

Health and Safety on Spadina

May 4th, 2020

Spadina Citizens Traffic Report Card

How would you feel if were not able to sit on your deck and have a family BBQ in the summer?

How would you feel if you couldn't open your windows to enjoy the fresh air?

How would you feel if after 4 years to see a report with recommendations that you already put forth to the city?

I would request that you take Dr. Kapaj recommendations for Spadina and reduce the speed limit temporarily to create a safe zone for children from Playland to the Wier temporarily until you develop a solution for Spadina.
