Name of the organization or agency you are representing (if applicable) Providence III Condominium / 1015 Moss Ave.

Subject 8th Street Traffic Noise

Meeting (if known) May 4th, 2020 Standing Policy Committee On Transportation

Comments

As President of the Board of Directors, on behalf of the residents of Providence III / 1015 Moss Ave.(adjacent to 8th Street), I request that the City of Saskatoon take the necessary steps to reduce/mitigate traffic noise on 8th Street. This situation is extremely disturbing and for those residents adjacent to 8th Street, frequently is the source of having to wear ear plugs, experience loss of sleep, etc. The greatest source of such noise results from vehicle muffler systems. Testament to this concern as indicated by the Vehicle Noise - May 2020 Update, "41% of all traffic noise violations are issued on 8th Street". On April 30th, we received correspondence from the Transportation Division stating that "Transportation does not support closing access to Luther Place without the support of the owners and residents of Luther Place." As tax paying owners and residents on the opposite side of 8th Street our position is that we should at least be considered with similar equality.

Our correspondence to the transportation Division includes two videos which exemplify the traffic noise that illustrate our concern.

Your time and consideration is appreciated!
