Accessibility Considerations for Curbside Solid Waste Collection

Recommendation of the Committee

2. That the values identified in the March 2018 engagement session (Accessible Waste Collection workshop) be included in the Administration's evaluation of accessible solid waste collection alternatives, along with legal, financial, and labour relations considerations; and
3. That the report of the General Manager, Utilities & Environment Department dated January 13, 2020, be forwarded to the Saskatoon Accessibility Advisory Committee, with a specific request to propose a new name for the Special Needs Garbage Collection Service.
