**RE: PROPOSED RIVERBANK DEVELOPMENT REGULATIONS  
SASKATOON, SASKATCHEWAN**

At the request of residents of Saskatchewan Crescent East, P. Machibroda Engineering Ltd. (PMEL) has conducted a review of the proposed Riverbank Development Regulations.

Based on our review, it is our opinion that if properly engineered and constructed, in-ground swimming pools would only be considered to represent a minimal slope stability risk. As such, it is PMEL's opinion that, rather than being banned outright, the proposed zoning regulations should be revised to allow for in-ground pools to be considered on a site-specific basis.

Yours very truly,  
**P. MACHIBRODA ENGINEERING LTD.**

Ray Machibroda, M.Sc., P.Eng.
