskatoon with the boundary alterations that were approved by the Minister of Government Relations in 2015. While ministerial approval altered the corporate limits of Saskatoon and removed these lands from the RM of Corman Park, the boundary alterations did not change the land use controls for these lands. As such, the lands use controls for these lands remain under

Official Community Plan Bylaw Amendment and Rezoning – Southwest Sector and Diefenbaker Management Area

the Corman Park – Saskatoon Planning District Official Community Plan and Zoning Bylaw.

Report

The subject lands include:

- a parcel north of Highway No. 7 and east of Range Road No. 3063;
- an area south of the CN Yards that contains a portion of the Richard St. Barbe Baker Afforestation Area;
- an area south of Valley Road that contains land owned by the Saskatchewan Power Corporation and the City of Saskatoon; and
- a site adjacent to the South Saskatchewan River that contains the water intake for the Queen Elizabeth Power Station.

Official Community Plan Land Use Map Amendments

Amendments to the Official Community Plan Land Use Map are required, as shown on Attachment 1, to redesignate the subject lands from “Corman Park – Saskatoon Planning District” to the following land use designations:

1. Urban Holding Area – the Urban Holding Area land use designation is used to identify areas within Saskatoon city limits where the future use of land or timing of development is uncertain due to issues of servicing, transitional use or market demand. The areas being designated urban holding include the parcel north of Highway No. 7 and the parcel south of the CN Yards.
2. Special Use Area – The Special Use Area land use designation is used to identify lands that house major institutions, facilities and public utility installations with a city-wide and regional focus. This designation is being applied to lands south of Valley Road that are owned by the Saskatchewan Power Corporation and the City of Saskatoon and the site adjacent to the South Saskatchewan River that contains the water intake for the Queen Elizabeth Power Station. These sites are primarily intended for use for utilities and this designation is consistent with other areas in Saskatoon containing utilities.

Proposed Zoning Bylaw Amendments

Rezoning of the subject lands is required to put land use controls in place that are consistent with the land use designations. There are two zoning districts proposed for this area (see Attachment 2).

1. FUD – Future Urban Development District – the purpose of the FUD District is to provide for interim land uses where the future use of land or timing of development is uncertain due to issues of servicing, transitional use, or market demand. The FUD District is applied to undeveloped land on the periphery of Saskatoon and will be applied to the parcel north of Highway No. 7.
2. AG – Agricultural District – the purpose of the AG District is to provide for certain large-scale specialized land uses, as well as certain rural-oriented uses on the periphery of the city. The AG District will be applied to the area south of the CN Yards that contains a portion of the Richard St. Barbe Baker Afforestation Area,

Official Community Plan Bylaw Amendment and Rezoning – Southwest Sector and Diefenbaker Management Area

sites south of Valley Road that are owned by the Saskatchewan Power Corporation and the City of Saskatoon and the site adjacent to the South Saskatchewan River that contains the water intake for the Queen Elizabeth Power Station. This designation is consistent with other areas in the city containing certain large scale specialized land uses as well as certain rural oriented uses on the periphery of Saskatoon.

Comments from Other Divisions

No comments or concerns were received through the administrative referral process.

Options to the Recommendation

City Council could choose to deny the proposed amendments. This option is not recommended as the amendments would apply land use controls under the City of Saskatoon's (City) bylaws.

Public and/or Stakeholder Involvement

The subject lands are owned by the City and SaskPower. SaskPower does not have any concerns regarding the Land Use and Zoning Amendments. Meewasin has reviewed the application as some of the lands are located within their Conservation Zone, and have no concerns.

Public engagement was not required as there are no residences or established businesses within this area.

Other Considerations/Implications

There are no policy, financial, environmental, privacy or CPTED implications or considerations; a communication plan is not required at this time.

Due Date for Follow-up and/or Project Completion

No follow-up is required.

Public Notice

Public notice is required for consideration of this matter, pursuant to Section 11(a) of Policy No. C01-021, Public Notice Policy.

Subject: Zoning Notice of Monday April 15 and Official Community Plan Notice of April 13 Meeting (if known): Public Hearing Monday April 29 at 6:00 pm.

Comments:

Whereas we are not opposed to the proposed zoning changes, we would like to the opportunity to bring forward that the lands allocated in the Zoning Notice of Monday April 15 and Official Community Plan Notice of April 13 include the following land descriptions:

The Richard St. Barbe Baker Afforestation Area which includes the SW Off-Leash Recreation Area with the following legal land descriptions and civic addresses :

Part SE 23-36-6 -- 241 Township Road 362-A

Part SE 23-36-6 -- 355 Township Road 362-A

S 1/2 22-36-6 - - 467 Township Road 362-A

And the lands of "George Genereux" Afforestation Area referred to as:

NE 21-36-6 – 133 Range Road 3063

The Stewards and Stakeholders of the Richard St. Barbe Baker Afforestation Area have been re-assured that the above afforestation lands are indeed currently part of the Blairmore Sector Long Range Planning Strategy, though the current designation on the April 15 zoning notice states these lands are currently a part of the Riel Industrial Sector. The city has been kind enough to previously report to the Stewards and Stakeholders of the Richard St. Barbe Baker Afforestation Area that the afforestation areas represent a path for the city to follow the strategic goal of environmental leadership and the strategic goal of quality of life.

An observation on the zoning notice map showed that the George Genereux Urban Regional Park is being zoned FUD = 'Future Urban Development District' the same as the future land holdings for the upcoming Blairmore Sector, and the Richard St. Barbe Baker Afforestation Area falls under the classification of AG which the zoning notice describes as "for the provision of public utilities." The zoning map difference for George Genereux Urban Regional Park and the Richard St. Barbe Baker Afforestation Area was explained by the Community Services Department, Planning and Development, that they felt they should match each afforestation area to the zoning provided to their respective neighbouring land mass areas as seen on a map, and this was the sole reason utilized to zone George Genereux Urban Regional Park and the Richard St. Barbe Baker Afforestation Area differently from each other. Both the George Genereux Urban Regional Park and the Richard St. Barbe Baker Afforestation Area have as

stakeholders Sask Energy and Trans Gas as the transmission power lines and the gas lines both as both utilities make use of the lands at George Genereux Urban Regional Park and the Richard St. Barbe Baker Afforestation Area.

The Stewards and Stakeholders of the Richard St. Barbe Baker Afforestation Area have been re-assured by Paula Kotasek-Toth that the Zoning Notice of Monday April 15 and Official Community Plan Notice of April 13 are solely a method of providing the City of Saskatoon a means to unilaterally make decisions in regards to these lands under the "city zoning bylaw" , rather than having shared planning in this peri-urban space under the "Corman Park-Saskatoon Planning District Zoning Bylaw". Additionally Paula Kotasek-Toth of the Community Services Department, Planning and Development in regards to the current zoning notice, and official community plan, assured the Stewards and Stakeholders of the Richard St. Barbe Baker Afforestation Area (which are part of the West Swale) that everything is being done to preserve the afforestation areas, and that the current zoning notice of April 15 and the official community plan of April 13 will not affect the chances of the aforementioned afforestation area designations being preserved, or zoned as some kind of naturalized green space areas during the future upcoming planning stages of long range planning in this south west area of Saskatoon. This is greatly appreciated, indeed.

In light of this information, the Stewards and Stakeholders of the Richard St. Barbe Baker Afforestation Area (and West Swale) met together at a meeting on Wednesday April 24 and agreed that we should not be opposed to this change and we express gratitude that everything is being done by the various city departments to work towards preservation of the afforestation areas.

To review a small history of the afforestation areas; 1960 the lands were purchased by the City of Saskatoon. 1963 The eastern portion of the afforestation area are annexed into the city of Saskatoon. 1972 sees the City Parks Department planting trees on 660 acres of lands, and council approves that these "afforestation areas be kept in perpetuity" 1978 the name "Richard St. Barbe Baker Afforestation Area" brought forward to city council along with his biography; George Genereux biography presented to City Council. Dec 28, 1978 in council chambers it is proposed that the areas become parks; Jan 2, 1979, these proposals are recommended by council, the same year that Beaver Creek, and Cranberry Flats also become parks. 2015 All of the afforestation lands are totally annexed into the city of Saskatoon. Currently the afforestation area lands are a part of the City of Saskatoon land bank, and although they currently are shown as part of the Riel Industrial District, it is reported that the afforestation areas are within the mandate of the Blairmore Sector Plan.

Thank you so much for the foresight of the city of Saskatoon, to have planted the afforestation areas in 1972 which are a wonderful mixed woods greenspace area with both exotic and native trees providing homes to an amazing semi-wilderness wildlife habitat with wetlands and riparian woodlands homes to a diverse number of flora and fauna. The afforestation areas are additionally terrific carbon sinks in this era of climate change. The afforestation areas are truly being appreciated by an exponential growth in users from the Saskatoon community. The afforestation areas have seen bird watching and banding groups, cross country skiers, bicycle events, walkers, landscape and wildlife photographers, wedding parties, dog walkers, school- nature study- and historical tours, and hikers to name a small sampling of people who enrich their lifestyle with healthy outdoor activities in all seasons.

There has been a great deal of community support for the afforestation green spaces by the Stewards and Stakeholders of the Richard St. Barbe Baker Afforestation Area (and West Swale) whose voice over the last years have included Montgomery Place Community Association residents, Cedar Villa Estates residents, Ducks Unlimited as the three current closest neighbours, along with SOS Elms Coalition, Paul Hanley friend of Richard St. Barbe Baker and author of the Richard St. Barbe Baker biography 'Man of the Trees Richard St. Barbe Baker, the First Global Conservationist Foreword by HRH The Prince of Wales Introduction by Jane Goodall', Fatlanders Fatbike Brigade, Candace Savage chair of the Wild About Saskatoon, Saskatoon Bahá'í community, Saskatoon Nature Society, SaskOutdoors, casual users, the SW OLRA dog walking community. The afforestation areas are within the conservation zone of the MVA, who have also been supportive of the afforestation areas.

Thank you kindly for the re-assurance that this Zoning Notice and Official Community Plan Notice is singularly a map clean up to assist the long range planners and community services department, planning and development, to move the map land areas from the "Corman Park-Saskatoon Planning District Zoning Bylaw" into the "City of Saskatoon Zoning Bylaw". Once again, it is so very very much appreciated to receive re-assurances that the city is doing everything that they can to respect the decision passed by City Council in 1972, and that the city is showing a commitment to indeed "preserve the afforestation areas in perpetuity" that are located at the land descriptions given above. Julia Adamson on behalf of the Stewards and Stakeholders of the Richard St. Barbe Baker Afforestation Area

1. That City Council consider Bylaw No. 9579, *The City Administration Amendment Bylaw, 2019* and Bylaw No. 9580, *The Procedures and Committees Amendment Bylaw, 2019 (No. 2)*.

Topic and Purpose

The purpose of this report is to provide City Council with Bylaw No. 9579, *The City Administration Amendment Bylaw, 2019* and Bylaw No. 9580, *The Procedures and Committees Amendment Bylaw, 2019 (No. 2)*. If passed, these Bylaws will reflect the changes made to the approval framework for the purchase and sale of goods and services, reflect the new corporate structure approved by City Council on November 19, 2018, and transfer the existing reporting responsibilities for the City Solicitor from City Council to the City Manager.

Report

At its October 22, 2018 Regular Business Meeting, City Council resolved, in part: “That the City Solicitor be directed to bring back the required changes to *The City Administration Bylaw* as outlined in the report of the CFO/General Manager, Asset and Financial Management Department, dated October 1, 2018.”

At its November 19, 2018 Regular Business Meeting, City Council resolved, in part: “That the City Solicitor be instructed to bring back any necessary bylaw amendments resulting from the approval of the new corporate structure.”

At its March 25, 2019 Regular Business Meeting, City Council resolved, in part: “[T]hat the City Solicitor prepare the appropriate amendments to Bylaw No 8174, *The City Administration Bylaw, 2003* to reflect the revised reporting relationship, and return the amended Bylaw to the April 29, 2019 meeting of City Council.”

With respect to City Council’s November 19, 2018 resolution, this report only presents the changes required to *The City Administration Bylaw, 2003* and *The Procedures and Committees Bylaw, 2014*. A later report will address changes required to any other bylaws.

While *The Cities Act* currently requires that the City Solicitor be appointed, suspended or dismissed by City Council, anticipated amendments will allow this responsibility to be

delegated. Further amendments to *The City Administration Bylaw, 2003* will be required once *The Cities Act* is amended.

In addition, these amendments simply provide for the framework of the new reporting structure of the City Solicitor's Office. As directed by City Council, a policy will be drafted that provides more detail regarding the reporting structure and the roles and responsibilities of all parties.

In accordance with City Council's instructions, we are pleased to submit Bylaw No. 9579, *The City Administration Amendment Bylaw, 2019* and Bylaw No. 9580, *The Procedures and Committees Amendment Bylaw, 2019 (No. 2)*, for City Council's consideration.

**Re: 2019 National Public Works Week
May 19 - 25, 2019
"It Starts Here"**

Dear Mayor,

Since 1960, public works officials in Canada and the United States have celebrated National Public Works Week. This annual observance, which takes place during the third full week in May, is designed to educate the public regarding the importance of our public infrastructure and services. It serves, moreover, as a time to recognize the contributions of public works professionals who work in the public interest to build, manage and operate the essential infrastructure and services of our communities. The week is organized by the Canadian Public Works Association (CPWA)/American Public Works Association (APWA) and is being celebrated for its 59th year in 2019.

The theme for the 2019 National Public Works Week is **"It Starts Here."** This theme represents the many facets of modern civilization that grow out of the efforts put forth by the public works professionals across North America. What starts here? Infrastructure starts with public works... Growth and innovation starts with public works... Mobility starts with public works... Security starts with public works... Healthy communities start with public works... The bottom line is that citizens' quality of life starts with public works.

As a steward of your municipality's public interest, we appeal to you to lend your support to our efforts by issuing a proclamation officially recognizing May 19 - 25, 2019 as National Public Works Week. Enclosed for your consideration is a draft proclamation. We hope to have all proclamations in our possession by April 30, 2019.

Together, the more than 30,000 members of CPWA/APWA in North America design, build, operate, and maintain the transportation, water supply, sewage and refuse disposal systems, public buildings, and other structures and facilities essential to our economy and way of life. Their dedication and expertise, at all levels, are a capital investment in the growth, development, economic health - and ultimate stability - of our communities, and nation. Therefore, we believe it is in the best interest to honour those who devote their lives to its service.

An effective public works program requires the confidence and informed support of all our citizens. To help public works professionals bestow that assurance and backing, it is the mission of CPWA/APWA to promote professional excellence and public awareness through education, advocacy and the exchange of knowledge.

Through a variety of public education activities conducted by CPWA, its chapters and individual public works agencies - particularly during National Public Works Week - tens of thousands of adults and children have been shown the importance of the role of public works in society. The program also seeks to enhance the prestige of the professionals, operators and administrators serving in public works positions and to arouse the interest of young people to pursue careers in the field.

We respectfully request that you join the many other Canadian and U.S. municipalities in proclaiming the importance of public works to the quality of life of our citizens and affirm the contributions of public works professionals.

Should you have any questions, or need assistance in issuing and presenting a proclamation, please contact our Chapter Administrator or myself at:

**PUBLIC RESOLUTION – SPECIAL MEETING
GOVERNANCE AND PRIORITIES COMMITTEE**

Main Category: 2. **CONFIRMATION OF AGENDA**

Date: **April 1, 2019**

Any material considered at the meeting regarding this item is appended to this resolution package.

Mayor Clark announced the following prior to the formal agenda being confirmed:

"On April 6, 2018, people in our community and around the world were heartbroken to hear the news of the Humboldt Broncos bus crash. One day later, a Humboldt Broncos defenceman, Logan Boulet, succumbed to his injuries and his parents, Bernadine and Toby Boulet, offered to donate his organs so that six lives could continue.

Green Shirt Day hopes to honour, remember, and recognize all the victims and families of that fatal crash, and to continue Logan's legacy, by inspiring Canadians to talk to their families and register as organ donors. Green is the official colour of organ and tissue donation, symbolizing the hope organ donors provide to patients in need.

Because of this, I am requesting that City Council proclaim April 7 "Green Shirt Day," that the Humboldt Broncos flag be raised in Civic Square starting on Saturday, and that "Prairie Wind" be lit up green. SaskTel Centre has already indicated an intention of lighting the arena green to commemorate this event."

Moved By: Councillor Dubois

That the Governance and Priorities Committee support recognition of Green Shirt Day on April 7, 2019, with the Humboldt Broncos flag raised in Civic Square starting on Saturday, April 6, 2019 and "Prairie Wind" lit green, and that the City Clerk appropriately formalize the foregoing at the Public Hearing meeting of City Council on April 29, 2019.

In Favour: (9): Mayor Clark, Councillor Block, Councillor Davies, Councillor Donauer, Councillor Dubois, Councillor Gersher, Councillor Gough, Councillor Hill, and Councillor Iwanchuk

Absent (2): Councillor Jeffries, and Councillor Loewen

CARRIED UNANIMOUSLY

Moved By: Councillor Hill

That the agenda be confirmed as presented.

I am writing to request a greeting message from you as we pay tribute to the 27th anniversary of the introduction of Falun Dafa (also called Falun Gong) to the public. We do appreciate you and your colleagues' great support to us during the past years; we have received these greetings with deep gratitude and appreciation. Thank you so very much!

May 13th is the anniversary that is celebrated in over 100 countries including Canada by the followers of Falun Dafa. As part of our annual tradition, we will mark the occasion by sharing the peace of Falun Dafa with fellow Canadians.

Worldwide recognition of Falun Dafa includes thousands of awards and proclamations for its promotion of harmony and health through a traditional Chinese self-improvement system. The practice of Falun Dafa helps people improve their spiritual, mental, moral, and physical well-being through meditative exercises and by the guiding principles of Truthfulness, Compassion, and Tolerance.

Despite the eradication campaign against Falun Dafa, launched in 1999 by the Chinese Communist Party, Falun Dafa's popularity has not diminished; instead, it is embraced by people from over 100 countries. As history unfolds, the crackdown on Falun Dafa practitioner's spiritual freedom is doomed to fail.

In Canada, we are privileged to embrace the values of openness, diversity, and the freedom of conscience and religion. The well wishes we have received from Canadian government officials during the past 20 years, including Mayors, Premiers, and Prime Ministers, has encouraged Falun Dafa communities at home and abroad; these wishes serve as a beacon of hope, particularly to those who have experienced the harsh persecution in China.

It is in this spirit that we will celebrate the 27th anniversary this May 13, 2019 and extend our gratitude to all Canadians who have supported peace and freedom.

We would be happy to receive your greeting message by May 10, 2019.

Should you have questions, please feel free to contact us.

Sincerely,

Corinne Pankewich, On behalf of Falun Dafa Association Canada

Introduction of Falun Dafa

A traditional qigong exercise based on ancient Chinese values, Falun Dafa emphasizes the principles of truthfulness, compassion, and forbearance in every practitioner's life. It comprises a set of five gentle and tranquil exercises, through which one is able to attain a healthy body and spiritual enlightenment. More than 100 million practitioners all over the world have benefited tremendously from the practice. Falun Dafa activities and classes are open to public and free of charge.

Since its introduction to the public on May 13, 1992 by its founder, Mr. Li Hongzhi, Falun Dafa has received worldwide recognition for its concerted efforts to promote harmony, tolerance, and compassion in society. Those who practise learn to overcome selfishness, think of others first, look inside themselves for causes of conflicts, and elevate their moral character, becoming better and healthier persons and more responsible members of society. Mr. Li, meanwhile, seeks no monetary reward and requires that the practice be available to everyone free of charge.

During the past years, Falun Dafa month has been celebrated and received thousands of awards and proclamations, acknowledging its benefits, both spiritual and physical, to practitioners and the society at large.

Despite a nation-wide and state-led persecution against Falun Dafa, launched in China on July 20, 1999 by the former Chinese communist leader Jiang Zemin, the popularity of Falun Dafa has not only remained undiminished but has also flourished all around the world.

Falun Dafa practitioners—inside and outside China—have responded to persecution with peaceful and persistent efforts to inform the public about the persecution, correct false claims made by the communist regime's propaganda about Falun Gong; and in so doing, have provided an outstanding example of virtue and humanity in the face of injustice.

Falun Dafa practitioners around the world have walked a moral and honourable path, winning wide recognition, support and respect. Together, we acknowledge Falun Dafa for the benefits it brings to individuals, communities, and the world.

Dear Mayor Clark,

On behalf of the Council of the Saskatchewan Association of Naturopathic Practitioners, we would like to request that the City of Saskatoon proclaim May 13-19, 2019 as Naturopathic Medicine Week. There likely will be local events and open houses held in Saskatchewan communities at that time, including the City of Saskatoon.

I have attached a link below to Saskatchewan Association of Naturopathic Practitioners, which contains an explanation of Naturopathic Medicine Week as a national event observed in provinces across Canada. It is our hope that the Government of Saskatchewan will also take this opportunity to proclaim the week of May 13-19, 2019 as Naturopathic Medicine Week for our province.

Saskatchewan Association of
Naturopathic Practitioners

April 3, 2019

Dear Mayor Clark,

This year, Naturopathic Medicine Week (NMW) is May 13 to May 19, 2019. Hundreds of naturopathic doctors (NDs) across Canada will be opening their office doors or going into their communities to inform and educate people on the benefits of naturopathic medicine. Naturopathic Medicine Week 2019 establishes naturopathic medicine as a distinct system of primary care that addresses the root cause of illness or disease and promotes health and healing using natural therapies.

On behalf of the Canadian Association of Naturopathic Doctors and the Saskatchewan Association of Naturopathic Practitioners, I am writing to request that the Mayor of Saskatoon proclaim May 13 to May 19, 2019 to be Naturopathic Medicine Week. This is an annual, national event occurring in municipalities across the country.

Naturopathic doctors are highly educated primary care providers who integrate standard medical diagnostics with a broad range of natural therapies. Treating a broad range of conditions ranging from common ailments such as cold and flu, food allergies, chronic fatigue, and childhood illnesses, to chronic degenerative conditions such as arthritis, asthma, heart, immune system, digestive, naturopathic medicine is an integral part of Saskatchewan's health care system. Naturopathic Medicine Week helps to raise the profile of this growing profession. Licensed since 1954 in Saskatchewan to provide primary care, each ND receives pre-medical training at university, four years medical training at an accredited naturopathic college, then completes international board exams in order to practice. There are over 1300 NDs practicing across Canada.

On behalf of the thousands of patients in Saskatchewan who see an ND for their primary health care, and particularly the individuals in your community, I would very much appreciate you taking the time to proclaim this year's event. A draft proclamation is attached. Please send a confirmation of the proclamation to Dr. Megan Parker ND and SANP Communications Chair, by email; communications@sanp.ca or to my attention at the address below.

Sincerely,

Megan Parker

Tartan Day - April 6, 2019

National flag of Scotland (blue-and-white St. Andrews saltire) to fly in Civic Square, April 5 to April 8

I'm D. Grant Black, the award-winning, best-selling author of "Saskatchewan Book of Musts: The 101 Places Every Saskatchewanian Must See" and a partner in Robertson Black Creative (RobertsonBlackCreative.com), a Saskatoon region boutique agency. I grew up in College Park.

Thank you, Mayor Clark, and Saskatoon City Council, for hearing my request. As coordinator for the Saskatchewan Tartan Society, my organization would like the national flag of Scotland raised on a Civic Square flagpole during Tartan Day, April 6, to commemorate the Scots who built Saskatoon and Saskatchewan. If granted my request, a member of the Saskatchewan Tartan Society will provide a Scottish national flag on Friday morning for city staff to raise on Friday, April 5 and to be flown in Civic Square until Monday morning, April 8.

Tartan Day is held annually on April 6. (The Scottish Declaration of Independence was signed on April 6, 1320.) Tartans of all varieties are worn on Tartan Day, which recognizes and celebrates the contributions of an estimated five million Canadians of Scottish ancestry. New York City and many other cities around North America, Scotland, Australia and New Zealand, hold Tartan Day parades.

In 1992, the Saskatchewan government officially created The Tartan Day Act. “This date is commemorative of the Scots who came to Canada, many in duress, and went on to establish a great country and became good citizens...April 6 each year is hereby declared to be ‘Tartan Day’ in Saskatchewan in appreciation of the Scottish Clans in Canada.”

There are an estimated 180,000 Saskatchewanians with Scottish ancestry (sourced from Statistics Canada and *How the Scots Created Canada* by Ken McGoogan). My great-grandfather, Donald Black, became Justice of the Peace for the District of Assiniboia, Northwest Territories (now Saskatchewan) in April 1887 at a ceremony held at Government House in Regina with the Lieutenant-Governor. This was in the pre-Saskatchewan period when Donald and Sarah Black lived in Wapella after they arrived on June 1, 1884 from Tiree, a Hebridean island in western Scotland.

The Blacks moved to Saskatoon in 1900 and owned/operated a hotel and restaurant at 19th Street and 1st Avenue (near where the Toys ‘r’ Us currently sits). They lived on 7th Avenue in City Park and my great-grandmother was famous for her ‘Highland hospitality’ where she served tea and baked goods at her home to the visiting nurses from City Hospital down the street. The Blacks were Scottish-Saskatchewanians who created the early social and economic fabric that built the City of Saskatoon. They connected with the other congregants at their Presbyterian church, their larger community through acts of generosity

(Scottish Enlightenment values) and with the other prominent Scots families that helped to build Saskatoon in the early years (the McKinnons, etc.).

Donald and Sarah Black are buried in Woodlawn Cemetery. They exemplify Tartan Day with their contributions to this city and this province.

The most famous Scots-Saskatchewanians include John Diefenbaker (his mother was a Bannerman from the Selkirk Settlers to Manitoba in 1815), Tommy Douglas (family emigrated from Scotland in the early twentieth-century) and Agnes Martin (internationally recognized painter who was based in New Mexico; an exhibition of her work is currently at the MacKenzie Art Gallery in Regina until April 28).

Re: Request for Proclamation

On August 25, 2017, the Honourable Ralph Goodale, Minister for Public Safety and Emergency Preparedness, announced the formal establishment of a Firefighters' National Memorial Day to recognize the dangers firefighters often face and the ultimate sacrifice of those who have given their lives in the line of duty. This day commemorates their courage, selflessness, and the unwavering commitment to serving communities of Canada.

The second Sunday in September of each year is designated in memory of firefighters who have fallen in the line of duty. On that day, the Canadian flag will be half-masted on all federal building and establishments.

Please consider this request to endorse and approve the proclamation of Sunday, September 8, 2019 as Firefighters' National Memorial Day and that the flag of Canada be half-masted on all municipal buildings.

Your Worship,

Each year on the first Sunday in May, Canada's maritime community pays tribute to the courageous Canadians who joined with our Allies during the Second World War to fight and win the Battle of the Atlantic. These heroes did so against tremendous odds in the face of harsh elements and determined foes. They included men and women from across our country, including 3,600 from Saskatoon and area who joined the Royal Canadian Naval Volunteer Reserve.

On Sunday, May 5th, 2019 we will observe the 74th Anniversary of the end of the Battle of the Atlantic. To mark the occasion, naval veterans from the Royal Canadian Navy, merchant navy and maritime air forces will join present members of the Royal Canadian Navy to salute those who paid the ultimate price for freedom on or over the seas between 1939 and 1945. Ceremonies will take place across Canada, including cities like Saskatoon, which maintain a special relationship with our Navy.

Battle of the Atlantic Sunday holds a special meaning for those of us with ties to the Navy. Canada is a maritime nation with a history and an economy tied very much to the sea. The Royal Canadian Navy safeguards our citizens and resources in roles that have diversified greatly in recent years and continue to do so. Canadians are well served by the dedicated men and women of Canada's Navy.

In order to highlight this important past, present and future contribution, and in recognition of the sacrifice made by our veterans, let me **invite you to fly the Canadian Naval Ensign at City Hall from Monday 29 April to Monday 6 May.** This initiative will certainly contribute to strengthen the ties that we share and will improve our community's awareness about their Navy. I know this sign of support will have a special meaning for the veterans in the community.

Please accept my thank you in advance, Your Worship, and be assured the Royal Canadian Navy will always be proud of its motto "Ready, Aye, Ready!"

Sincerely,

Re: Request for Proclamation
Week of May 5 – 11, 2019 as
Emergency Preparedness Week in Saskatoon

The Saskatoon Emergency Management Organization respectfully requests that City Council proclaim the week of May 5 to 11, 2019 as Emergency Preparedness Week in Saskatoon.

Emergency Preparedness Week began in 1996 and is an annual, national event coordinated by Public Safety Canada. It occurs during the first full week of May. This week highlights the importance of personal preparedness and raises awareness of the importance of having an emergency kit, making an emergency plan, and identifying risks in specific regions.

The Saskatoon Emergency Management Organization (EMO) has planned activities through the week to raise awareness for the citizens of Saskatoon. A city-wide emergency notification test will be performed on Tuesday, May 7, 2019 using the mass communication system, notifynow. This test will allow citizens to confirm they are registered and show them what a message sounds or looks like on their registered devices. In addition to testing notifynow, the EMO will emphasize the importance of personal preparedness.

Citizens can ensure that they are prepared at any time throughout the year by calling Saskatoon EMO at 306-975-3210 or visiting www.saskatoon.ca.

Sincerely,
Pamela Goulden-McLeod
Director of Emergency Planning

To Whom It May Concern:

On June 22, 2015, the City of Saskatoon declared 2015-2016 a Year of Reconciliation. Since that time, Saskatoon community groups and leaders have been coming together to define reconciliation in Saskatchewan. This is the year we are hosting events. These groups are working and walking together on the reconciliation journey.

The Saskatoon Tribal Council, City of Saskatoon, and Central Urban Metis Federation Inc. with the Office of the Treaty Commissioner in partnership are working with 98 partners including local businesses and church groups to host the fourth year of events in the spirit of reconciliation. One of these events is a flag ceremony which is a blessing of the flag raised in 2016. This event is to be held at the Civic Square in Saskatoon.

Our proposed date is **May 24/19**. The event will be half day event, beginning in the early morning that will include a pipe ceremony, a grand entry, the flag ceremony followed by raising of the flag, with entertainment to follow. The pipe ceremony would require us to set up a tipi(s) before the event, and it would be used for ceremony early in the morning of the event. We are requesting City Council proclaim **May 24/19** as Reconciliation Flag Raising.

RE: DECLARING JUNE 2019— FILIPINO-CANADIAN MONTH IN SASKATOON

Greetings! The Filipino Canadian community of Saskatoon takes great pride in commemorating annually the independence (*Kalayaan*) of the Philippines. This year is no different and marks its 121st year.

Filipinos throughout the world celebrate the event in order to communicate the great history's lesson from one generation to the next. In Canada while Toronto was the first city to declare June as Heritage Month for Filipinos, Alberta was the first province to declare June as Filipino Heritage Month. Many actions of various supporters lead to Parliament adopting this special declaration across the country.

In coincide with the above, we would greatly appreciate and consider it a great honor if you can declare June 2019 a Filipino-Canadian Month in Saskatoon, not only to remember the Philippine independence, but also to recognize the many contributions of Filipinos and Filipino-Canadians in Saskatoon who work in various sectors of our city and making this city home.

As it has been in the previous years and with your permission, we would like to start the celebration of this occasion by having a flag-raising ceremony at the civic square on June 15, 2019, at 9:30 a.m. We hope that the City of Saskatoon is represented at this flag-raising event. We specifically ask that you allow the Philippine and Saskatoon flags to be kept raised at the civic square poles for the whole month of June to allow many Filipinos residing in the outskirts of the City the opportunity to pay homage to them. A more itemized program for this day's celebration will be forwarded to your office at a later date. Please feel free to contact either of the undersigned if there are any questions. Thank you for your attention.

Dear Mayor,

I am writing to you to request you proclaim May 14 as Apraxia Awareness Day. Childhood apraxia of speech is a very misunderstood and very challenging speech disorder and our kids need your help. We do many things here in Saskatoon to try to raise awareness and understanding about childhood apraxia of speech. I am a volunteer with Apraxia Kids, the leading nonprofit that strengthens the support systems in the lives of children with apraxia of speech, and we hope you will issue a proclamation to help us further the cause of raising awareness.

Warmest regards,
Baillie Knowles

PROCLAMATION FOR APRAXIA AWARENESS DAY

Whereas, May 14, 2019 marks the 6th annual Childhood Apraxia of Speech Day during which awareness will be raised throughout Canada about Childhood Apraxia of Speech, an extremely challenging speech disorder in children.

Whereas, Childhood Apraxia of Speech (CAS) causes children to have significant difficulty learning to speak and is among the most severe speech deficits in children.

Whereas, the act of learning to speak comes effortlessly to most children, those with apraxia endure an incredible and lengthy struggle.

Whereas, without appropriate speech therapy intervention, children with apraxia are placed at high risk for secondary impacts in reading, writing, spelling, and other school-related skills.

Whereas, that such primary and secondary impacts diminish future independence and employment opportunities if not resolved or improved.

Whereas, most children with apraxia of speech will learn to communicate with their very own voices only if they receive early intervention, appropriate, intensive, and frequent speech therapy.

Whereas, it is imperative there be greater public awareness about childhood apraxia of speech in Saskatoon among community members, physicians, education professionals, policy makers, and elected officials.

Whereas, policy makers, intervention program administrators, schools and insurance providers are encouraged to recognize the critical need to provide adequate speech therapy and other services so that the impact of this disorder is minimized and so that thousands of affected children can grow into productive, contributing adult citizens.

Whereas, our highest respect goes to these children, as well as their families, for their effort, determination and resilience in the face of such obstacles.

Let it be resolved, that May 14, 2019 is "Apraxia Awareness Day" and citizens of Saskatoon are encouraged to work within their communities to increase awareness and understanding of Childhood Apraxia of Speech.

Hi Penny,

As discussed this morning, we had requested the flag raising to be held at some point during the month of April.

We were not notified of the approval until this morning (April 23rd). Without having prior notification of a date the flag raising would be performed, it was not possible to book the Civic Square for the flag raising ceremony in advance.

We are able to deliver the flag to you prior to 4:00 p.m. today, however; we would like to be able to reserve the actual flag raising until April 30th in order to give us time to book the square and invite our community to attend the event. This is not an event for a single individual, this is for our entire community. We need to be able to give them notice in order for them to attend.

Please advise accordingly.

Kind regards,

Ravinder Singh Lubana

NORTH AMERICAN OCCUPATIONAL SAFETY AND HEALTH WEEK

SUNDAY MAY 5TH THROUGH SATURDAY MAY 11TH 2019

April 18, 2019

His Worship the Mayor and Members of Saskatoon City Council
Saskatoon City Council – City Hall
222 – 3rd Avenue North
Saskatoon, SK S7K 0J5

Dear His Worship the Mayor and All Members of City Council,

The local Northern Light Chapter of the Canadian Society of Safety Engineering (CSSE) respectfully requests that Saskatoon City Council proclaim Sunday May 5th to Saturday May 11th North American Occupational Safety and Health Week in Saskatoon.

We also ask that the NAOSH Week flag be flown at Saskatoon City Hall during NAOSH Week. I have a flag to provide, which was used last year at Saskatoon City Hall.

Below are some key points about NAOSH Week:

- **Every year throughout North America the first full week in May is recognized as North American Occupational Safety and Health Week.** It is a time to celebrate the importance of occupational health and safety, and recognize the contributions of health and safety professionals throughout our community.
- NAOSH Week is important because **the vast majority of serious and fatal workplace injuries are 100% preventable.** Through NAOSH Week events we can help to prevent future workplace tragedies by raising awareness and participation in health and safety management at the workplace, and helping to ensure workers, especially new and young workers, understand that their health and safety is more important than the work they do.
- **This year is the 22nd anniversary of NAOSH Week.** NAOSH Week has been celebrated throughout North America since 1997, and for ten years before that the CSSE celebrated Canadian Occupational Health and Safety Week in Canada. In fact, it was Canadians involved in NAFTA negotiations who brought the workplace health and safety week concept to the table in the mid-nineties which eventually led to the creation of NAOSH Week.

In addition to the proclamation request the Northern Light Chapter Board invites Your Worship and all City Councillors to participate in the following NAOSH Week events planned for this year:

- **On Sunday May 5th the seventh annual Steps for Life Walk** will take place at the Diefenbaker Building on the University of Saskatchewan campus, at 101 Diefenbaker Place, from 11:00 AM until 3:00 PM. The Steps for Life Walk is a fundraising event for the **Threads of Life**, a national charity supporting the families of workers who were fatally or permanently injured at work.
- **On Tuesday May 7th the annual Provincial NAOSH Week Luncheon** will be held at Prairieland Events Centre in the Terrace room. This luncheon brings workers, industry leaders, regulatory agencies and government officials together to share their support for workplace health and safety. The luncheon begins at 11:30 AM and ends around 1:30 PM. *Tables are available, see attached brochure for more information and how to register online.*

Should you require further information, or if anyone from the City of Saskatoon wish to make arrangements to attend these events and to deliver the NAOSH Week flag to City Hall please contact me directly anytime. Please see below for my contact information.

Thank you all for your time and commitment in supporting these and other local workplace health and safety initiatives.

Sincerely,

Patrick Hauser, BA, CRSP

NAOSH WEEK

May 5 - 11, 2019

Make Safety a Habit: People, Purpose, Passion

Attend one of Saskatchewan's esteemed luncheons in support of North American Occupational Safety and Health (NAOSH) Week.

Featuring Guest Speaker:
Paul Krismer

Trust is an essential component to effective organization cultures. There is no single mechanism to create trust other than to behave with integrity. Words, slogans, images and procedures can never take the place of action. Paul shows how people naturally adjust their actions and cooperate with others when they are in cultures of high integrity.

People who influence the behaviour of staff will learn a mindset that shifts them from overseers of business processes to genuine role models—seeing the big picture, articulating the direction, and embracing their team in a collaborative and committed mission. Transformative organizational change occurs when workers walk the talk, operating with emotional intelligence and profound personal integrity. This talk de-emphasizes what we individually know and instead asks us who we are.

Paul has led groups of more than 200 professional disability management staff. As an Executive Account Manager and team lead, Paul served as a consultant to high risk and high claims volume employers and industries, introducing innovative and powerful interventions. Few leaders have as much, and as varied, experience in the field of workers compensation as Paul does. Paul is the best-selling author of "Whole Person Happiness". He is a proud member of the International Positive Psychology Association and the Canadian Association of Professional Speakers.

"In 2013 I saw a Steps for Life display and felt a rush of emotion. I told the representative my story and asked if I could walk and I did. Later I attended the Family Forum. Like many others, I experienced the healing from listening and sharing with others who know your pain and suffering, and who also want to heal and become 'the best that they can be'. Threads of Life has offered me a purpose. I hope I can be of support to others and assist in creating a culture change with regard to workplace safety."

— Betty Evans, mom of Stephen, who died while working on a cattle station in Australia

It is a journey I wish I didn't have to make but one that will open other people's eyes to the dangers that can occur in an unsafe workplace. Everyone should return home from a hard day of work and not fall victim to a preventable workplace accident."

— Estella Hickey, mom of Kyle who died as a result of injuries received in an explosion

Memory Lane

Each walk features a memory lane of signs where victims of workplace tragedies are honoured and remembered. It's a moving tribute to the surviving families and a reminder why injury prevention and safety are so important to every Canadian.
