

MUNICIPAL MANUAL 2020

COMPILED BY THE OFFICE OF THE CITY CLERK

For more information on the City of Saskatoon - **w:** saskatoon.ca **p:** 306-975-3240 **e:** city.clerks@saskatoon.ca

Message from the City Clerk

It is my pleasure to present the 2020 issue of the Municipal Manual.

The Municipal Manual is published annually by the City Clerk's Office and is an excellent resource for anyone interested in learning about the City's municipal government. It contains information regarding the history of the City and its administrative and political structure, as well as, information regarding other organizations that have a direct impact on the day-to-day lives of the citizens of Saskatoon.

The statistical information contained in the manual is current to the end of 2019.

The cooperation of all civic departments, and the material submitted from other sources for insertion in this manual is appreciated and gratefully acknowledged.

A handwritten signature in black ink, which reads "Joanne Sproule". The signature is fluid and cursive.

Joanne Sproule
City Clerk

Saskatoon: Past and Present

Geography

Saskatoon is a commercial and educational centre located on Treaty Six territory in the homeland of the Métis in what is now the province of Saskatchewan. It is situated on the banks of the South Saskatchewan River in Townships 36 and 37, Ranges 4, 5 and 6, West of the Third Meridian. It lies 348 kilometers north of the boundary between the United States and Canada, 225 kilometers from the western boundary and 346 kilometers from the eastern boundary of the Province. It is the only large city between Winnipeg and Edmonton, being 708 kilometers northwest of Winnipeg and a little over 483 kilometers southeast of Edmonton.

Nine bridges cross the river within the city limits: six for vehicle and pedestrian traffic, including the Circle Drive South Bridge, which opened in 2013, and the Chief Mistawasis and rebuilt Traffic Bridge, which opened in 2018. The other two serve the Canadian Pacific and Canadian National Railways.

History

Indigenous people of primarily Cree, Dakota and Saulteaux descent have called Saskatoon home for thousands of years. The oldest evidence of habitation within city limits is an 11,000-year old archaeological site in the city's Woodlawn Cemetery, and is one of many sites provide a link with the city's past. By the 1870s, present-day Saskatoon was part of a wider Métis community that included Round Prairie to the south and Batoche. Around the same time, a group of Dakota Sioux under the leadership of Chief Wapahaska (White Cap) arrived in the area, settling permanently in 1879 at a place called Moose Woods, now the Whitecap Dakota First Nation south of Saskatoon.

In 1876, facing the cataclysmic demise of the buffalo population, ravaged by new diseases and facing the prospect of having their territory overrun by new settlers, the Indigenous people of this area made the difficult decision to enter into Treaty with the British Crown.

One result of the signing of Treaty Six was that in 1882, the Temperance Colonization Society in Ontario was able to acquire a substantial grant of land along the South Saskatchewan River on which to establish an agricultural community based on ideals of the Temperance League, an organization opposed to the use of alcohol. In the summer of 1882, a party under John Lake surveyed the grant area and on the advice of Chief Whitecap chose what is now the Nutana neighbourhood as a town site and service centre for the new colony.

The first permanent Temperance Colony settlers arrived the following summer, travelling overland from Moose Jaw. In 1890, the Qu'Appelle, Long Lake and Saskatchewan Railway was built through Saskatoon, crossing the river at the site of the present-day Senator Sid Buckwold Bridge and making the journey to Saskatoon significantly easier. The QLLS station house and facilities were built on the west side of the river, setting the stage for further development there.

The precise origin of the name "Saskatoon" is not completely clear. Tradition has it that it was conferred by John Lake and is derived from the Cree word "misāskwatōmina", which refers to the Saskatoon berries that grow in such profusion here. Some sources, however, have suggested that the name for this area predates the founding of the Temperance Colony, and was given by Cree people who stopped here to cut the Saskatoon willow wands to use for arrow shafts. The word "misāskwat" refers to the willows and "manimisāskwatān" to the place where they are cut.

By 1899, Saskatoon consisted of a few houses on the east side of the river (the original Temperance Colony settlement), while on the west side was the station house, the section foreman's house, the Mounted Police barracks, a stone building, a hotel and about six other houses and shacks. In 1901, the west bank settlement was incorporated as the Village of Saskatoon. The settlement on the east bank renamed itself "Nutana". In 1903, Saskatoon was incorporated as a town and Nutana was incorporated as a village. The same year the first settlement began on the west side of the railway tracks in what is now Riversdale. The Village of Riversdale was incorporated in 1905.

When the Province of Saskatchewan was formed in 1905 there was some debate as to the location of the capital and of the University. It was felt by many that Saskatoon should be chosen as the capital, but eventually a compromise was reached whereby Regina became the seat of the government and the provincial University was placed at Saskatoon.

Saskatoon grew very slowly during its first two decades. In the early 1900s, however, settlers began coming into the area in large numbers and in 1906 following a period of growth, the three communities of Saskatoon, Nutana and Riversdale amalgamated to form the City of Saskatoon with a population of about 4,500 people. Saskatoon's aggressive business community persuaded other railway companies to locate here, allowing both people and goods to reach the City and surrounding district more easily. By 1911, the population had more than doubled and Saskatoon had become what is still today: a major distribution centre for the surrounding agricultural district. Municipal services expanded rapidly in this period, providing water and electrical services and, in 1913, a public transit system.

With its dependence on agriculture, Saskatoon has experienced many “booms and busts” throughout its history. The expansion of the mining industry in the 1970s and 1980s diminished this to some extent, and the future promises continued diversification through the emergence of more advanced technology industries and an increase in manufacturing, primarily to service the resource sector.

Saskatoon’s pioneers came mostly from Ontario or Great Britain, but the City is now home to people from around the world. This ethnic diversity is a dynamic component of the rich and diverse culture, which makes Saskatoon a unique and exciting place to live and work.

Historical Events 1882 – 2019

- 1882 John Lake and Company arrived.
- 1883 Town site surveyed.
- 1884 First ferry was operated across river.
Steam saw mill was set up.

Nov 21 – The city announced it had reached an eight year, \$46-million deal with Loraas Recycling to continue providing residential recycling services.
Dec 6 – Flags at all city facilities lowered for the National Day of Remembrance and Action on Violence Against Women.

History of Coat of Arms

During the year 1948, the question of the City's Coat of Arms was brought to the attention of City Council. It was pointed out that the design, which had been in use since being adopted by Council on January 20, 1913, was incapable of being described in proper heraldic language and, therefore, could not be formally adopted by bylaw. It was considered advisable that the City's Coat of Arms be properly adopted and approved and Professor A.L.C. Atkinson was requested to design a new Coat of Arms and Crest. This was adopted by Bylaw No. 3081 and approved by Order-in-Council No. 10049, dated January 14, 1949.

The heraldic description of "Blazon" is:

- Arms:** Per chevron vert and or, in dexter chief an open book of learning argent leathered sable, in sinister chief a cogged wheel of six spokes in saltire and fess of the third with overall a wheat ear of the second, in base a cross and saltire voided of the least with overall an annulet of the last encircling a bezant.
- Crest:** On a wreath of the colours a lion passant guardant or holding in his dexter paw a sprig of Saskatoon Berries (*Amelanchier Alnifolia* Nutt) proper.
- Motto:** On a scroll are the words "COMMERCE INDUSTRY EDUCATION" sable.
- Note:** The decoration flanking the shield is purely ornamental and is not mentioned in any blazoning. It is included (or omitted) both in particulars and in design according to the taste of the artist.

Symbolism of the New Coat of Arms:

1. The field (or background) of the shield is divided into two parts, the upper being green and the lower gold. This suggests the main agricultural background of Saskatoon – the green of growing crops, the gold of harvest.
2. The silver open book of learning bound in black leather, on a green field, is taken directly from the Arms of the University of Saskatchewan and marks the connection between the academic seat and the City.
3. The silver cogged wheel with golden wheat ear superimposed is significant of industry predominantly connected with agriculture.
4. The eight sets of paralleled black lines on the gold background, radiating from a hub, are symbolic of the importance of Saskatoon as a railway and distributing centre. The golden coin (or bezant) encircled by the hub is indicative of the commercial importance of the City.

Corporate Logo

The City of Saskatoon visual identity is the Corporation's face to the world: dynamic and capable of meeting the needs of a diverse, ambitious and growing city. It is more than emblems, symbols or colours: it represents our shared commitment to leadership, teamwork, partnership and dedication to the community. The above logo, in the form of the stylized "s" represents the first letter of Saskatoon and also portrays the Saskatchewan River as it flows through the city.

The City of Saskatoon logo may only be reproduced in in the following colours for the green symbol Pantone 561C or CMYK C:91 M:42 Y:68 K33 (web and digital conversions RGB - R:0 G:89 B:78 or HEX#: 00594E). It can also be used in all black or all white, depending on the background and usage.

The City of Saskatoon logo font is Utopia with "City of "using Utopia Italic and Saskatoon using Utopia Semibold.

City Council

City Council consists of a Mayor and ten Councillors, elected for a term of four years. (Commencing with the election held on October 24, 2012, the term of office is now four years). To be eligible to run for Mayor or Councillor of Saskatoon, a person must be a Canadian citizen, at least eighteen years of age, and have lived in the City of Saskatoon for at least three months and in the Province of Saskatchewan for at least six months. The only people not allowed to run for Office are judges of a court or an auditor or solicitor of a municipality.

The Province of Saskatchewan, through legislation, sets out the powers of municipal Governments. City Council's main powers are set out in *The Cities Act*.

City Council decides what programs will be delivered, the level of service, and the allocation of human and financial resources. The City Manager's role is to carry out the policy and directions set by City Council and to supervise the day-to-day operations of the City.

City Council meets once per month at 1:00 p.m. All decisions of Council are by a majority vote.

Community & Ward Boundaries Map

The City of Saskatoon's Strategic Plan 2018-2021

Cities and the issues they confront are constantly changing. While providing high-quality services such as roads, transit, parks, water, police, and fire will always remain at the core of what the City of Saskatoon does, emerging issues such as reconciliation, mental health and inequality have required our attention.

As the City matures and evolves, so too must our approach to delivering services that help build a more prosperous, safe, inclusive and sustainable community.

The 2018-2021 Strategic Plan identifies the most important priorities for the City and outlines actions necessary to achieve them. It is a living document that will guide the City over the next four years. It is a mechanism to proactively address opportunities and challenges as they arise in order to achieve our vision and mission, and sustain the high quality of life that we currently enjoy.

The foundation for our Strategic Plan was established in 2010 through the *Saskatoon Speaks* Community visioning process, and the subsequent adoption of the City's first long-term Strategic Plan in 2012. While this foundation remains solidly in place, the 2019-2021 Strategic Plan outlines the City's priorities for the next four years. It sets them out in a way that ensures that the City's programs and services will address the changing needs of the community, while keeping within our financial means.

To that end, this Strategic Plan sets our direction for the future, and will guide the City's first ever multi-year business plan and budget process starting in 2020.

Our Purpose and Values

Our Purpose

- We are making Saskatoon a great place to live, work, learn and play every day.
- We are creating a welcoming workplace where each of us are encouraged to realize our full potential.
- We are building a sustainable future upon our predecessors' legacy and history of success.
- We are exceptional in delivering public services.
- We are innovative and unleash creative solutions and investments that contribute to a great city.
- We adopt and support behaviours that reduce the environmental footprint of the city.

Our Values

Our Strategic Goals will be achieved through the talent, creativity and commitment of staff who demonstrate our six workplace values every day.

- People
- Respect
- Integrity
- Safety
- Trust
- Courage

Mayors of Saskatoon

- active transportation
- snow grading, removal and management
- any other related area

Special Committees

City Council may appoint special committees as required and provide for the membership and functions of such committees and to whom they shall report.

Council shall appoint the Chair of each special committee.

All meetings of special committees shall be called by the Chair, or in the Chair's absence, the City Clerk, whenever requested by a majority of the members of the special committee.

Advisory Committees

City Council completed a governance review of its Advisory Committees in 2018. A number of Advisory Committees were disbanded December 31, 2018 with others being created and reclassified. All Advisory Committee Terms of References were updated effective January 1, 2019.

Reclassified from Advisory Committees January 1, 2019

Naming Advisory Committee was reclassified as the Civic Naming Committee and no longer classified as an Advisory Committee

Social Services Subcommittee no longer be classified as an Advisory Committee

New Advisory Committee created January 1, 2019

Diversity, Equity and Inclusion Advisory Committee

Advisory Committees – January 1, 2019

Diversity, Equity and Inclusion Advisory Committee (DEIAC)

- established pursuant to Section 55 of *The Cities Act*; Council Resolution – November 20, 2017 and June 25, 2018.
- consists of 18 voting members.
- provide advice to City Council on policy matters relating to the following:
 - diversity and inclusion of all citizens within the community
 - emerging equity or diversity issues or trends arising in the community
 - initiatives to combat racism, acts of prejudice or hate in the community
 - initiatives to promote acceptance of all citizens of Saskatoon
 - consideration of the Calls to Action of the Truth and Reconciliation Commission in formulating City policies and initiatives
 - diversity in naming streets and City infrastructure
 - explore barriers faced in accessing city services, information, programs and facilities
 - explore barriers to participation in public life and achievement of social, cultural and economic wellbeing of residents
 - proposed City of Saskatoon policies, initiatives, and civic programs and services to meet changing needs of a diverse community
 - employment and employee awareness policies, initiatives, and civic programs
 - provides advice and recommendations on the development and contents of a new Diversity, Equity & Inclusion Policy.
- Monitors the success of the DEIAC and advises City Council on ways for the City of Saskatoon to increase success in working with community organizations, business and labour, all orders of government, and other stakeholders to create an inclusive and diverse community where everyone is welcomed and valued.

- provides education and awareness programs on diversity, equity and inclusion of all citizens in the City of Saskatoon in consultation with the Administration and within budget allocation by City Council.
- reports to the Standing Policy Committee on Environmental, Utilities and Corporate Services.

Municipal Heritage Advisory Committee (MHAC)

- established pursuant to Section 55 of *The Cities Act*; *The Heritage Property Act*, Council resolution – June 25, 2018.
- consists of 18 voting members.
- Provide advice to City Council relating to the following:
 - any matter arising out of *The Heritage Property Act* or the regulations thereunder and on Policy C10-020, *Civic Heritage Policy*.
 - changes to the criteria for evaluation of properties of architectural or historical value or interest with respect to heritage designation.
 - revisions to the list of buildings, sites or structures and areas worthy of conservation as set out in the *Holding Bylaw* or under the heritage database.
 - buildings, properties and artifacts to be designated under *The Heritage Property Act* or placed on the Saskatoon Register of Historic Places.
 - policies related to conserving heritage buildings, sites or structures and areas.
 - proposed changes or recommended changes to municipal legislation to conserve heritage buildings, sites or structures and areas.
 - ways to increase public awareness and knowledge of heritage conservation issues, and if the Committee so wishes and if a budget is provided by City Council, provide education and awareness programs within the mandate of the Municipal Heritage Advisory Committee, provided that the Administration is consulted prior to implementation of each program to ensure there is no duplication of services and that the proposed program supports the relevant policy.
 - any other matters relating to buildings, sites or structures and areas of architectural or historical significance.
 - buildings, sites or structures and artifacts owned by the City.
- provides advice to the City's Administration with respect to approval of alterations to designated heritage property or property for which a notice of intention has been registered pursuant to Bylaw No. 8356, *The Heritage Property (Approval of Alterations) Bylaw, 2004*.

- prepares and updates, in consultation with the Administration, a brochure and/or information on the City's website describing the Committee's mandate, membership, qualifications, recent activities, regular meeting schedule and how the public can contact the Committee.
- reports to the Standing Policy Committee on Planning, Development and Community Services.

Saskatoon Accessibility Advisory Committee (SAAC)

- established pursuant to Section 55 of *The Cities Act*; Council Resolution – July 16, 2017 and June 25, 2018.
- consists of 13 voting members.
- provides advice to City Council with respect to ensuring that City of Saskatoon services, information, facilities and infrastructure are accessible for citizens of all abilities.
- provides advice to City Council on policies and programs for improving accessibility to City services, information, facilities, infrastructure, and employment opportunities.
- develops sensitivity and accessibility awareness educational material.
- monitors implementation and administration of the Action Plan on Accessibility.
- review, evaluate and participate in an update of the Action Plan on Accessibility and advise City Council of progress in achieving the goals for improving accessibility to City services, information, facilities, infrastructure and employee awareness as recommended in the Action Plan.
- acts as a resource to City Administration respecting development and implementation of public relations campaigns to promote the City's efforts in making City services, information, facilities and infrastructure accessible to all individuals.
- reports to the Standing Policy Committee on Transportation.

Saskatoon Environmental Advisory Committee (SEAC)

- established pursuant to Section 55 of *The Cities Act*; City Council Resolutions of March 19, 1973; April 2, 1973; and June 25, 2018.
- consists of 13 voting members.
- Provide advice to City Council on policy matters relating to the following:
 - environmental implications identified in City undertakings, initiatives and other projects
 - waste reduction and diversion initiatives including food reclamation
 - pollution prevention
 - water conservation measures

- climate change mitigation and reduction of greenhouse gas emissions (e.g. energy conservation, renewable and alternative energy programming, energy efficiency and building standards, alternative transportation)
- wildlife or habitat conservation
- ecological systems and greenspaces
- support of alternative modes of transportation (e.g. carpooling initiatives, promotion of public transit options, walking, cycling).
- Monitor the success of the SEAC and to advise City Council on ways for the City of Saskatoon to increase success in working with community organizations, business and labour, all orders of government, and other stakeholders to promote environmental sustainability and good environmental practices within the City of Saskatoon.
- Provide education and awareness programs on all matters within its mandate in the City of Saskatoon in consultation with the Administration and within budget allocated by City Council.
- reports to the Standing Policy Committee on Environment, Utilities and Corporate Services.

Public Art Advisory Committee (PAAC)

- established pursuant to Section 55 of *The Cities Act*; City Council – Clause 6, Report No. 5-2014 of the Planning and Operations Committee; City Council – June 25, 2018.
- consists of 10 voting members.
- Adjudicate and approve works of art and the placement of public art on behalf of City Council and the Administration for placement in open space, civic facilities and other City-owned property (with the exception of the Remai Modern Art Gallery), in accordance with Policy No. C10-025, *Public Art Policy*.
- Provide advice to City Council on the:
 - purchase and donation of works of art
 - revision or development of any City policies regarding public art, memorials or commemorations.
- Provide advice to the Administration concerning the de-accessioning of artworks.
- Educate artists and community groups regarding the City's Public Art Program.
- Review location for appropriateness for memorials or commemorations, appoint members to the Commemorative Review Committee, and review and comment on artistic merit of a proposed commemorative work or proposed memorial in accordance with Policy C09-038, *Commemorations and Monuments Policy*.
- Consider the Calls to Action of the Truth and Reconciliation Commission in adjudicating, approving and placing works of public art or commemorations or memorials on behalf of City Council.

- reports to the Standing Policy Committee on Planning, Development and Community Services Committee.

Statutory Boards

Board of Police Commissioners

- provides for a policing service to maintain a reasonable standard of law enforcement, and to provide adequate and reasonable facilities required.

Saskatoon Public Library Board

- responsible for the general management, regulation and control of the municipal library.

Controlled Corporation Boards

The Centennial Auditorium and Convention Centre Corporation Board of Directors (TCU Place)

- provides for the operation and maintenance of a civic auditorium suitable to promote in the City all the performing and theatrical arts and to also provide suitable meeting hall and convention facilities.

Saskatchewan Place Association Inc. Board of Directors (SaskTel Centre)

- provides stewardship to the management of the corporation and discharge this responsibility by developing and determining policy by which the business affairs of the corporation are to be managed and by overseeing the management of the corporation.

The Art Gallery of Saskatchewan Inc. Board of Directors (Remai Modern Art Gallery of Saskatchewan)

- establishes, management, operation and maintenance of The Remain Modern Art Gallery of Saskatchewan in the City of Saskatoon and promotion of its facilities, amenities, works of art and programs for the benefit of the citizens of the City of Saskatoon and visitors;
- encourages the development and appreciation of the fine arts, with particular emphasis on the visual arts, including creation, collection, exhibition and presentation of the same, the provision of various educational, teaching and other programs and the lending and borrowing of works of art and art displays; and

- all things necessarily incidental to and reasonable connected with the above in relation to the operation of The Remai Modern Art Gallery of Saskatchewan as a provincially, nationally and internationally renowned art gallery.

Friends of the Bowl Foundation Inc. Board of Directors

- to identify facilities in the park in need of improvements, and to plan, fundraise and project manage these improvements on behalf of the city.

Gordie Howe Sports Complex Management Inc. Board of Directors

- to manage and operation the buildings and facilities of the Sports Complex.

Appeals Boards

Board of Revision

- deals with appeals arising from assessment procedures in accordance with Section 197 of *The Cities Act*.

Saskatoon Licence Appeals Board

- deals with appeals relating to licences issued under *The Business Licence Bylaw, 2002; The Licence Bylaw; The Adult Services Bylaw, 2012; The Taxi Bylaw, 2014; The Transportation Network Company Bylaw, 2018; and The Cannabis Business License Bylaw, 2006*

City Mortgage Appeals Board

- adjudicates all requests for forgiveness of City Mortgage that may arise out of the City's Lot Allocation Policy.

Access Transit Appeals Board

- provides an appeal process for those who are denied access to the Access Transit.

Development Appeals Board

- hears and determines appeals under various sections of the *Planning and Development Act 2007*. Appeals include minor variances, demolition control districts, architectural control districts, misapplication of the Zoning Bylaw in issuing a development permit, refusal to issue a development permit that would contravene the Zoning Bylaw, refusal of subdivision application and any of the conditions of a Zoning Order issued on the property.

Property Maintenance Appeals Board

- hears and determines the appeal of any person aggrieved by an order made by a Property Maintenance Inspector.

Saskatoon Private Swimming Pools Appeals Board

- hears and determines appeals filed against an order made by a municipal inspector pursuant to *The Private Swimming Pool Bylaw No. 7981*, in accordance with Section 329 of *The Cities Act*.

Environmental Management Appeals Board

- hears and determines appeals filed against an order made by a Municipal Waste Inspector.

Fire Appeals Board

- hears and determines the appeal of any person aggrieved by an Order made by a Municipal Inspector, pursuant to Bylaw No. 7990 - *The Fire and Protective Services Bylaw, 2001*.

Other City Agencies

Albert Community Centre Management Committee

- supervises the operation of the Albert Community Centre, reporting through the Standing Policy Committee on Planning, Development and Community Services.

The Marr Residence Management Board of Trustees

- manages all aspects of the Marr Residence property, with the objectives of maintaining and enhancing the historical integrity of the site, providing public access to the site, and providing heritage programs which increase public awareness of Saskatoon's heritage.

Civic Naming Committee

- to screen and make recommendations regarding requests from the general public for naming of municipally-owned or controlled facilities, streets, suburban development areas, neighbourhoods and parks, so as to ensure they meet Council guidelines.
- reports to the Standing Policy Committee on Planning, Development and Community Services.

Social Services Subcommittee

- makes recommendations regarding the allocation of funds in the social services category of the Assistance to Community Groups: Cash Grants Program.

Business Improvement Districts

There are 5 Business Improvement Districts:

Broadway Business Improvement District Board of Management
Downtown Business Improvement District Board of Management
Riversdale Business Improvement District Board of Management
Sutherland Business Improvement District Board of Management
33rd Street Business Improvement District Board of Management

Purpose:

- to improve, beautify and maintain publicly-owned lands, buildings and structures in the business improvement district, in addition to any improvement, beautification or maintenance that is provided at the expense of the urban municipality at large;
- to acquire, by purchase, lease or otherwise, any land and buildings necessary for its purposes and improve, beautify or dispose of that land and buildings;
- to promote the business improvement district as a business or shopping area;
- to undertake improvement and maintenance of any land for use as parking and may subsequently dispose of that land, by sale, lease, exchange or otherwise for public or private redevelopment for commercial purposes at a price not less than its fair market value;
- to conduct any studies or prepare any designs that may be necessary for the purposes of this section; and
- contribute monies to the City of Saskatoon in which it is located for the purposes outlined in each of the Business Improvement District Bylaws.

Corman Park – Saskatoon District Planning Commission

- to study matters relating to physical, social or economic circumstances that affect or may affect development of the Corman Park – Saskatoon Planning District

Municipal Planning Commission

- to advise and assist City Council with respect to all matters pertaining to community planning and development of the municipality

Saskatoon Municipal Review Commission

- to periodically review the conduct of all matters relating to municipal elections including the disclosure requirements respecting campaign contributions and expenses and campaign spending

limits for municipal elections; the Code of Conduct for members of Council; and the remuneration and benefits and any reimbursement or allowances for expenses to be paid to members of Council.

Outside Boards and Committees

Appointments to the outside Boards and Committee typically consist of it being a Council member nominated for appointment.

Canadian Urban Transit Association Board

- establishes public transit as the primary solution to urban mobility in the achievement of sustainable transportation and to assist its members in the fulfillment of their mandates.

Cheshire Homes (Management) Board of Directors

- establishes public transit as the primary solution to urban mobility in the achievement of sustainable transportation and to assist its members in the fulfillment of their mandates

Federation of Canadian Municipalities - National Board of Directors

- elections for the FCM National Board of Directors take place at the annual FCM Conference in June.

Federation of Canadian Municipalities - Standing Committees

- any elected official from an FCM member municipality may apply to be appointed to one of FCMs standing committees.

International Council for Local Environmental Initiatives – Local Governments for Sustainability

- a network of local governments working together to advance and achieve sustainability through the sharing of best practices and access to resources.

Leadership in Brownfield Renewal Program

- networks Canadian municipalities that are committed to bringing their brownfield sites back into productive use and helps municipalities understand, navigate and reduce barriers to brownfield redevelopment.

Meewasin Valley Authority

- controls riverbank development through the City of Saskatoon and the R.M. of Corman Park.

Meewasin Valley Authority Appeals Board

- hears appeals from any person who feels the Meewasin Valley Authority development plan has been misapplied in relation to his or her application or feels aggrieved with respect to any terms or conditions attached to an approval granted on an application.

North Central Transportation Planning Committee

- provides input and presents local concerns to government and industry regarding transportation plans for the region; maintains and improves transportation plans and communicates their concerns about the future of transportation.

Partners for the Saskatchewan River Basin

- a network of partners committed to increasing stewardship of the river basin.

Regional Oversight Committee

- provides direction on matters of regional importance, particularly those involving a financial commitment and for setting priorities for the Saskatoon North Partnership for Growth

Saskatchewan Assessment Management Agency – City Advisory Committee

- provides advice to the board, with respect to cities with greater than 30,000 population, on the following:
 - assessment policies and practices
 - legislative amendments required to implement a successful revaluation
 - appropriate communications strategies for implementing reassessment
 - any other matters referred to the Committee by the board

Saskatchewan Urban Municipalities Association Board of Directors

- represents the collective interests of local government in Saskatchewan;
- provides a forum for the discussion and promotion of those interests; and
- provides programs and services that work toward the general improvement of local government.

Saskatoon Airport Authority

- manages and controls the Saskatoon John G. Diefenbaker International Airport

Saskatoon Housing Initiatives Partnership

- to address the systematic barriers that impede the ability of the community to meet its varied housing needs.

Saskatoon Ideas Inc. Board of Directors

- incubator that offers space, advisory, and mentorship expertise to prospective entrepreneurs, increasing their chances of long-term success.

Saskatoon Prairieland Exhibition Corporation

- Community-driven, non-profit corporation that serves the needs of the community in agriculture, industry, entertainment, education, sports and culture.

Saskatoon Regional Economic Development Authority

- provides economic development services and representation and to act as the regional economic development authority for the remuneration.

South Saskatchewan River Watershed Stewards Inc.

- drafts and implements a Watershed Protection Plan that identifies interests and issues and ensures the protection of both water quality and quantity for the South Saskatchewan River Watershed.

Tourism Saskatoon – Board of Directors

- markets, promotes and positions the City of Saskatoon as a desirable visitor destination.

Trans Canada Yellowhead Highway Association

- to have the Yellowhead Corridor recognized and developed as a major component of Canada's national transportation system.

Wanuskewin Heritage Park Board of Directors

- responsible for the operation and development of Wanuskewin Heritage Park.

Pension Boards of Trustees

The City of Saskatoon General Superannuation Pension Plan

- administers matters related to the General Superannuation Plan. (Bylaw No. 8226)

The Retirement Plan for the Employees of the Saskatoon Board of Police Commissioners

- administers matters related to the Police Pension Plan (prior to January 1, 2016). (Bylaw No. 1913)

Saskatoon Police Pension Plan

- administers matters related to the Police Pension Plan (from January 1, 2016). (Trust Agreement - January 1, 2016)

Defined Contribution Pension Plan for Seasonal and Non-Permanent Part-Time Employees of the City of Saskatoon

- responsible for matters relating to the administration, interpretation and overall operation or application of the Plan. (Bylaw No. 8683)

The City of Saskatoon Fire and Protective Services Department Superannuation Plan

- administers the Superannuation Plan of the employees of the Fire Department (prior to January 1, 2016) (Bylaw No. 8225)

Saskatoon Firefighters' Pension Plan

- administers the Superannuation Plan of the employees of the Fire Department (after January 1, 2016) (Trust Agreement – January 1, 2016)

City Manager's Office

Jeff Jorgenson, City Manager

The City Manager is the chief administrative officer of the City of Saskatoon. The position is responsible for planning, directing, supervising, coordinating, and controlling all municipal operations as approved by City Council.

In addition to the requirements set out in *The Cities Act* and the City of Saskatoon's Administration Bylaw, the City Manager's responsibilities include:

- providing assistance and advice on various aspects of municipal operations;
- investigating and reporting on all matters referred by City Council and its committees; and
- submitting the capital and operating budgets for City Council's approval.

The City Manager is the direct supervisor of all Department Heads and through them, all Directors and civic employees, with the exception of the Boards and Controlled Corporations. This includes the appointment, promotion, demotion, and suspension of employees of the City, except those employees appointed directly by City Council.

Department Heads are responsible for those divisions within their jurisdiction, including the development of short- and long-term plans and objectives for services provided, as well as operational matters. They provide general direction and guidance with respect to departmental programs and budget preparation, and ensure that effective systems of control and information are in place.

The City Manager chairs the Administrative Leadership Team. The Administrative Leadership Team is comprised of the General Managers of Utilities & Environment, Transportation & Construction, and Community Services; the City Clerk, the City Solicitor, the Fire Chief, Chief Financial Officer, Chief Strategy & Transformation Officer, Chief Human Resources Officer, Chief Public Policy & Government Relations Officer, and the two past chairs for the Senior Management Team.

Administrative Leadership Team members participate in developing, implementing and monitoring corporate policies, administrative objectives and priorities, accomplishment of civic goals, and long-term strategic issues that may have an impact on the City as a whole.

Public Policy and Government Relations Office

The Office of Public Policy and Government Relations is primarily responsible for building and maintaining relationships with federal and provincial orders of government, municipalities, municipal associations, Indigenous organizations, think tanks and other relevant stakeholders. In performing this key function, the division analyzes key policy decisions, issues, and trends emerging from other orders of government, and public policy organizations, as they relate to the policies and operations of the City of Saskatoon.

These key functions include:

- reviewing and analyzing legislative changes;
- reviewing and analyzing federal and provincial budgets;
- reviewing and analyzing changes to government policies and programs with respect to the potential impact on the City;
- engaging key government officials on behalf of the corporation;
- interacting with municipal associations on behalf of the corporation; and
- supporting various advocacy efforts aimed at governments and other key stakeholders on issues related to the corporation.

The Office is responsible for conducting public policy research, development, and analysis relating to:

- economic theory and policy;
- national, provincial and local public policy issues;
- Indigenous related initiatives; and
- corporate governance.

In performing this function, it prepares issue briefings, discussion papers, and presentations for consideration by City Council, the Administrative Leadership Team, civic departments, and various external organizations.

Administration

The Administration is comprised of eight customer-facing departments and four strategic-partner functions, each containing the following divisions:

Utilities & Environment Department

General Manager – Angela Gardiner
Director of Saskatoon Light & Power – Trevor Bell
Director of Saskatoon Water – Russ Munro
Director of Water & Waste Operations – Brendan Lemke
Director of Sustainability – Jeanna South
Director of Facilities Management – Troy LaFreniere

Transportation & Construction Department

General Manager – Terry Schmidt
Director of Construction & Design – Matt Jurkiewicz
Director of Technical Services – Dan Willems
Director of Roadways, Fleet & Support – Goran Saric
Director of Saskatoon Transit – James McDonald
Director of Transportation – Jay Magus

Community Services Department

General Manager – Lynne Lacroix
Director of Building Standards – Kara Fagnou
Director of Recreation & Community Development – Andrew Roberts
Director of Community Standards – Jo-Anne Richter
Director of Parks – Darren Crilly
Director of Planning & Development – Lesley Anderson

Saskatoon Fire Department

Fire Chief – Morgan Hackl
Operations & Communications – Michael Ralston, Deputy Chief
Operations Section – Battalion Chiefs

- Len Protz, Battalion 1
- Steve Brissaw, Battalion 2
- Bill Riley, Battalion 3

- Rob Hogan, Battalion 4

Public Relations & Community Risk Reduction – Wayne Rodger, Assistant Chief

Staff Development and Safety – Anthony Tataryn, Assistant Chief

Logistics – Glenn Ledray, Assistant Chief

Emergency Management – Pamela Goulden-McLeod, Director

Corporate Financial Services

Chief Financial Officer – Kerry Tarasoff

Director of Corporate Revenue – Mike Voth

Director of Finance – Clae Hack

Director of Supply Chain Management – Scott Eaton

Director of Saskatoon Land – Frank Long

Corporate Risk Manager – Nicole Garman

Strategy & Transformation

Chief Strategy & Transformation Officer – Celene Anger

Director of Communications & Public Engagement – Carla Blumers

Interim Director of Indigenous Initiatives – Warren Isbister-Bear

Director of Information Technology – Paul Ottmann

Director of Organizational Strategy Execution – TBD

Human Resources

Chief Human Resources Officer – Sarah Cameron

Director of Labour Relations – Marno McInnes

Director of Human Resources Operations – David Smith

Director Human Resources Strategy & Partnerships – Vacant
Manager, Health and Safety – Amanda Conway

Public Policy & Government Relations

Chief Public Policy & Government Relations Officer – Mike Jordan

Office of the City Clerk

Joanne Sproule – City Clerk

The primary responsibility of the City Clerk's Office is to administer the City's legislative processes. Other responsibilities include:

- Preparing and distributing agendas and minutes, and disseminating decisions of meetings of City Council and its committees;
 - Ensuring that the business of City Council and its committees are conducted in accordance with the provisions of *The Cities Act* and other relevant legislation;
 - Maintaining corporate records, including bylaws, agreements and contracts;
 - Administering a corporate archives;
 - Responding to research requests of the public and the administration;
- Providing administrative support services to City Councillors;
 - Conducting municipal elections; and
 - Administering the provisions of *The Local Authority Freedom of Information and Protection of Privacy Act*

Elections – Historical Background

Starting with the election held in 2012, elections in Saskatoon are held every four years, on the fourth Wednesday of October. Previously, elections were held every three years and until 1970, Municipal elections in Saskatoon were held annually. As of 2020, municipal elections are held the second Wednesday of November, unless that date is Remembrance Day in which case election day is the Monday preceding.

For most of Saskatoon's history, municipal elections were held in the late fall, with the new Council sworn in at the first meeting of the New Year - since the 1976 election, the new Council has been sworn in immediately following the municipal election.

Saskatoon used the ward system – where electors vote only for candidates in their own ward – in the annual elections from 1906-1920. The city switched to the “-at-large-” system beginning with the December 12, 1921 election. Under the at-large system, electors vote for all candidates - city-wide. Saskatoon used the at-large system until 1970, returned to the ward system for elections from 1973-1985, went back to the at-large system for the 1988 and 1991 elections, then returned once more to the ward system.

Then as now, by-elections could be held at any time to replace members of Council who did not complete their terms, with the successful candidate being sworn in immediately and serving until the original term was up.

Until 1954, mayors served for one year only. Aldermen served two-year terms, with five of them elected each year. Starting with the 1954 election, mayoral terms were increased to two years. Beginning with the election of December 2, 1970, the Mayor and Council were all elected to three-year terms.

On November 9, 1992 City Council voted to replace the term “Alderman” with “Councillor.”

Saskatoon City Council, ca. 1912 (City Archives Photo)

Election's (Held) Statistics

Year	Number/Names/Particulars	No. Voted	%
1912	8,575	1,759	20.5
1922	14,748	3,228	21.9

Office of the City Solicitor

The Office of the City Solicitor provides general and specialized legal services for the City.

The major areas of responsibilities and duties of the City Solicitor's Office are as follows:

- To attend and provide legal advice to City Council and to Committees of Council.
- To provide legal advice to the Office of the City Manager, the Office of the City Clerk, to all other City Departments and to the City's Boards.
- To represent the City at all levels of court and before various Administrative Tribunals.
- To provide all Legislative drafting services and to conduct all bylaw enforcement prosecutions and appeals for the City.
- To carry out a wide variety of legal work such as land transactions, contracts, loans and debentures, expropriations and tax collections, and to provide other necessary legal support services which may be required by Council, the City Manager, the City Clerk, City Departments and the City's Boards.
- To arrange for insurance for the City and to deal with all claims made against the City.
- To provide a point of contact for the legal community, including legal departments from other towns and cities, and respond to communications from the legal community.
- To use its breadth of experience which spans all departments and operations, to bring together diverse aspects of City operations as needed in order to assist various departments achieve their goals and improve service, both internally and to the public.
- To provide advice and assistance to all departments with making plans and decisions that accord with prevailing law and practices in the legal and business world.

Strategy & Transformation Department

The Strategy & Transformation Department's mandate is to support and lead major change projects in the organization; and provide cross-departmental support in the areas of Communications & Public Engagement, Indigenous Initiatives, Information Technology, Customer Service, Organizational Performance and Strategic Program Development.

Strategy & Transformation is comprised of four divisions: Communications & Public Engagement, Indigenous Initiatives, Information Technology, and Organizational Strategy Execution.

Communications & Public Engagement

Communications & Public Engagement's primary focus is to ensure timely and meaningful exchange of information with internal and public audiences through traditional and new digital communication channels. The division's centrally managed functions include: Communications (corporate, public and employees), Marketing, Creative Services (Graphic Design), Media Relations (including social media), and Public Engagement (corporate including the Civic Services Survey, Citizen Advisory Panel, public and stakeholder management).

Communications & Public Engagement assists with engaging and informing the public of the City's operations and initiatives through reports to City Council, information campaigns, saskatoon.ca and City social media channels (Twitter, Facebook, Instagram and YouTube). Communications & Public Engagement guides the distribution of corporate news releases and public service announcements, as well as City-related information for journalists. The division is responsible for training City spokespeople to be effective communicators with the news media.

Communications & Public Engagement also coordinates its activities with the Emergency Measures Organization (EMO) to support the Emergency Public Information Plan and *Notifynow* emergency alert system. Communications & Public Engagement periodically consults and co-operates with Saskatoon Police Service Public Affairs officials when certain bylaw initiatives need to be communicated to the public through the news media.

Indigenous Initiatives

In 2019, the function of Indigenous Initiatives (formerly, Aboriginal Relations) was added to the Department.

Indigenous Initiatives is primarily responsible for building and maintaining relationships with the Indigenous community, Indigenous governments, and guiding the implementation of the Truth and Reconciliation Commission's Calls to Action along with responding to the Missing and Murdered Indigenous Women & Girls Calls to Justice.

This division focuses on:

- Reviewing and analyzing changes to all levels of government policies, programs and services that impact the lives of Indigenous people in Saskatoon;
- Leading policy and framework development that provides the foundation for the achievement of the City's commitment to building a caring, inclusive, and welcoming city where Indigenous residents have a sense of purpose, belonging, identity and culture;
- Developing productive and strategic relationships with the local Indigenous community and Indigenous governments;
- Facilitating the engagement of a variety of workgroups across the corporation, and collaboration with stakeholders outside the organization, including business, institutions, non-profit agencies, other orders of government, and other municipalities in the region supporting the inclusion of Indigenous citizens; and
- Supporting coordination and collaboration in the areas of programs, services, and community engagement, which assists in advancing local Indigenous community priorities.

Information Technology (IT)

Information Technology (IT) operates as a strategic business partner providing a full suite of professional services to support the Corporation's goals and enable citizens through the use of technology. The division consists of a formal Project Management Office, Business Solutions, Technology Infrastructure Services, Client Support, Data, Assets and Shared Services.

Project Management Office and Business Solutions is committed to advancing the organization's strategic goals and objectives through efficient delivery and alignment of key business and IT operational projects. We have a dedicated team of Project Managers, Change Management and Business Analysts focused on ensuring that priority projects are delivered on schedule, on scope, and on budget. Business Relationship Management builds strategic partnerships with the civic departments to facilitate strategy development, planning, and the delivery of Corporate Information Systems. This includes implementing community facing applications and internal business systems that support the business. Document sharing, Web Services (Saskatoon.ca), Leisure Services, Financial Information Services, and Revenue

Information Services are part of the Information Technology solutions that support innovation and continuous improvement in the delivery of services to the public.

Technology Infrastructure Services delivers IT solutions and services through an enterprise collection of hardware, software, networks, data centers, facilities and related equipment. In addition to ensuring sustainable future growth, this team is responsible for security, database administration, e-mail services, unified communications, office productivity suite, backup of the operations environment, and management of the corporate network.

Client Support delivers technology incident and problem management to the organization. IT leverages a Business Service Catalogue to ensure services are properly provisioned and supported. The Corporation's end-user computer experience and overall functioning of the corporation's daily operational processes resides in the infrastructure realm.

Data, Assets and Shared Services is committed to advancing the organization's strategic goals and objectives through delivering effective program in managing the corporations IT software and hardware assets. This team leads the data analytics strategy for the corporation. The team is accountable for the strategic development and supports of a number of shared services and platforms across the Corporation, including Geographic Information Services, and Web Services (saskatoon.ca).

Organizational Strategy Execution

Organizational Strategy Execution consists of Organizational Performance, Service Saskatoon, and Race Relations & Cultural Diversity. The division provides tools, services and supports to the organization in becoming more adaptive and responsive to the changing needs of citizens, and business requirements.

Organizational Performance supports civic work groups in solving complex challenges through innovative and collaborative means. Programming and service delivery within the section is highly interdisciplinary and uses tools and methods from strategic planning, continuous improvement, user-centred service design, change management, and business analysis in order to help staff work smarter and improve service to citizens. Current focus areas for the section including designing and implementing organizational quality, asset, strategic and business planning and portfolio management systems.

Service Saskatoon is responsible for the delivery, application and implementation of the Service Saskatoon model for an improved process of service delivery. The model is built on four pillars: Citizen Input, Systems, Standards, and Staffing.

The City is committed to the Strategic Goal of Continuous Improvement and the Service Saskatoon model supports this goal through a focus on improving customer service delivery for an enhanced citizen experience. It's about helping citizens connect to the right people and information quickly, simply and seamlessly. It's a City-wide shift in how we deliver front-line services, respond to requests, and improve services into the future.

The Service Saskatoon Vision is built on the principle that all employees are Service Ambassadors - regardless of their position. All employees are engaged in either the direct delivery of various citizen facing programs and services, or supporting those employees who are. We are all Service Ambassadors engaged in providing an improved customer experience. This is further supported by the Code of Citizen Service, upcoming service matrix and various internal customer service training workshops for all employees.

The Manager of Service Saskatoon continues work with divisions for the on-going development and documentation of their levels of service for inclusion in the corporate knowledge base. The knowledge base is the critical and fundamental building block for the enterprise Customer Relationship Management (CRM) system which is the technology centerpiece of the Service Saskatoon model. The CRM will help the City manage citizen requests and inquiries more efficiently and effectively and supports the City's goal to make it easier for citizens to access information, request services, and track their service request progress from start to finish.

The acquisition and implementation of the permanent enterprise CRM software is being reviewed in 2020 to determine the implementation plan. A CRM software system is a critical piece of the plan for an improved citizen service experience.

Service Saskatoon continues to provide leadership for the operation of the sasktoon.ca website and digital services for citizens. In 2020, the website will be undergoing a move to the cloud and potential upgrade of the website operating system. Citizens will also see a significant improvement with a new website search tool.

Service Saskatoon is also leading a project to implement a Corporate Contact Centre phone solution and the relocation of the 24 hr Customer Care Centre to City Hall. The most exciting news is the re-design of City Hall lobby to be more interactive, easy to navigate and welcoming.

Cultural Diversity & Race Relations (Anti-Racism)

Within Saskatoon, issues of inequality and racism are deep rooted and complex, requiring an analysis, not only of racism, but other closely related concepts that can create barriers to achieving the City's corporate Strategic Goals of Quality of Life and Continuous Improvement, as well as the community outcome statements contained within the CDRR Policy No. C10-023, the adherence to the CMARD commitment principles, the City's commitment to meet the performance targets set by Saskatchewan Human Rights Commission guided by the Human Rights Code and finally the Truth and Reconciliation Calls to Action that pertain specifically to municipal governments.

The Cultural Diversity & Race Relations Office continues to increase public awareness and recognition of racism in Saskatoon, working to develop a better understanding of how to eliminate racism, and educate the public on mitigating racism and finally, to engage citizens and spark a dialogue in the community.

In the context of municipal government, anti-racism practice will involve: developing new policies and procedures; anti-racism education for staff professional development; reviewing hiring practices to ensure diversity; examining corporate training material to identify racial bias; developing anti-racism training material, resources, and strategies; and ensuring inclusive practice.

Corporate Policy Review

The Cultural Diversity & Race Relations Office in collaboration with Pro-bono Students Canada continues to review of City of Saskatoon policies using an equity and inclusion tool that was developed in 2017.

Public/Community Network, partnership building-SARN

The City of Saskatoon, in partnership with the broader community, is in the first stage of developing an Anti-Racist Network in Saskatoon. The purpose of this project is to build upon the work to date of anti-racism practitioners and to detail the process and model for an anti-racism network in the Saskatoon context.

Human Resources

Human Resources

Human Resources provides services to the civic departments and boards designed to support and enhance employee performance. Beginning in 2019 HR began a multi-year transformation focused on developing capacity to support a strategic approach to talent management founded in best and leading practices. 2020 will see a focus on the implementation of a new operating model for HR, the streamlining of services through process efficiency and technology and the development of strategic talent management expertise in key areas.

Labour Relations provides professional advice to Committees of Council, Boards, senior management, management and supervisors about employee and labour relations issues, including the interpretation and application of labour legislation, arbitral jurisprudence, union contracts and other matters related to collective bargaining.

HR Operations provides strategies to attract, motivate and retain employees. Delivers in-house expertise and administration related to compensation, benefits, work-life balance, and employee recognition and is responsible for the provision of timely and effective recruitment and selection support for the Corporation. HR Operations leverages data collection, reporting and evaluation techniques to enhance evidence-based decision-making for leadership and key decision makers.

HR Strategy & Partnerships provides front line support, coaching and advice to leaders across the organisation. Best practice experts work collaboratively across HR and with leaders in all areas of the organisation to develop people centered programs, strategies and tools which support the Corporations' holistic talent management strategies including, Diversity & Inclusion, Employee Engagement, Learning, Leadership Development, Employee Development.

Occupational Health and Safety is responsible for leading the development of the Corporate Health and Safety Management System and the establishment of implementation strategies with all departments and divisions to ensure a corporately consistent approach to health and safety. Through incident tracking and analysis OHS assists in developing tactical plans to reduce the severity and frequency of safety incidents throughout the organization. As health and safety subject matter experts Occupational Health and Safety provides corporate leadership and is the key contact on correspondence and issues with outside agencies related to health and safety. Occupational Health and Safety also provides support for employees, supervisors and managers through the Health Management Program.

Community Services Department

Building Standards

Building Standards issues building, plumbing, occupancy permits, and administers inspection programs related to regulations contained in the Building Bylaw, the Swimming Pool Bylaw, the Uniform Building and Accessibility Standards Act, the National Building Code, the National Energy Code for Buildings, and the Plumbing and Drainage Regulations.

Building permits are issued and inspections performed to ensure individuals have safe and healthy places to live and work. Plumbing permits are issued and inspections performed to ensure individuals are not at risk due to contamination of the potable water supply or subjected to disease through exposure to sanitary waste. The extent of compliance assurance provided by the residential inspection program is governed through City Council policy that establishes the parameters of inspections and resources to be applied.

The Building Standards also processes requests from property owners, solicitors, and realtors for Property Information Disclosures, Encroachment Agreements, and Civic Addresses.

Community Standards

The objective of the Community Standards Division is to support a healthy and vibrant community by ensuring that reasonable community standards are maintained throughout the city, as articulated in bylaws and policies approved by City Council. The division brings together a continually adapting business unit that seeks to deliver streamlined licensing, permitting, and bylaw enforcement functions throughout the corporation. An effective delivery model for these services ensures enhanced customer service, which in turn supports the effective maintenance and promotion of the community's expectations and standards.

The division is made up of three distinct sections listed below. The role of the division continues to evolve, and aspects of achieving the corporate alignment model of these services are still in ongoing development. The division will continue to explore potential options to assume other municipal licensing, permitting and enforcement functions where such changes would be beneficial.

The Licensing and Permitting Section ensures compliance with regulations through licensing under the Zoning Bylaw, Business License Bylaw, Cannabis Business License Bylaw, Adult Services Licensing Bylaw, Taxi Bylaw, and Transportation Network Company Bylaw, as well as several council policies.

Current section responsibilities include:

- Reviewing applications for new business licenses as well as annual renewals to ensure that City land use, development, and building standards, as well as any provincial licenses requirements are met;
- Licensing and inspecting taxicabs, taxi drivers, taxi brokers and Transportation Network Companies to ensure compliance with the Taxi Bylaw and Transportation Network Company Bylaw;
- Conducting amendments to related bylaws and policies ;
- Collecting and disseminating critical licensing and business data for various publications and responding to data requests from both within and outside of the corporation;
- Publishing the Business Start-Up Guide, Business Profile, Employment Profile and other business publications; and
- Reviewing applications for sidewalk cafes, mobile food trucks and food carts.

The Bylaw Enforcement Section ensures a streamlined consistent delivery of bylaw enforcement services across the city. This includes effective intake of complaints, data tracking, and uniform inspection delivery including appropriate follow-up.

Current section responsibilities include:

- Providing development permit enforcement, reviewing and issuing permits to legalize existing suites, investigating land use complaints, and enforcing municipal bylaws;
- Reviewing and issuing sign permit applications;
- Inspecting and enforcing street use, right-of-way, and sidewalk activities;
- Inspecting and providing mediation advice and enforcement related to drainage development and non-compliance; and
- Providing sewer use education, permitting and enforcement.

Ongoing section development continues to explore the appropriate inclusion of other distributed enforcement functions including:

- Environmental protection compliance associated with administration of the Waste Bylaw; and
- Lower priority property maintenance concerns in conjunction with Saskatoon Fire.

The Parking Services Section provides a coordinated approach to the provision, regulation, enforcement, and collection services related to parking in the city. Section responsibilities include:

- Administering the full range of types of parking permits (e.g. permits for Disabled Persons, veterans, special events, temporary reserved parking) and inventories;
- Maintenance and operation of parking meter infrastructure;
- Parking meter revenue collection;
- Managing enforcement compliance via the City's Impound Lot;
- Administering the Residential Parking Permit (RPP) program; and
- Providing enforcement of all parking related matters through the Traffic Bylaw (7200).
- Managing civic parking inventory;
- Policy and bylaw updates to ensure regulations are appropriate to current needs.

Recreation and Community Development

The Recreation and Community Development Division provides a wealth of opportunities for citizens to participate in and enjoy the benefits of sport, culture, recreation, and wellness activities. The division provides the supportive environment to help build capacity and empower people of the community to organize themselves for planning and action. Also, to help encourage as many citizens as possible to take advantage of the activities available, the division operates a number of facilities, provides direct services and programs, and provides support to community-based organizations involved in delivering programs and services.

Recreation and Community Development Division:

- Provides leadership development, organizational development, and volunteer support services to help build the capacity of Saskatoon's 47 community associations. These volunteer-run, non-profit organizations deliver affordable sport, recreation, culture and park programs in their neighbourhoods.
- Provides sport and recreation facilities and customer service functions of registration and booking for indoor rinks, sports fields, six leisure centres, the Terry Fox Track, Nutrien (PotashCorp) Playland, the four outdoor pools, three municipal golf courses, and Gordon Howe Campground.
- Provides sport, recreation, and wellness activities that provide the public with a broad range of recreation opportunities.
- Works with external sport and community organizations in the development of outdoor sport facilities, park programming, and special event coordination.
- Provides staff support to help build capacity in the Saskatoon arts and cultural community with funding supports, program initiatives, promoting partnerships and collaboration.
- Provides support to the Indigenous community with respect to sport, culture, and recreation initiatives through leadership development, grant funding, and program delivery.
- Promotes partnerships and collaboration between organizations through social planning tables. Through Immigration Partnership Saskatoon, the Collaborative Funders Partnership, the Saskatoon Poverty Reduction Partnership, and the Safe Community Action Alliance, the division also facilitates information sharing and collaboration that strengthens groups, promotes inclusion, and addresses issues pertinent to marginalized populations.

- Provides an opportunity to be educated on the history of the Saskatoon Forestry Farm Park and Zoo while experiencing the importance of and learning about North American plants and wildlife up close.
- Coordinates the strategic planning processes and direct delivery of programs which focus on addressing barriers to participation, identifying leisure preferences, and increasing participation in sport, culture, recreation, and park programs including a focus on participation by target populations; namely, aboriginal, youth, people with disabilities, seniors, and low-income families.
- Provides accessible (no cost or low cost) programming opportunities through summer playground, skateboard and youth centre programs, and through Leisure Access Program for low income residents.
- Administers various grant programs to non-profit, volunteer, community-based organizations that deliver sport, culture, recreation, and social programs within the city as well as supports to major sport, cultural, and recreation special events.
- Oversees the placement, maintenance, and inventory of City-owned public art throughout the city.
- Advisory role on acquisition, disposition, and use of municipal reserve for the purpose of public recreation.
- Assists in the preparation and coordination of an emergency response plan for use of facilities in Saskatoon as reception centres.

City of Saskatoon – Inventory of Recreation and Leisure Facilities

283 Sport Fields:

- 24 baseball diamonds (2 with grandstands)
- 150 softball diamonds (2 with grandstands)
- 107 soccer/football fields (2 with large size bleachers)
- 2 cricket pitches

1 Football/Soccer Stadium:

- Saskatoon Minor Football Field

216 Parks:

- 161 parks with lighting
- 28 parks with basketball courts
- 2 parks with active private lawn bowling clubs
- 1 park with fitness trail

45 Tennis Courts (42 outdoor, 3 indoor – Field House)

Summer Playground Units:

- 30 padding pools with recreation units
17 spray pools
- 2 travelling playground vans (travel to parks with no formal playground program)

8 Skateboard Sites:

- Lions Skate Park – Victoria Park
- 7 neighbourhood skateboard sites

194 Play Structures:

- 188 metal & composite
- 1 older style wooden
- 5 destination accessible playgrounds

1 Bike Polo Court:

- Optimist Park

23 Pickleball Courts:

- 5 outdoor locations (12 courts on existing tennis courts),
- 1 indoor location (Field House – 11 courts on existing tennis courts)

1 Equestrian Bridle Path:

- Diefenbaker Park

4 Outdoor Swimming Pools:

- George Ward Swimming Pool
- Lathey Swimming Pool
- Mayfair Swimming Pool
- Riversdale Swimming

3 Golf Courses:

- Holiday Park Golf Course
- Silverwood Golf Course
- Wildwood Golf Course

1 Children's Amusement Park:

- Nutrien (PotashCorp) Playland at Kinsmen Park

11 Youth Centres (programming space within schools):

- 4 of these centres are Me Ta We Tan Centres dedicated to Aboriginal culture and open year round

6 Indoor Rinks:

- ACT Arena (2 surfaces)
- Archibald Arena
- Cosmo Arena
- Kinsmen Arena
- Lions Arena

50 Outdoor Community Skating Rinks – City supported (owned/operated by Community Associations)**6 Indoor Leisure Centres / 3 Indoor Walking Tracks:**

- Cosmo Civic Centre
- Lakewood Civic Centre
- Lawson Civic Centre
- Harry Bailey Aquatic Centre
- Shaw Centre (with walking track)
- Saskatoon Field House (with indoor track)
- Terry Fox Track (within SaskTel Sports Centre)

1 Urban Campground:

- Gordon Howe Campground

2 Disc Golf Courses:

- 18 hole course Diefenbaker Park
- 9 hole course Donna Birkmaier Park

4 Indoor Swimming Pools:

- Harry Bailey Aquatic Centre
- Lakewood Civic Centre
- Lawson Civic Centre
- Shaw Centre

1 Outdoor Speedskating Oval:

- Clarence Downey Speedskating Oval

11 Off Leash Recreation Areas (Dog Parks):

- Avalon
- Caswell
- Fred Mendel
- Hyde Park
- North of Hampton Village
- Chief Whitecap Park
- Paul Mostoway Park
- Pierre Radisson Park
- Silverwood
- South West
- Sutherland Beach

1 Zoo:

- Saskatoon Forestry Farm Park and Zoo

2 Picnic Shelters:

- Kinsmen Park
- Forestry Farm Park

Parks

The Parks Division is responsible for developing, preserving, and enhancing City of Saskatoon's investment of its parks system and civic open spaces. This is accomplished through policy development, maintenance standards, public education process, community gardens, educational program development, developing safety standards and policies, conceptual planning, design and construction, consultation with both private and public stakeholders, and project management.

Parks operates through the following functional programs:

- Sport Field and Irrigation Programs are responsible for providing landscape construction and maintenance activities associated with over 400 irrigation services, and 273 sport fields. This program also manages the Circle Drive mowing contract that cuts approximately 400 ha of grass adjacent to Circle Drive and other major high speed roadways within city limits.
- The Greenhouse and Conservatory Program is responsible for providing and maintaining floral displays for public viewing and/or landscape enhancement at the Civic Conservatory, City Hall, and other civic facilities, as well as major public roadways, parks, and public open spaces. The Civic Conservatory was closed in 2018 due to construction of the adjoining Children's Discovery Museum. A report will be presented to City Council in 2020 outlining potential programming ideas and renewal of the Conservatory.
- The Parks and Open Space Maintenance Program is responsible for the maintenance of all turf areas, shrub beds, park trees, litter control, park playground sand/engineered wood maintenance, park parking lot gravel maintenance, park pathway maintenance (including snow removal), and maintaining cross country ski trails.
- The Urban Forestry Program is responsible to maintain a healthy urban forest by maintaining a comprehensive tree inventory, producing diverse and quality stock in the civic tree nursery, managing sustainable planting programs, and providing ongoing cyclical pruning operations. Additionally, the program promotes the benefits of trees in the environment through public relations, fostering partnerships, and educational activities.
- Urban Biological Services provides control and inspection services to manage invasive plant and animal populations through the following activities:
 - Monitoring and treating mosquito habitat and collaborating with the Saskatchewan Ministry of Health to have mosquitoes tested for the West Nile virus.
 - Monitor the urban forest for harmful insects and diseases, including Dutch elm disease, Dothiorella wilt, Cottony ash Psyllid, ash bark beetles, and Emerald ash borer.
 - Control populations of Richardson ground squirrels on City-owned property.

- Provides solutions for conflicts with urban wildlife, including informational and trapping services.
- Enforce the Weed Control Act and Dutch elm disease Regulations through inspection and issuance of orders and agreements; and
- Provision of scheduled and reactive weed control service levels on hard surfaces.
- The Park Design Services Program is involved in the planning, design, and development of public lands which includes parks. The core area of responsibilities include planning, estimating and administration of capital budgets, conceptual and detailed design, project management, internal and public consultation, development and implementation of landscape construction standards, and the collection and maintenance of “as-built” data.
- Woodlawn Cemetery has been operated by the City of Saskatoon since 1906. The 94 acre landscaped property is centrally located on a well-forested site. A variety of options are available at the cemetery for both casket interments and cremated remains, memorialization services, and pre-purchases. Woodlawn Cemetery also maintains Nutana Pioneer Cemetery, a heritage site that has been closed since 1911. Woodlawn Cemetery’s mandate is to provide cost recovered cemetery services to the public at reasonable and relatively stable market prices.
- The Naturalized Area Management Program contributes to the enhancement of biodiversity within the City through the implementation of specialized natural area management plans. This section also promotes the benefits associated with naturalized areas creating awareness of the value of these areas to various internal and external stakeholders.

Parks within the city limits, with area of each, are as follows:

Planning and Development

Planning and Development is responsible for overall land use planning for the City of Saskatoon. The primary goal of the division is to build an increasingly sustainable community over time, with an enhanced quality of life, consistent with the vision and core strategies of the City's Strategic Plan. Through community engagement and consultation, the division seeks to understand the values of the community, and reflect those values through the implementation of development policies, programs, bylaws and standards.

The mandate of the division includes primary responsibilities for promoting sustainable development practices, revitalizing existing communities, and providing review and approval processes for any and all development in the city. In addition, the division is responsible for maintaining and administering the Official Community Plan and the Zoning Bylaw, as well as developing guiding plans, such as the Growth Plan to Half a Million. With partners in the Region, the division has also helped to develop the new Saskatoon North Partnership for Growth Regional Plan. In addition, the division is responsible for providing urban design, attainable housing, community safety, community and demographic research, and heritage management services. The division works with community, business, First Nations and regional partners to foster mutually supportive relationships and sustainable development throughout the City and region. The division consists of five sections further described below.

The Long Range Planning Section is responsible for the preparation and administration of the City of Saskatoon Official Community Plan. The Official Community Plan provides the main land use and development policy framework to guide orderly urban development and future growth to a population of 500,000. The Long Range Planning Section prepares long range growth plans for the City, including the preparation of Sector Plans.

The Regional Planning Section manages all aspects of district and regional planning with the Rural Municipality of Corman Park and other regional partners. This section is also responsible for alterations to the City's boundaries. The section works with First Nation partners in the Treaty Land Entitlement process and other aspects of First Nation development initiatives in the City and region. This section also provides population projections, strategic trends analysis, community research and publications, quality of life indicators, neighbourhood profiles, and GIS and mapping services.

The Neighbourhood Planning Section is responsible for the sustainability of existing areas of the City, primarily through local area planning efforts, attainable housing programs, neighbourhood revitalization projects, urban design and streetscape enhancement and community safety. Local Area Plans employ citizen participation to identify goals and actions for neighbourhood-based improvement over the long

term. The section plays a leadership role in the development of attainable housing, including partnerships with Provincial agencies, the private sector, and community-based organizations. Neighbourhood Planning also administers the Façade Improvement Program and the Vacant Lot and Adaptive Reuse Program which helps to facilitate specific neighbourhood revitalization projects. The section coordinates all Crime Prevention Through Environmental Design (CPTED) efforts by undertaking specific community safety audits, completing CPTED reviews for all major civic projects, as well as coordinating all safety-related recommendations from Local Area Plans.

The Urban Design Program is mandated to make improvements to the public realm through streetscape enhancement projects and main street/corridor improvements to make Saskatoon's business districts and major streets more walkable, liveable, attractive, and distinctive.

The Development Review Section facilitates the orderly use and development of property in accordance with accepted community standards contained in the City's Zoning and Subdivision Bylaws. The section serves as a resource to individuals, businesses, government agencies, and community groups seeking to pursue their respective development proposals, including interpretations of bylaws and policies, information on land use and development options, and information on project time lines for development approval. Development Review reviews neighbourhood concept plans and direct control district applications, reviews subdivision, rezoning, discretionary use, development permit applications, issues compliance letters for cell tower installations, as well as reviews applications for both new and converted condominiums. Design guidelines specific to Architectural Control Districts and infill development are also administered by this section. In addition, the section encourages the conservation of heritage property through research, formal property designations, financial incentives, and public awareness programs.

The Planning Project Services Section functions as an internal service provider to both support and deliver city planning and development projects on behalf of the Planning and Development Division. It consists of a skilled and diverse labour pool that uses project management best practices, through an urban planning lens.

2018	278,500
2019	272,200

Note 1

The Saskatchewan Health Medical Services and Health Registration (SHMSHR) June 30 figure is the annual reported covered population figure for Saskatoon. **The years with an asterisk beside them indicate the years of sticker renewal program by Saskatchewan Health.** The three year cycle for Health Card validation stickers was implemented in 1990. In the sticker base year the addressing of the population is accurate, in the next three years the records will not necessarily reflect all changes in addresses. In the third year stickers are mailed which results in a check on addresses, the fourth year population numbers reflect this check, and report decreases in Provincial Populations.

Note 2

Beginning in 2009 the Community Services Department estimated the June 30 population by using the Census Metropolitan Area estimate provided by Statistics Canada. This methodology was backtracked to 2006 in order to make a smooth transition from the prior methodology used. Using Statistics Canada data is beneficial as it provides for consistency with other indicators such as labour force and employment data, which is also provided by Statistics Canada. It must also be noted that we will still be receiving data from Saskatchewan Health (SHIR) but will not be using it for the overall population estimate.

Note 3

The Community Services Department's December 31 estimate is derived by taking the June 30 estimate and multiplying it by half of the 1% growth rate to bring it up to date.

As of July 2017, the City is no longer providing a December 31 population estimate. For more detailed information contact the Planning and Development Division at (306) 975-2648.

Miscellaneous Statistics

Altitude	1,580 feet or 481.78 metres

Area of City – December 31, 2019

Land	23,247.26 ha	232.47 km ²
Water	<u>386.32 ha</u>	<u>3.86 km²</u>
Total	23,633.58 ha	236.34 km²

Corporate Financial Services Department

The role of the Corporate Financial Services Department is to ensure the management and sustainability of the City's financial transactions (including all aspects of finance, purchasing and inventory), the Land Bank Program, the City's real estate needs, and the Corporate Risk management program. These responsibilities and services are delivered through four divisions: Corporate Revenue, Finance, Supply Chain Management, and Saskatoon Land, as well as the Corporate Risk Office.

Corporate Revenue

Corporate Revenue is responsible for the collection, control, and disbursement of all corporate funds, including corporate banking requirements. Other responsibilities include oversight of accounting controls and cash handling procedures throughout the organization, as well as the administration of General Licensing.

The Assessment and Taxation sections are responsible for property taxation, including the establishment of property assessments for all real property, creating the property assessment and taxation rolls, defending assessment values before the Board of Revision and the Assessment Appeals Committee of the Saskatchewan Municipal Board, and processing and distributing the annual property tax notices.

The Banking and Operations Section is responsible for the administration of the banking services and armored car contracts, as well as the administration of municipal bylaw tickets, which includes an inquiry function, data management, and collection function.

The Revenue Utility Group Section provides the customer service function to the civic utility services: electrical, water, sewer, infrastructure, recycling, and storm water. An integrated work group approach is used to manage a range of the following processes:

- customer requests for provision and/or changes of services;
- meter reading;
- utility billing;
- account inquiry service to customers; and
- credit and collections services.

In addition, this section's Contact Centre provides customer service to internal and external customers in a variety of areas including: property taxes, utility services, animal services, parking tickets, parking permits, taxi licensing and other general licensing.

Finance

The Finance Division consists of several different functions: Financial Planning, Corporate Accounting, Budget, Payroll Services, and Investment Services. The Finance Division is a critical Business Partner for the corporation and assists other departments in collecting, understanding and presenting financial information that assists with effective decision making and improved controls. At a high level, the division is responsible for the following:

- oversight and implementation of day-to-day financial operations;
- planning for financial sustainability of civic operating and capital budgets;
- ensuring the City has accurate information on costs of services and revenues to inform decision making;
- setting leading practices, policies and controls; and
- ensuring appropriate financial accountability at all levels of the corporation.

The Finance Division has a strong business and solution orientation, providing advice and direction in areas such as cost/benefit analysis and evaluating alternatives, focusing on spending tax dollars in a way that maximizes the return. Specifically, the division plays a key role in continuous improvement, system development, implementation of new initiatives and controls and monitoring divisional operations throughout the corporation by providing expert financial, control and business process advice and partnerships. This is completed through assisting other divisions to understand the financial, control and system impacts of decisions and initiatives, and working with them to develop solutions that meet business, operational and reporting requirements.

In terms of key deliverables, the division directs, prepares and delivers the City's Multi-Year Capital and Operating Budget documents, the City's Annual Report, processes payroll, accounts payable and audited financial statements and the Public Accounts.

Corporate Risk

The Corporate Risk Office is responsible for developing and implementing corporate risk management systems in accordance with Council Policy No. C02-040, Corporate Governance – Risk Based Management. The key objectives of this office are to promote the development of a risk aware and risk smart culture in all areas of the City’s strategic and business planning operations, and to oversee the City’s internal audit function.

The key functions of this office include:

- collaborating with senior leadership to develop a positive risk culture within the City, and to implement corporate-wide strategic and operational risk management policies, systems, and programs to ensure alignment with corporate budget, strategic goals, and risk management best practices;
- working with senior administration to identify, assess, treat, and monitor current and emerging corporate risk exposures and develop cost effective strategies to manage those risks;
- reviewing and analyzing risk exposures, mitigation strategies and accountabilities to control exposures and promote the achievement of corporate goals; and
- overseeing the contracted internal audit function and monitoring to ensure the internal audit plan is carried out as approved.

The City Manager chairs the Corporate Risk Committee (comprised of: the General Managers of Community Services, Transportation & Construction, and Utilities & Environment; Chief Financial Officer, Chief Strategy & Transformation Officer, Chief Human Resources Officer, City Solicitor; Fire Chief; Police Chief; Director of Government & Policy Relations; and the Corporate Risk Manager). The Committee is responsible for managing the risk program and reports to the Standing Policy Committee on Finance and City Council on corporate risks and the Risk Based Management Program.

Supply Chain Management

The Supply Chain Management Division is responsible for Procurement, in accordance with Council Policy No. C02-045, and Inventory and Asset Disposal.

The Procurement section ensures procurement of goods, services and construction are acquired at the best value possible through open, fair, competitive and transparent procurement processes and provides expertise in all areas of procurement. Risk to the corporation is mitigated through adherence to our procurement policies, protocols, and contractual obligations.

The Inventory & Asset Recovery section oversees the management of inventory for the corporation, as well as, asset disposal through sales, auctions and recycling. This section also operates a central stores facility and recycles computer equipment, photocopiers, toner, furniture, cell phones and batteries.

Saskatoon Land

The primary responsibility of Saskatoon Land is to administer the Land Development Business Line. Saskatoon Land ensures an adequate supply of residential, institutional, and industrial land at competitive market value; provides innovation and leadership in design for new growth; and yields financial returns on investment to the City for allocation to civic projects and programs within the community. Playing an active role as a land developer within the City influences orderly development and ensures ongoing competition within the land development sector. Major activities include:

- Preparing neighbourhood and area concept plans;
- Directing the subdivision and servicing of land;
- Obtaining all of the required approvals to facilitate land development;
- Undertaking the marketing/sale of serviced lots and parcels and managing related costs and revenues;
- Facilitating the sale or disposition of surplus City-owned property assets.
- Directing the design and construction of neighbourhood enhancements such as streetscape landscaping and fencing;
- Identifying and purchasing raw land for future development; and
- Providing professional real estate services on behalf of the corporation.

The City's Land Development Program is self-financed and operates on a level playing field with other land development interests in the community.

Transportation & Construction Department

The Transportation & Construction Department is responsible for managing and operating such core services as transit; infrastructure design and construction; fleet management; and all aspects of planning, optimizing, operating, and preserving the City's transportation network for all modes of transportation.

Construction & Design

Construction & Design (C&D) delivers municipal infrastructure projects, provides regulatory oversight, maintains infrastructure records, and provides expertise, advice, and guidance on municipal infrastructure. These services allow the City to provide and maintain a high quality of infrastructure in a safe and cost effective manner to its citizens.

Major activities include:

- Land development management;
- Servicing agreements;
- Review of subdivision and discretionary use applications;
- Detailed design and project management for new infrastructure construction;
- Rehabilitation of roadways, sidewalks, interchanges, and water and sewer systems;
- Drafting, surveying, and inspection services;
- Approval of utility installations and connection management;
- Issuance of permits for demolitions and boulevard crossings;
- Approval of water and sewer infrastructure as part of the building permit process;
- Provide curb crossing inspections, commission new (public and private) potable water and sewer infrastructure, and act as stewards of the City's infrastructure during private development;
- Develop, maintain, and enforce the City's standard construction specifications and detailed drawings for roadway, sidewalk, lane, and water and sewer infrastructure;
- Measure and manage contracted work to ensure health, safety, and environment regulations are met;
- Produce and maintain comprehensive records and mapping of all infrastructure components and their construction; and
- Install, inspect, and maintain a city-wide network of benchmarks to provide horizontal and vertical referencing for public and private construction purposes.

Technical Services

Technical Services is currently made up of the Asset Preservation section, the Major Projects section, and the Municipal Engineering Services section.

Asset Preservation

The Asset Preservation section is responsible for tracking inventory, stewarding the asset condition status, setting rehabilitation programs, and recommending funding levels for maintaining civic infrastructure in the following categories: roadways, back lanes, sidewalks, water distribution system, wastewater collection system, storm water management system, bridges, and soundwalls. A breakdown of infrastructure is included in the following tables:

Water Distribution System

Asset	Type	Inventory		Replacement Value
Water mains	Distribution	1,067	km	\$1,890M
	Primary	126	km	\$ 299M
Valves	Distribution	14,744	ea	\$ 175M
	Primary	336	ea	\$ 18M
Chambers		213	ea	\$ 26M
Hydrants		7,411	ea	\$ 133M
Service Connections		71,407	ea	\$ 665M
Total				\$3,206M

Wastewater Collection System

Asset	Type	Inventory		Replacement Value
Sanitary Mains	Collectors	963	km	\$2,089M
	Trunks	130	km	\$ 402M
Manholes	Collectors	10,361	ea	\$ 169M
	Trunks	1,374	ea	\$ 47M
Forcemain		52	km	\$ 139M
Service Connections		71,036	ea	\$ 621M
Total				\$3,467M

Storm Water Management System

Asset	Type	Inventory		Replacement Value
Storm Mains	Collectors	675	km	\$1,690M
	Trunks	71	km	\$1,080M
Manholes	Collectors	8,879	ea	\$ 128M
	Trunks	492	ea	\$ 18M
Forcemain		4	km	\$ 8M
Service Connections		2,931	ea	\$ 18M
Catch Basins	Collectors	13,088	ea	\$ 48M
	Trunks	492	ea	\$ 2M
Leads	Collectors	150	km	\$ 37M
	Trunks	7	km	\$ 2M
Dry Ponds		8	ea	\$ 2M
Wet Ponds		26	ea	\$ 20M
Culverts		15	km	\$ 6M
Outfalls		112	ea	\$ 6M
Total				\$3,065M

Paved Streets

Asset	Inventory		Replacement Value
Expressway Roads	464	Ln-km	\$ 388M
Arterial Roads	763	Ln-km	\$ 562M
Collector Roads	814	Ln-km	\$ 576M
Local Roads	2,137	Ln-km	\$1,436M
Boundary Roads	30	Ln-km	\$ 29M
North Commuter Parkway (P3)	44	Ln-km	\$ 32M
Total			\$3,023M

Back Lanes and Sidewalk Network

Asset	Inventory		Replacement Value
Paved Back Lanes	109	km	\$ 116M
Sidewalks	2,000	km	\$ 769M
Curbs	2,294	km	\$ 603M
Total			\$1,488M

Bridges and Structures

Asset	Inventory		Replacement Value
River Bridges	6	ea	\$452M
Overpasses	51	ea	\$395M
Pedestrian Overpasses	13	ea	\$ 42M
Pedestrian Underpasses	11	ea	\$ 6M
Sound Attenuation Walls	30	km	\$ 41M
Retaining Walls	5	km	\$ 25M
Chain-Link Fencing	53	km	\$ 3M
Total			\$964M

Major Projects

The Major Projects section provides project delivery services for capital projects across the organization. Recent and current projects are included in the following table:

Capital Project	Estimated Total Capital Construction Cost
Saskatoon Interchanges Project	\$ 72.7M
Fire Hall No. 3	\$ 8.8M
North Commuter Parkway and Traffic Bridge	\$352.3M
Bus Rapid Transit	\$250.0M
Downtown Event and Entertainment District	TBD
City Yards	TBD
Recovery Park	\$ 32M

The Major Projects section also includes management of the operation, maintenance, and rehabilitation (OMR) contracts for both the North Commuter Parkway & Traffic Bridge (30-year concession period) and the Civic Operations Centre (25-year concession period), as these projects are being delivered under a Public-Private Partnership (P3) model.

Municipal Engineering Services

The Municipal Engineering Services section of Technical Services is a team of engineers and technical staff dedicated to providing engineering services primarily to assist with the operations of the City's Roadways, Fleet & Support division and the Water & Waste Operations division, Utilities & Environment Department. This work includes the development of contract specifications, the procurement of materials, equipment and services, scheduling tasks, and contract and program management. The

Municipal Engineering Services project group also delivers a wide variety of unique projects, including process improvements, pilot projects, feasibility studies, and specialty capital projects.

Roadways, Fleet & Support

Roadways, Fleet & Support is responsible for the maintenance of roads, lanes, and sidewalks, and provides procurement, logistical and operational support for departments across the City. Management of the civic vehicle and equipment fleet was incorporated into the division in late 2018.

Roadways

The Roadways section provides services for the operation and maintenance of roadway assets, including roads, bridges, sidewalks, lanes, and pathways. The section manages over 100 seasonal programs each year. Winter programs are primarily comprised of snow and ice management on roads and pathways. Spring and summer programs include maintenance of sidewalks, paved streets, lanes and earth-streets, drainage, and street sweeping. The Roadways section also assists Major Projects in defining long-term funding needs for asset preservation and setting annual programs for major rehabilitation, such as bridge inspection.

Fleet

The Fleet section is responsible for the purchase, repair, maintenance, and disposal of the City's civic and police fleet. This amounts to approximately 1,000 units which include trucks, vans, sander trucks, motor graders, excavators, and a variety of police vehicles.

Fleet also maintains Parks equipment which includes a variety of motorized and handheld turf equipment. This includes pieces such as line trimmers, chainsaws, small tractors, and mowers.

Operations Support

The Operations Support section provides assistance to all sections within Roadways, Fleet & Support and Water & Waste Operations, Utilities & Environment Department, as well as other divisions as required. The Stores team provides purchasing, stocking and bill processing for materials and supplies. The Carpenter Shop performs building repairs and maintenance, chain link fence repair, and works as an internal contract service. The Training team maintains all staff training records; develops training programs; provides classroom and practical equipment training, employee competency evaluations and orientation for new employees. The Landscape Construction team operates during the summer season to repair all landscape damages due to water main breaks and other city construction work. This includes lawn, sprinkler, paving stone, and walkway maintenance. The Planning & Scheduling group,

formed in 2019, reviews the planning and scheduling of operations and maintenance activities as a whole to ensure the utilization of staff and equipment resources are being optimized.

Saskatoon Transit

The City undertook steps towards the installation of a Street Railway during the year 1911. In that year, a joint franchise for the construction of a hydro-electric power plant on the South Saskatchewan River and an electric street railway was granted to an English syndicate. This syndicate failed to carry out the terms of the franchise and forfeited its rights thereunder. City Council then decided to proceed with the construction of a system as a municipal enterprise. The contract was awarded to Stone and Webster Engineering Corporation of Boston, Massachusetts. Actual construction work commenced June 1912, and the first car was run over the system in January 1913. The electric railway system was discontinued in November 1951, and replaced by trolley coaches. In 1974, the trolley coaches were retired and an all-diesel operation became effective on May 4.

The City, up to 1975, was served by a radial system and a change to a regional terminal system was completed in 1979. The regional terminal system design consists of terminals serving regional areas, in which routes in that area arrive at the terminal at the same time to facilitate transfers and provide a direct service to other areas. An exclusive downtown terminal was completed in 1984 on 23rd Street between 2nd and 3rd Avenues.

In July 2006, Saskatoon Transit completed an extensive overhaul of its entire system and introduced a new service. This new service included a complete re-branding and the introduction of the DART service. The DART stands for Direct Access Rapid Transit and is a precursor to the future Bus Rapid Transit System being developed as part of the Growth Plan to Half a Million. Over the last few years, the DART routes have been rolled into regular higher frequency service along 8th Street and 22nd Street, and most recently College Drive and Attridge Drive as we continue modelling and getting customers accustomed to what BRT service will look like in the future.

Transit currently operates six terminals spread throughout the City at Confederation Mall, Lawson Heights Mall, Centre Mall, University of Saskatchewan, Downtown, and Market Mall.

Asset	Type	Inventory	Replacement Value
City Transit Bus	30'	8	\$ 3.372M
	40'	123	\$68.157M
	60'	9	\$ 8.1M
Access Transit Bus	Cutaway	30	\$ 3.397M
170 Buses Total			\$83.026M

During a typical day, there are 102 buses on the road for the morning peak service period, 98 buses on the road during afternoon peak hours, and 65 buses on the road during non-peak hours. These buses service 1,491 bus stops along 40 fixed routes.

Saskatoon Transit has a staff compliment of 407 employees engaged in conventional operations, administration, maintenance, and Access Transit (based on current data).

In 2010, Saskatoon Transit implemented the Electronic Farebox Collection system and Smart Card technology. In 2015, Saskatoon Transit initiated an automated voice annunciation and scrolling text system on the bus fleet. In 2016, an open real-time data feed for third party vendors was initiated. Currently, Google and Transit are using this data allowing customers to see where their bus is in real time. In 2017, Saskatoon Transit conducted a trial of the ClassPass program under which school classes can apply to ride regular transit routes for free. The program was extended in 2018 and served 3,557 students. Saskatoon Transit became a 100% accessible bus fleet in 2019. Saskatoon Transit also recorded its fifth highest ridership in 2019!

Transit Bus Services from 1913 – 2019

The following is statistical information for the years that the system has been in operation:

Year	Passengers Carried	Miles Run	Transit Revenue	City Contribution	Operating Expenditures (1)	Surplus (Deficit)
1913	3,401,351	604,803	158,487	19,665	178,152	-

- * Kilometers
- (1) Operating Expenditures include capital debt and transfers to Capital Reserve.
- (2) Seniors subsidy transferred from 'Transit Revenue' to 'City Contribution'.
- (3) Service suspended during (10) ten-week strike.
- (4) Change in ridership calculation to 71 rides per pass
- (5) New Service July 2, 2006
- (6) New UPass Program – one semester and full year of Discounted Bus Pass Program.

Access Transit

Access Transit was established within the City in July 2004 for people who are unable to use the regular transit system safely and with dignity. Service is provided using lift-equipped buses and cabs within Saskatoon on a shared-ride “accessible door to accessible door” basis. The service provides a safe and secure trip from origin to destination including assistance with getting to and into the vehicle, securement of the mobility device within the vehicle, exiting from the vehicle, and assistance to the destination accessible door. Access Transit fleet consists of 30 buses.

2019 Access Transit Statistics:

- 2,592 active registrants
- 139,617 total revenue trips delivered
- \$84,000 Taxi Cab budget
- 8,925 total trip denials

Transportation

Transportation is responsible for providing all citizens and visitors with:

- Planning and designing safe, reliable, and timely options for travel in the City.
- Installing and maintaining safe, reliable, and timely options for travel in the City.
- Providing leadership, education and engagement on the City Transportation Systems.
- Providing leadership, monitoring, oversight and strategies to ensure the City Transportation network and system aligns with the Corporate Strategic Plan.

The goal of Transportation is to provide the safe and efficient movement of people, goods, and services within and through the city in a cost-effective manner. The restructure in 2014 created three new sections: Engineering, Traffic Operations & Control, and Customer Service.

Engineering

The Engineering section is responsible for planning, designing and operating the City's transportation facilities to foster Saskatoon's economy and growth, while minimizing environmental impact by strengthening active transportation. The facilitation of this mandate requires:

- Data collection and monitoring of the transportation systems;
- Network modeling to predict performance and support future need;
- Community engagement;
- Overseeing all traffic movements and flows on the transportation network; and
- Design and operation of traffic controls (traffic signals, signs and pavement markings).

The Engineering section also implements, through public input, initiatives to make our city, your neighbourhood, or your street enjoyable and safe for all modes of transportation which includes traffic calming measures; cycling and pedestrian programs; and school safety programs. Regulating use of the City's right-of-way lands is also the responsibility of this section.

Traffic Operations & Control

The Traffic Operations & Control section includes the Detour Group, the Electronics Shop and the Sign Shop which manage the field operations to support the city's transportation network.

- The Detour Group designs and manages all road restrictions in the city, including for all construction projects and special events.
- The Electronics Shop is responsible for the installation and maintenance of the city's traffic systems and traffic signals.
- The Sign Shop is responsible for the installation and maintenance of signage and pavement markings, as well as the implementation of construction work zones and lane restrictions.

The coordination of all lane restrictions or temporary closures of the public right-of-way are also managed through this section.

Customer Service

The Customer Service section provides a high level of customer support to residents and the division.

The section's responsibilities include:

- Responding to public inquiries and requests relating to the transportation network;
- Administering external permitting, including 'use of right-of-way', 'over dimensional/overweight vehicles', curb crossing and disabled loading zone applications;
- Identifying opportunities and assisting with implementing efficiencies and continuous improvement initiatives; and
- Managing the Red Light Camera and Automated Speed Enforcement programs.

Utilities & Environment Department

The Utilities & Environment Department is responsible for managing and operating core services including: electrical distribution within the City's electrical franchise area; street lighting; water treatment and distribution; storm and sanitary sewage collection and treatment; solid waste collection and landfill; recycling services; compost handling sites; maintenance and operation of corporate facilities, and providing environmental leadership both within the City and for the community. These responsibilities and services are delivered through five divisions: Saskatoon Light & Power; Saskatoon Water; Water & Waste Operations; Sustainability, and Facilities Management.

Saskatoon Light & Power

Saskatoon Light & Power provides electrical service to customers located within the 1958 boundary of the City of Saskatoon. SaskPower provides electrical service to customers located outside of this area. Bulk electricity is purchased by the City from SaskPower. Through a system of transmission lines, substations, and distribution lines, the City's Utility distributes electricity to customers.

Saskatoon Light & Power rates for electricity are regulated by City Council through bylaw and have generally been set the same as SaskPower rates for similar customer classes. Saskatoon Light & Power is debt free and operates from revenues it receives from the sale of electricity. It pays the City a grant in lieu of taxes, funds all of its own capital expansion/replacement projects, and transfers all profits to the general funds of the City to help offset property taxes.

Historical

The municipal electric utility was started in 1906, with a small generating plant of 225 kilowatts located on the riverbank at Avenue H and 11th Street. Initially, service was provided at night time only for lighting purposes, but by 1908, 24-hour service was available. By 1911, the extremely rapid growth in demand for electricity forced the City to construct a new coal-fired thermal generating plant on Avenue A south of 19th Street.

Further plant expansions brought the generating capacity to 10,000 kilowatts by 1919. At this time, two phase, 60 hertz (cycles per second) power was generated and distributed at 2,300 volts. In 1928, the City sold its power plant to the Saskatchewan Power Commission, and the plant, which was the single source of supply to Saskatoon Light & Power, was upgraded to 14,400 volts. The Utility obtained additional electrical capacity at 72,000 volts from the SaskPower Queen Elizabeth Power Station in 1959,

and at 138,000 volts in 1982. Gradual conversion of the two phase, 2,300 volt distribution system to a three phase, 4,160 volt system, continued from the 1930s until 1972 when it was completed.

In 2000, Saskatoon Light & Power completed its conversion of the 72,000 volt transmission line that roughly forms a ring around the City, and related substations to 138,000 volts. The conversion occurred over a ten-year period and involved the rebuilding of five substations, the building of three new substations, and the replacing of the existing wood pole transmission line, in sections, with a steel pole transmission line.

Saskatoon Light & Power Today

Saskatoon Light & Power receives all of its electricity from SaskPower with four 138,000 volt interconnections at the Queen Elizabeth Power Station and one 138,000 volt interconnection in Forest Grove east of the Forestry Farm Park. Nine substations are strategically located along the transmission lines to transform the voltage to 25,000, 14,400 and 4,160 volts for distribution to Saskatoon Light & Power's grid and its customers. Nine additional substations are located throughout the City to provide for suitable transformation to 4,160 volts. An underground 600 volt network system exists in the central business district and is being expanded, as development occurs, to reduce the number of overhead lines in the downtown area and provide a high degree of reliability to the customers connected to it.

Saskatoon Light & Power serves approximately 60,800 customers within the Utility's 69 square kilometer service area, which is limited by the 1958 City boundary. Annual energy consumption is 1,040 GWh (gigawatt hours) and the peak summer load is 200 MVA (megavolt-amperes).

Street lighting is provided by approximately 27,300 lights owned by Saskatoon Light & Power and 6,500 lights owned by SaskPower. Saskatoon Light & Power provides street lighting in all new subdivisions, since street lights are not limited by the 1958 City Boundary. These street lights are mostly high-pressure sodium fixtures and include sidewalk lighting in several business districts and park pathway lighting throughout the city. Implementation of LED (light-emitting diode) lighting was first initiated in 2010 and has become the City's standard for all new installations since late 2013. There are 5,400 LED lights currently installed in Saskatoon. Beginning in 2020, an LED Conversion program will begin to replace 17,000 high-pressure sodium fixtures with LED fixtures. This project is partially being funded by the Federal Government and will be completed by 2022. Once complete, 80% of all fixtures operated by SL&P will be LED.

Saskatoon Light & Power continues to invest in its electric system infrastructure, with a capital budget of approximately \$18.6 million annually for growth and renewal projects for transmission, substation, overhead, underground, and network distribution.

Saskatoon Light & Power offers Customer-Based Generation programs where its customers can generate a portion of their own electricity using solar panels, and offset some of their power costs every year. Through the program, Saskatoon Light & Power customers can operate in parallel with the Utility's distribution system, selling power to Saskatoon Light & Power when they are generating more than they need, and buying power from Saskatoon Light & Power at night-time or when they are using more electricity than they can generate on their own. In 2019, the number of customers taking advantage of this program increased to 177, with an average system size of 7 kilowatts (kW) for residential systems and 32 kW for commercial systems. Combined, all of the solar panels that are interconnected with Saskatoon Light & Power's grid produce about 1,043 megawatt-hours each year (about 0.1% of the annual electricity sold to our customers). While this accounts for only a small fraction of the electricity used in Saskatoon, the popularity of solar panels is increasing every year. In late 2019, several applications were submitted but were not commissioned by year-end. Once connected, the total number of customers would increase to 247.

Saskatoon Light & Power provides special decorations and decorative lighting on 12 main thoroughfares and bridges within the City during the Christmas season. Banners are also installed on street light poles in various business districts in the City throughout the year.

Saskatoon Light & Power operates with a staff of approximately 160 employees engaged in administration, system planning, engineering design, construction, maintenance, and system operations. Corporate Revenue within the Corporate Financial Services Department provides utility meter reading, billing, and collection services common to the electrical, water, and sewer utilities.

SaskPower provides power service to the areas outside the SL&P boundary. The boundary intersects the following neighborhoods:
 Airport Business Area (02), Arbor Creek (03), College Park East (13), Erindale (15), North Industrial (30), University Heights (43), and Westview (47).
 The University of Saskatchewan is also serviced by SaskPower.

Saskatoon Water

Saskatoon Water goes beyond the operation and maintenance of the City's Water and Wastewater Treatment Plants. It includes the handling and disposal of solids resulting from the treatment processes, operation of water and wastewater pumping facilities, laboratory testing, process optimization, carrying out environmental studies, the testing and maintenance of water meters, and the Cross Connection Control Program. A critical part of the utility is developing long-term planning for water distribution, water and wastewater treatment, storm and sanitary sewer collection systems, and managing related construction work.

Water Treatment

The Water Utility consists of the water treatment operations managed by Saskatoon Water, and the water distribution system, which is administered by Water & Waste Operations; and Technical Services, Transportation & Construction Department.

The Water Treatment Plant treats raw water from the South Saskatchewan River to provide high-quality, potable water to the City of Saskatoon and surrounding communities. Portions of the plant date back to 1911 when the first filters were constructed. Upgrades have continued over the last 100 years, including additional filter plants constructed in 1928, 1957, 1948, and 1964. The Water Treatment Plant utilizes dual media gravity filters downstream of coagulation and flocculation processes. In 2012, a new raw water intake was constructed across from the Queen Elizabeth Power Station to ensure a secure water supply to the Plant. Additional increases in reservoir storage, high lift pumping, and ultraviolet disinfection systems have taken place since the intake was constructed to meet regulatory requirements and meet the level of service for the City. The Water Treatment Plant has a current treatment design capacity of 253 ML/d. An average of 43 million cubic meters of water is pumped to the distribution system each year.

Staff at the Water Treatment Plant operate and maintain three reservoirs and pump stations at Avenue H, 42nd Street, and Acadia Drive. The reservoirs and stations provide potable water storage and distribution pumping to meet water demands, system pressure requirements for firefighting, and to respond to water supply emergencies. The City's water distribution system pressure is monitored and maintained by the Operations staff at the Water Treatment Plant.

Metering

The Meter Shop provides the purchase, installation, testing, repair, and initiation and termination of water services, and installation and commissioning of Advanced Metering Infrastructure. The Meter Shop also directs the operations of the City's Cross Connection Control Program, a program designed to ensure that adequate protection exists between the City's distribution system and the consumer's water service to prevent backflow and any related potential contamination. As a water purveyor, the City is responsible to ensure that the quality of the water is maintained throughout the water distribution system.

Wastewater Treatment

The Wastewater Utility consists of the treatment operations, managed by Saskatoon Water, and the wastewater collection system, which is administered by Water & Waste Operations; and Technical Services, Transportation & Construction Department.

The Wastewater Treatment Plant treats approximately 32 million cubic meters per year, or 88.5 million litres per day from residential, commercial, and industrial sources produced within the city limits.

Initial treatment of the raw wastewater involves grit removal, screening of large fibrous materials through bar screens, and gravity settling of remaining solids. With the expansion in 1996, the plant provides full secondary treatment with additional nutrient reduction using a Biological Nutrient Removal process. The

Ultraviolet Disinfection facility eliminates the need for a chlorine disinfection process, thereby, eliminating the use of chlorine except for emergency situations.

Solids recovered from the wastewater are digested anaerobically (without oxygen) and piped to a site 12 kilometres north of the city where they are stored. The solids are then pumped through a pipeline and applied to neighbouring farmland in the spring and fall through a wet injection process.

Staff at the Wastewater Treatment Plant are also responsible for the maintenance, daily inspection, and operation of 24 sanitary sewer pumping stations within the City's wastewater collection system and two storm water pumping stations.

Water & Wastewater Capital Expansion & Upgrade

Saskatoon Water has capital and replacement projects in the Water and Wastewater utilities, totalling \$310 million and \$279 million, respectively, in the next ten years (2020-2029). These are projects driven by regulatory requirements, growth, plant improvements, public safety, reliability, and security.

Water expenditures, in the next ten years, include automatic meter reading, transfer pumping upgrades, electrical equipment upgrades, reservoir and fill main construction for new growth areas, provisions for general plant upgrades, additional clarification capacity, sand separator replacement, and chemical delivery infrastructure replacement. Major work includes the design of transfer pumping and electrical equipment upgrades, construction of filter plant improvements, and perimeter fence enclosure.

Wastewater expenditures, in the next ten years, include lift station upgrades, the expansion of process areas to bring the plant to its ultimate capacity, provision for general plant upgrades, and addition of digester capacity, combined with a recovered energy heating facility. Major projects include construction of a liquid waste haulers station, construction of holding cells at the biosolids handling facility, and construction of a fourth digester and heating building.

Engineering & Planning

The core responsibilities of the Engineering & Planning section are as follows:

- Provide long and short term planning for the expansion of the water distribution, and sanitary and storm sewer collection systems.
- Maintain the City of Saskatoon water and sewer design standards, and review designs for private development and commercial building permits to ensure compliance.
- Provide planning and design engineering consulting services to Saskatoon Land.
- Provide geotechnical expertise to various divisions and projects within the city.

- Operate and maintain flow monitoring equipment and computerized flow models for the water distribution, and sanitary and storm sewer collection systems.
- Manage the Storm Water Utility and ensure effective use of resources.
- Provide storm water engineering expertise and collaborate with other divisions to minimize property damage from flooding during intense rain events and spring melt.
- Monitor riverbank slope stability and mitigate damage to strategic public infrastructure due to slumping.

Laboratories

Water Quality

- Maintain sampling and testing services meeting the accreditation requirements of ISO/IEC 17025:2017; thereby, facilitating the monitoring, sampling, analysis, and reporting of Drinking Water Quality throughout the treatment process, leaving the Water Treatment Plant, and within the city's distribution system.
- Respond to citizen, councillor, and regulatory agency inquiries regarding the City's drinking water quality and testing. Liaise with regulatory agencies to ensure compliance with regulated and guideline limits for drinking water.
- Ensure compliance with the Water Treatment Plant's Permit to Operate issued by the Water Security Agency for Water Works.
- Provide bacterial testing for City departments, including on-call testing and biochemical support to operational managers for Water Treatment Plant processes.
- Bacteriological testing and reporting for Water & Waste Operations and Construction & Design, following disruptions or construction activities involving the distribution system.
- Watershed monitoring of the river quality to support operation of Water Treatment Plant processes.
- Routine testing and reporting of recreational waters at City of Saskatoon indoor and outdoor swimming pools and whirlpools.
- Provides public education on drinking water quality and treatment.

Environmental Monitoring

- Maintain the sampling and testing services to meet the requirements of the ISO/IEC 17025 and the Regulation. Provides services for environmental samples.
- Liaise with regulatory agencies to ensure environmental compliance, such as the Wastewater Treatment Plant Permit-to-Operate, the Landfill Permit, Wastewater Effluent Regulation, National Pollutant Release Inventory, and Green House Gas Emission.

- Provide environmental consulting, biochemical support, research, and scientific interpretation services to the Wastewater Treatment Plant operation and other divisions and departments.
- Support Watershed Monitoring by providing sampling and testing services on the river water quality, storm outfall water quality, sanitary spills, etc.
- Provide sampling and testing services for Industrial, Commercial, and Institutional (ICI) sectors for compliance with the City's Sewer Use Bylaw and high strength sewer charges.
- Provide Laboratory tours and public education on wastewater treatment.

Laboratory programming is funded through water and wastewater utility charges and through fees collected from businesses where monitoring is required.

Utility Funding

The Water and Wastewater Utilities' operating and capital costs are fully funded by the revenue generated by their respective rate structures as defined by the following:

- *Water Charges* – Rates comprised of a fixed service charge (based on the water meter size) plus an inclining block volumetric charge for residential customers, and a constant usage volumetric charge for commercial customers.
- *Wastewater Charge* – Rates comprised of a fixed service charge (based on the water meter size) plus an inclining block volumetric charge for residential customers and a constant usage volumetric rate for commercial customers.
- *High Strength Charges* – A surcharge for high strength industrial waste.
- *Liquid Waste Hauler Charges* – A volumetric charge for liquid waste trucked directly to the Wastewater Treatment Plant or to the Heavy Grit Facility at the Landfill.
- *Fire Service Charges* – A cross-charge to Saskatoon Fire (for maintaining fire protection services).

In December 2019, City Council approved water and wastewater rates that increased the average bill by 4.1% for 2020, and 3.9% in 2021. Rate increases fund annual operating costs and capital projects to upgrade the Water and Wastewater Treatment Plants, water distribution and collection systems, roadway improvements associated with the utility, water and wastewater upgrades to serve redevelopment in existing core areas, and Return on Investment. As shown in the following table, even with this increase, the average water bills for Saskatoon residents remain less than other prairie cities.

City	Meter Size – Residential 5/8” (15 mm) Consumption: 900 cu.ft./month (25.5 m ³)	Meter Size – Commercial 3/4” (75 mm) Consumption: 3,000 cu.ft./month (85 m ³)
Saskatoon (2020)	\$118.57	\$381.71
Calgary (2020)	\$122.74	\$340.70
Edmonton (2019)	\$125.51	\$332.75
Regina (2019)	\$137.09	\$360.22
Winnipeg (2019)	\$134.31	\$409.80

The Storm Water Utility’s operating and capital costs are fully funded by revenue generated by the Storm Water Management Charge and Temporary Flood Protection Program (FPP). The Storm Water Management Charge is a user-pay fee proportional to storm water generated based on property size and surface imperviousness. Single-unit residential properties pay one Equivalent Runoff Unit (ERU) (\$66.30 per year in 2019) and commercial customers pay a minimum of two ERUs and a maximum of 100 ERUs. The FPP fee is a fixed annual charge of \$40.50 per water meter in 2019 to fund projects that mitigate basement flooding from severe storm events. In 2017, City Council approved an annual ERU increase of \$13.50 per ERU from 2019 to 2022, and a phase out of the FPP by \$13.50 annually from 2019 to 2021.

Water & Waste Operations

Water & Waste Operations is responsible for the operation, maintenance, and preservation of water mains, sanitary sewer mains, storm sewer mains, along with solid waste handling, diversion, and disposal services.

Water & Sewer

The Water & Sewer section is responsible for the operation, maintenance, and inspection of the existing water distribution, sanitary sewer, and storm sewer collection infrastructures. This infrastructure consists of piping, valves, hydrants, manholes, catch basins, storm retention ponds, and streambeds. The Water & Sewer section also assists Technical Services, Transportation & Construction Department, in defining long-term funding needs for asset preservation and setting annual programs for major rehabilitation.

Water & Sewer provides the first response for water, sanitary, and storm sewer service interruptions (about 1,400 events on average annually). This includes responding to calls about water main breaks and service connection leaks, sanitary sewer mains, and sewer connection backups. The section operates and inspects the City’s network of fire hydrants (7,200) and water main valves (more than 14,000), conducts water main flushing to manage water quality, conducts sanitary sewer main cleaning

and inspections (1,100 km), cleans sanitary sewer connections (72,000), cleans catch basins barrels (13,300), and tests and treats storm retention ponds (28) to manage water quality.

Waste Stream Management

The Waste Stream Management section provides an integrated approach to environmental protection and solid waste management to protect human health, safety, and the environment. Waste handling and disposal services include garbage collection yard & food waste collection, recycling collection from City operated depots, as well as, the operation of the Saskatoon Regional Waste Management Centre (Landfill). The Waste Stream Management section is also responsible for managing container assets for curbside residential garbage and yard & food waste programs. Residential garbage collection services are mill rate funded, while commercial garbage collections are direct charged to customers. The yard & food waste collection program is funded through a mix of annual subscription fees and property taxes. Entrance, tipping, and special handling fees are charged to direct users of the Landfill and customers who use on-site diversion programs at the Saskatoon Regional Waste Management Centre.

Environmental Projects and Protection

The Environmental Projects and Protection section is responsible for by-law enforcement, engineering and planning related to the City's solid waste and landfill, and the operations of two seasonal composting sites. Ensuring that residential waste is managed in accordance with the Waste Bylaw is conducted by Environmental Protection Officers and includes matters ranging from illegal dumping to spill management. The seasonal compost depots provide free access for diversion of organic material from the landfill. The finish compost is used by City parks and others including citizens through the new "dig your own" compost program.

Water & Waste Operations has been operating the Landfill Gas Collection and Flaring Facility, part of the City's Green Energy Park, since its commissioning in November 2013. The Landfill Gas Collection process both collects and conditions the naturally produced gases for delivery to the Landfill Gas Power Generation Facility, operated by Saskatoon Light & Power. The Flaring Facility captures and expunges any unused portions of landfill gas via a flaring process. Destruction of landfill gas results in annual emissions reduction of 55,000 tonnes of carbon dioxide, contributing to the City's Energy and Greenhouse Gas Management Plan and improving air quality around the Landfill. When combusted for electricity production through the generation facility, it can provide green power for approximately 1,400 homes, and generates \$1.3M revenue per year.

Sustainability

The Sustainability division provides corporate leadership to achieve goals established under the Strategic Goal of Environmental Leadership. This is achieved corporately through work within the division and across civic departments. Community sustainability is also within this mandate, including Climate Action, Environmental Protection, Green Infrastructure and Community Outreach.

Climate, Strategy, and Data

The division leads and collaborates in establishing and maintaining corporate and community environmental strategies. The division works to facilitate and support sustainable approaches to projects and operations across the corporation through project identification, subject matter expert support for initiative development, environmental funding grant guidance, and data management with a focus on GHG emissions and other environmental indicators. In 2020, the City adopted a Triple Bottom Line Council Policy which requires all City divisions to consider sustainable co-benefits when planning projects and making decisions; the Sustainability Division supports this process.

Climate Action Strategy includes both adaptation and mitigation for the corporation and the community. The Climate, Strategy, and Data section works to enable an actionable climate change approach. The section manages strategies and initiatives which define, manage and mitigate climate change as well as providing GHG and other environmental data management support. Corporate emission reductions targets are a 40% reduction by 2023 and 80% by 2050; and the Community reduction target of 15% by 2023 and 80% by 2050, based on the 2014 baseline. The Low Emissions Community Plan lays out actions to achieve emissions reductions including:

- Reduced energy consumption;
- Sustainable Transportation practices (such as active, public, shared and electric vehicle transportation);
- Reduced water consumption;
- Waste diversion and reduction;
- Land use practices; and
- Renewable energy generation.

Creating resiliency to climate change is achieved through climate change adaptation. This practice reviews the risk that certain climate change events will occur (such as drought or severe weather), and the level of vulnerability Saskatoon might experience to services, programs or municipal assets as a consequence of these events. Corporate actions to minimize risk and plan for climate change events are outlined and prioritized with the Corporate Adaptation Plan.

Waste Reduction

Waste reduction is a key component of the Climate Action Strategy. City Council has set a Performance Target of 70% waste diversion from the landfill by 2023. The Sustainability division works closely with Water & Waste Operations (W&WO) to develop and implement plans, strategies, and education programs to maximize solid waste diversion. Sustainability currently promotes diversion programs including residential and civic recycling (with operations transitioning to W&WO), hazardous waste, and home composting. Sustainability is co-developing new diversion initiatives such as Recovery Park, city-wide residential organics, and recycling, organics regulation for business and organizations.

Energy and Sustainability Engineering

Key actions described by the Climate Action Strategy are led or supported by Sustainability Engineering to implementation, including work in the areas of building energy use, energy generation, sustainable transportation, waste reduction and water efficiency.

Energy efficiency initiatives include:

- Coordinated and accelerated building efficiency improvements through Energy Performance Contracting (EPC);
- Development of a High Performance Civic Building Policy for new and existing civic buildings;
- Energy monitoring to inform building operators and occupants how their daily activities impact energy and resource consumption;
- Assisting with water revenue loss audits and mitigation strategies; and
- Coordinated procurement and management of energy.

Sustainability facilitates small-scale (or distributed energy) opportunities for green energy generation. These opportunities are typically on civic buildings or other civic assets throughout the community. They are also working with a cross-Divisional team on reporting to Council on ways to reduce barriers to solar energy uptake in the community. The division also works with Saskatoon Light & Power as they develop utility-scale projects.

Environmental Protection

Clean water, soil, and air are crucial to the health of the environment we live in and, ultimately, to the long term health of our residents and community. As time passes and our city grows, our understanding of how to maintain a good quality environment changes, and this is reflected by changes to the way we manage our city. Environmental Protection activities preserve the quality of our water, soil, and air now and for future generations by safeguarding our community from the impacts of pollution while remaining cost effective and practical to implement.

Specifically, the section focuses on:

- Ensuring the City plans for and complies with changing federal and provincial environmental regulations;
- Monitoring best practices in managing risks that have environmental implications, and incorporating better-practice approaches into civic operations through planning, policy, and initiatives;
- Building environmental protection capacity of civic staff through education and collaboration; and
- Reducing corporate risk, improving civic management of environmental assets, and promoting consistency in the city's approach to environmental issues.

Examples of current Environmental Protection projects include the Contractor Environmental Guidelines, Brownfields Renewal Strategy, Green Infrastructure Strategy, Natural Capital Asset Valuation, and Brighton Raw Water Irrigation Pilot.

Community Leadership and Programs

The Sustainability Division manages and delivers environmental programs across the City and the Community. Education programs managed by the Division include Student Action for a Sustainable Future, Healthy Yards, Recycling Education and Curbside Swap. The team is responsible for the delivery of the Sanitary Sewer Education Program and the Yellow Fish Road Storm Water Education program.

Management of the Community Environmental Grant program is also led by the Division.

The Division will be developing a new Green Infrastructure Program to carry out the actions presented in Saskatoon's Green Infrastructure Strategy. Green infrastructure creates a network of natural, enhanced, and engineered assets that protect, restore or enhance green space. Initiatives include:

- Preparation of education material to promote understanding of the Green Network, including biodiversity and urban agriculture
- Collaboration with Meewasin to coordinate with their programs
- Review opportunities for community grants and incentives for green projects
- Green space management planning and engagement

Facilities Management

The Facilities Management division provides support and services for civic programs and department buildings and structures, covering a range of services, including:

- building operations;
- maintenance support;
- project management; and
- capital renewal.

Facilities Management is responsible for the City's buildings, structures, and related site infrastructure (parking lots, etc.). The division provides building operation, maintenance, and custodial services for civic facilities including City Hall, Civic Square East, all leisure facilities, fire halls, Saskatoon Police Service, Remai Modern Art Gallery of Saskatchewan, outdoor paddling pools and spray parks (including all park furnishings), as well as services for the libraries, TCU Place, SaskTel Centre, and numerous other City affiliated boards and agencies. Project management services for capital or maintenance projects are provided including design, contract tendering, and construction management.

These services are integral to the facility asset management strategy encompassing the following corporate infrastructure:

- Total building areas: 409,534 square meters
- 365 buildings maintained valued at \$1.558 billion and contents value of \$123.9 million
- Vehicle parking areas maintained and operated: 139,400 square meters
- Play areas and features maintained: 220 structures valued at \$8.5 million
- 4,400 park furnishings maintained in 235 parks
- Civic Water Features maintained and operated: 8 pools, 31 paddling pools, 20 spray parks, and two fountains
- Sports field amenities including: 177 ball fields, 12 tennis facilities (with multiple courts at each facility), and 169 soccer pitches
- More than 9,300 assets maintained via the Comprehensive Maintenance Program 17,406 work requests issued through Facilities (average 67/working day)
- Facilities Management works closely with the City's Corporate Security Section to identify requirements and maintain security systems across 69 Buildings with Alarm Systems, 60 with card access, and over 400 readers.

Facilities Management is a significant partner in the corporate accommodations plan along with Technical Services and Saskatoon Land. Facilities Management is responsible for all project intake and coordination of smaller scale corporate projects, as well as data management.

Saskatoon Fire Department

Headquarters: 125 Idylwyld Drive South Saskatoon, Saskatchewan S7M 1L4

Telephone: 306-975-2520 (Private branch exchange connecting all divisions)

Administration Office Hours: Monday to Friday – 7:45 a.m. to 4:30 p.m.

Mission

To protect and enhance Saskatoon citizens' quality of life.

Vision

The Saskatoon Fire Department is a professional service focused on public safety and risk reduction.

Focus

To create a caring and committed community.

General Information

The Saskatoon Fire Department (SFD) provides response to all emergencies involving fire, pre-hospital emergency medical, motor vehicle collisions, entrapment of persons, unplanned release of regulated or hazardous materials and substances, and water rescue, for the safety of the public. Emergency response service, along with fire dispatch agreements, are also provided to surrounding communities.

Over 330 staff members, including 144 Primary Care Paramedics, complement the department by providing 24-hour emergency response service in conjunction with the Saskatoon Emergency 9-1-1 Telephone System. The SFD protects the city's tax base and supports economic development through extensive inspection, education, prevention, and enforcement programs.

Acts & Authority

The SFD maintains substantial compliance with the following *National Fire Protection Association* Standards:

- 1201 Standard for Developing Fire Protective Services for the Public
- 1600 Standard on Disaster/Emergency Management and Business Continuity/Continuity of Operations Programs
- 1710 Standard for the Organization and Deployment of Fire Suppression Operations, Emergency Medical Operations, and Special Operations to the Public by Career Fire Departments.

City Council gives authority to the Fire Chief within *The Fire Safety Act, The Cities Act, The Emergency Planning Act*, and various civic bylaws to enhance public safety and the quality of life.

The Fire Chief has been given authority to administer the following bylaws:

- *The Fire and Protective Services Bylaw No. 7990*
- *The Property Maintenance and Nuisance Abatement Bylaw No. 8175*
- *The Transportation of Dangerous Goods Bylaw No. 8153*
- *The Underground Encroachment and Sidewalk Safety Bylaw No. 8995*
- *The Emergency Planning Bylaw No. 7269*

The Fire Chief has been given authority in specific sections in the following bylaws:

- *The Traffic Bylaw No. 7200*
- *The Recreational Facilities and Parks Usage Bylaw No. 1998*
- *The Private Swimming Pools Bylaw No. 7981*

Fire Prevention and Investigation

The Fire Prevention and Investigation Section provides a proactive service to protect citizens and property and inspects retail, commercial, and industrial properties.

Programs that fulfill the department's mandate:

- Fire Inspections
- Fire Investigations
- Property Maintenance Investigations
- Plan Review

Fire Inspections

Fire Prevention and Operations staff conduct fire inspections that include the reliability of code-specific fire protection features, fire hazard recognition and gathering of building construction data and emergency contact information; working closely to coordinate and conduct fire inspections in their assigned response districts.

Fire inspections are conducted on all commercial and multi-residential buildings. Where voluntary compliance cannot be achieved through regular fire inspection and education, the fire inspection process includes enforcement procedures such as licensing, tickets, orders to remedy and prosecutions.

Fire Investigations

Fire investigations are an integral part of the department's commitment to public safety and fire reduction. Fire determination is of major importance to the department's fire prevention program. Analysis of the causes of fires in Saskatoon is used to establish fire prevention program priorities and provide fire safety information to the public.

Safety and Property Maintenance

Safety and Property complaints are assigned the appropriate district fire inspector for further investigation. The Property Maintenance and Nuisance Abatement Bylaw No. 8175 establishes minimum standards for buildings, structures, and yards throughout the City of Saskatoon. The objective of the Bylaw is to provide safe living conditions by eliminating potential hazards. The Department is responsible for enforcement of the removal of graffiti from private property.

Public Education

The Community Relations Section maintains a positive working relationship with the educational, business and institutional sectors of the City through the presentation of fire and life safety education, media relations, and community involvement with programs like:

- Car Seat Clinics
- Fire Prevention Week
- FIRE Cadet Program
- Community Threat Assessment and Support Protocol
- Remembering When
- Adopt a Fire Crew Program
- Fire Stop
- Public Safety Presentations

Emergency Management

Through the department's Emergency Management Division, the Emergency Management Organization (EMO) works with City of Saskatoon colleagues, community partners, government agencies, businesses, non-profit groups, first responders, and citizens to promote and strengthen emergency preparedness and business continuity to build community resiliency. The *City of Saskatoon Emergency Management Plan* provides a standardized and repeatable process to ensure Saskatoon is ready to respond in the event of a major emergency or disaster.

As the sole administrator of notifynow, the City of Saskatoon's mass communication system, the EMO utilizes, maintains, and tests the program to ensure citizens receive timely, trusted, and targeted public safety messages.

The SFD houses and maintains the City of Saskatoon's Mobile Command Post - Command 9 (C9) to be deployed in emergency events that require a coordinated response.

The Saskatoon EMO works strategically with partners to ensure awareness of:

- Extreme Weather, Public Health Emergencies
- Emergency Social Services
- Special Events Planning in the City of Saskatoon
- Incident Command System Training for Internal and External Stakeholders
- Business/Service Continuity for the City of Saskatoon
- Complex Emergency Events

Corporate Security

Corporate Security exists as a section within the Emergency Management Organization. Corporate Security is responsible for the human, physical and intellectual, tangible and intangible assets of the City of Saskatoon while providing services including but not limited to: threat, risk and vulnerability identification; analysis, reporting, investigating and recording of incidents, and establishment of security plans, policies, and procedure.

Staff Development & Safety

The Staff Development & Safety Division (SDC) is committed to achieving a desire for excellence to ensure staff have the equipment, skills, and authority to do excellent work. SDC is responsible for training, research and development, and safety-related issues affecting day-to-day operations.

Areas of training include:

- Firefighter Certification
- Operations Maintenance
- Company Officer Certification
- Emergency Medical Services Recertification

- Dangerous Goods Certification and Skills Maintenance
- Technical Rescue Certification and Maintenance Training

Boards and Commissions

Saskatoon Police Service

Police Facility Address: 76 25th Street East, Saskatoon, SK

Mailing Address: P.O. Box 1728, Saskatoon, SK S7K 3R6

Telephone: 306-975-8300 (private branch exchange connecting all departments)

Emergency: 9-1-1

The operations of the Saskatoon Police Service are established under the authority of the *Saskatchewan Police Act*, Part III, Section 25 and 26, and under the City of Saskatoon Bylaw 5728. The Saskatoon Board of Police Commissioners are appointed by City Council to oversee the police operations and consists of the Mayor, two City Council members, and four citizens-at-large.

The members of the Board of Police Commissioners are:

Ms. Darlene Brander, Chair

Ms. Carolanne Inglis-McQuay, Vice-Chair

His Worship Mayor Charlie Clark

Councillor Randy Donauer

Councillor Mairin Loewen

Mr. Kearney Healy, Q.C.

Ms. Jyotsna (Jo) Custead

Mission Statement

In partnership with the community, we will provide service based on excellence, to ensure a safe and secure environment.

Values

Honesty

We will be reputable, adhering to truthfulness and being free from deceit.

Integrity

We will lead by example, being incorruptible and doing the right thing regardless of the pressures or personal risk we face.

Compassion

We will be mindful of the distress of others and demonstrate a sympathetic understanding in our desire to assist them.

Fairness

We will demonstrate impartiality, being free from self-interest, prejudice or favoritism.

Commitment

We will show dedication to the goals of the Service and to our personal development and wellness as we persist in our endeavors to consult, work with and serve the community.

Respect

We will recognize the right of all people, regardless of their personal situation, to live without ridicule, and as such we will display courteous regard for people in every situation.

Professionalism

We will be above reproach and exhibit a proficient, conscientious, and business-like demeanor in dealing with those we serve.

The 472 sworn members (authorized), of the Saskatoon Police Service are supported by 64.5 Special Constables, 141.03 full time civilian employees and several formally recognized volunteers. They are committed to fulfilling the Services' Mission Statement, guided at all times by the integrity set out in the Core Values. The R.C.M.P. Drug Unit and Criminal Intelligence Unit are also integrated with the Saskatoon Police Service.

As well, the Saskatoon Police Service (SPS) is partnered with the RCMP to form the Integrated Crime Reduction Team, and the Criminal Intelligence Section. The SPS is also partnered with other police agencies to form Combined Traffic Services Saskatchewan (CTSS) for regional traffic enforcement in the Saskatoon area.

In addition to law enforcement activities, the Saskatoon Police Service offers emergency services, conducts follow-up investigations, receives calls for service for crime and social disorder and carries out preventative activities throughout the city on a 24-hour basis.

SaskTel Centre

Mailing Address: 3515 Thatcher Avenue, Saskatoon, SK S7R 1C4

Website: sasktelcentre.com

SaskTel Centre is Saskatchewan's premier sports and entertainment facility. Through hosting major touring concerts, sporting events and local cultural events and tradeshow, SaskTel Centre was ranked among the Top 200 Arena Venue's Worldwide by Pollstar Magazine in 2019.

In 2019, SaskTel Centre was a stop for major touring acts including; Elton John (for two sold-out performances), Thomas Rhett, Michael Buble, Luke Combs, Bryan Adams, Carrie Underwood, Cher, Snoop Dogg and Shawn Mendes. SaskTel Centre also saw the return of WWE and PBR Canadian Finals.

SaskTel Centre continued its mandate of extending event expertise within the community. Taste of Saskatchewan is wholly owned and operated by SaskTel Centre and had a successful 24th anniversary in 2019. In August, Rock the River, Saskatchewan's Classic Rock Festival, sold out for a fifth year. Both popular events will return in 2020.

In 2019, the Saskatoon Blades Hockey Club, SaskTel Centre's Western Hockey League tenant, had a successful playoff run, Saskatchewan Rush Lacrosse team once again was a very competitive team with a playoff run, drawing very large crowds. A third tenant was announced in 2018, the Saskatchewan Rattlers Basketball Club of the newly formed Canadian Elite Basketball league and began play in spring 2019. The Rattler's had a very successful inaugural season both hosting and winning the CEBL National Championship.

SaskTel Centre sustained its history of operating without taxpayer subsidy towards operations. Based on the solid business plan and being conscious of changes in the provincial economy, we are confident in stable success in 2020.

TCU Place – Saskatoon’s Arts and Convention Centre

Mailing Address: 35 – 22nd Street East, Saskatoon, SK S7K 0C8

Telephone: 306-975-7777

Fax: 306-975-7804

Websites: www.tcuplace.com, www.tcutickets.ca

The Saskatoon Centennial Auditorium began as a dream in 1961, started construction in 1966 and became a realization in 1968. It was built as a project to commemorate Canada’s Centennial Anniversary. In January 2006, the Facility partnered with, and sold its naming rights to, TCU Financial Group, renaming the Facility TCU Place. 2018 marked the 50th Anniversary for the Centennial Auditorium and TCU Place celebrated this milestone with numerous activities through the year, including special concerts and the installation of a commemorative history wall.

TCU Place is located in the heart of downtown Saskatoon adjacent to a major shopping complex, Midtown Plaza, and is within walking distance of first-class hotels, restaurants, boutiques and the beautiful Meewasin River Valley.

This state-of the art impressive facility is Saskatchewan’s premier venue for entertainment and conference activities. The Sid Buckwold Theatre has, and will continue to host numerous world-class entertainers, artists, theatrical productions, and ballet companies. TCU Place actively seeks to provide entertainment that caters to all sectors and ages of our population. The Facility’s mandate is to provide a wealth of opportunities to participate in and enjoy the benefits of business and culture in Saskatoon.

TCU Place now houses over 104,000 square feet of prime high-end convention space with more than 21 different rooms to choose from. Expandable walls provide flexible room sizes that cater to conventions and banquets of up to 1,200 people. The convention centre features state-of-the-art audio visual and technical assets, natural light in many rooms, superior technical support, two freight elevators, and a permanent registration area. In-house catering offers a variety of creative menu selections. In addition to regional and provincial conferences, TCU Place has become a strong contender for larger national and international conventions.

TCU Place is owned by the City of Saskatoon and is operated by the Saskatoon Centennial Auditorium and Convention Centre Corporation. The Corporation consists of a Board of Directors with representation from City Council and the general public.

The Saskatoon Regional Economic Development Authority (SREDA) is an independent organization which was established in 1992 to encourage growth and diversification in the Saskatoon and Region economy. SREDA fulfills this mandate by providing programs and services in the areas of: business attraction and expansion, Indigenous economic development, entrepreneurship, regional economic development and planning, economic intelligence, and marketing Saskatoon and Region. The organization uses a focused approach to maximize its overall effectiveness in the Saskatoon Region with high-impact initiatives that contribute to long- term economic growth. The City of Saskatoon is a member of SREDA, which has now been joined by a number of towns and rural municipalities in the surrounding region, as well as over 100 investors from the local business community.

SREDA works to attract new investment and business to the Saskatoon Region to create jobs and a competitive economy; furthermore, the organization manages the City's Business Development Incentives policy to assist companies looking to establish or grow a business in Saskatoon. Through the Square One program, SREDA provides support to entrepreneurs and SME's across Saskatchewan. The organization prides itself on its ability to provide timely, relevant and digestible information on the region's economy to assist stakeholders with decision making and long-term planning through the Economic Intelligence team. SREDA coordinates effective regional planning to encourage and support growth across the Region, making the Saskatoon Region the best place to work, live and invest.

*All locations are closed on Sundays during the summer starting Victoria Day weekend until after Labour Day weekend.

**All Saskatoon Public Library locations are wheelchair accessible, with the exception of the lower level of J.S. Wood Branch, where the program rooms and washrooms are only accessible by stairway.

The Frances Morrison Central Library, along with SPL's eight branch locations, are welcoming and vibrant community meeting spaces that strive to change lives through connections, engagement and inclusivity.

With a rapidly changing digital world changing how people learn and interact, SPL's collections and programs have followed suit. SPL patrons can access many third-party online learning services for free, and can also borrow a vast selection of DVDs, CDs and video games at any branch city-wide. While continuing to offer many traditional programs—such as children's storytimes and family crafts—numerous other programs have adopted digital components, from robotics and virtual reality to gaming nights and technology tutorials.

Its fundamental principles of equality and diversity have also made SPL a valued public service for newcomers and marginalized populations. SPL's many outreach services—such as visits to crisis shelters, loans to correctional facilities and home deliveries to those who are physically unable to visit the library—also help ensure no one is left behind in the organization's promotion of lifelong learning. Visit saskatoonlibrary.ca for more information.

Remai Modern

Mailing Address: 102 Spadina Crescent East, Saskatoon, SK S7K 0L3

Telephone: 306-975-7610

Remai Modern

Remai Modern, a new museum of modern and contemporary art, opened on October 21, 2017 in Saskatoon. Remai Modern is a direction-setting art museum and a gathering place for culture and community.

The building includes 11 gallery spaces, a 150-seat theatre, Shift restaurant, outdoor terraces and rooms with stunning views of the nearby South Saskatchewan River. The museum provides a Canadian and Saskatchewan perspective on modern and contemporary art movements through a mix of regional, national and international programs.

In 2019, Remai Modern opened exhibitions and hosted performances by international and Canadian artists including Rebecca Belmore, Rirkrit Tiravanija, Laakkuluk Williamson-Bathory, Dorothy Iannone, Beau Dick, Puppies Puppies (Jade Kuruki Olivo), Michael Snow and Yvonne Rainer, to name a few.

The museum showcased the work of many Saskatchewan artists including Amalie Atkins, Ruth Cuthand, Eli Bornstein, Jonathan Forrest, Marie Lannoo and William Pehudoff. It also featured dozens of local performers, musicians and speakers in its programs throughout the year.

The museum also opened the major exhibition *The Sonnabend Collection*, which featured the work of 67 artists including Andy Warhol, Roy Lichtenstein and Jeff Koons.

Remai Modern aims to reach diverse audiences and foster deeper connections to modern and contemporary art from our region and around the world. The museum's programs are developed for a broad range of interests and experience levels, and allow participants to define their own role in the creative experience. Remai Modern's team of passionate and enthusiastic Learning & Engagement staff provide skills for collaboration, communication, critical thinking and creativity for visitors of all ages.

Remai Modern welcomed more than 45,000 participants in Learning & Engagement programs in 2019, including talks, films, performances, workshops and tours.

Remai Modern also hosts a wide variety of events through its rental spaces. With space for 30 or 300 people, the museum is a popular venue for conferences, weddings and other special events.

The beautiful spaces, flooded with natural light, overlook breathtaking riverbank vistas and feature art throughout. The facility has a two-level underground parkade owned by the City of Saskatoon, and a main-floor link to neighbouring Persephone Theatre.

Designed by the renowned Canadian architectural firm, KPMB, the building is equally striking outside and inside. Inspired by the local landscape and the rich history of architectural modernism, the design by KPMB's Bruce Kuwabara won a 2011 Award of Excellence from Canadian Architect magazine, well before construction started. In 2018, it won a Design Excellence Award from the Ontario Association of Architects.

The museum's programming is supported by the Frank and Ellen Remai Foundation, the City of Saskatoon, the Canada Council for the Arts, the Saskatchewan Arts Board and SaskCulture's Saskatchewan Lotteries Fund.

Project History

The idea for a new museum gained momentum in 2009, when Saskatoon's City Council announced, with the Federal and Provincial governments, the intention to build a gallery that would also serve as a destination centre in the city's south downtown at River Landing.

On June 3, 2011, Saskatoon philanthropist Ellen Remai announced a donation of \$30 million to the project on behalf of the Frank and Ellen Remai Foundation. In gratitude for this gift, which is unprecedented in Saskatchewan history, City Council unanimously voted to name the new gallery after her. In 2012, Remai also donated the Picasso linocut collection — numbering more than 400 works and valued at \$20 million — to the museum.

Remai Modern more than triples the space available for temporary and collection-related exhibitions from its predecessor. There is also ample storage space for the growing permanent collection, now numbering nearly 8,000 works. The building meets rigorous modern gallery standards, making it possible to host national and international touring exhibitions previously unavailable to the city.

Construction commenced in early 2013. The name and vision for the gallery were unveiled in June 2014. The Mendel Art Gallery closed in June 2015 to prepare for the opening of Remai Modern. The building is being re-imagined as the Children's Discovery Museum.

In conjunction with Remai Modern's opening, Remai announced two significant new gifts to ensure the museum's successful future. The funds from the Frank and Ellen Remai Foundation include \$1 million a year for the next 25 years to support art purchases. The foundation will also match eligible donations up to \$1 million a year for 25 years.

To date, the Frank and Ellen Remai Foundation has pledged \$103 million to Remai Modern, making it one of the largest donations to the arts in Canadian history.

Structure

A Board of Trustees oversees the governance function, approves policies and budgets, and appoints the Executive Director and CEO. The staff is responsible for the institution's programs and day-to-day operations.

Meewasin Valley Authority

Mailing Address: 402 Third Avenue South, Saskatoon, SK S7K 3G5

Telephone: 306-665-6887

Fax: 306-665-6117

E-Mail: meewasin@meewasin.com

Website: meewasin.com

The Meewasin Valley Authority (Meewasin) was created in 1979 by an Act of the Government of Saskatchewan and is dedicated to the conservation of the natural and cultural resources of the South Saskatchewan River Valley. It has programs in environmental education, resource management, and riverfront development.

Meewasin is a partnership of three participating parties: City of Saskatoon, Government of Saskatchewan, and University of Saskatchewan. Their representatives sit on the board of directors:

Mayor Charlie Clark

Mr. Colin Tennent, Chair

Dr. Ryan Walker

Ms. Leanne Nyirfa

Dr. Peter Stoicheff

Dr. Yuguang Bai

Councillor Bev Dubois

Councillor Zach Jeffries

Councillor Sarina Gersher

Mr. David Buckingham, MLA

Ms. Sharon Tkachuk

Mr. Mark Feader

40 Years of Conserving the River Valley

Meewasin has enjoyed 40 years of conserving, educating and developing more than 25 square miles of riverbank from Pike Lake to Clarke's Crossing, balancing development with conservation.

The Meewasin Trail & Parks

Meewasin has provided public access to the river by developing more than 80 kilometres of trails, as well as the Beaver Creek Conservation Area, Cranberry Flats Conservation Area, Peggy McKercher Conservation Area, Wanuskewin Heritage Park, Gabriel Dumont Park, Paradise Beach, Meewasin Park, Victoria Park, the Saskatoon Natural Grasslands, Maple Grove, Riverworks at the Weir, River Landing Riverfront, Cameco Meewasin Skating Rink @Nutrien Plaza, Meewasin Northeast Swale, Fred Heal Canoe Launch, and Poplar Bluffs Canoe Launch.

Interpretive Centres

Programs are offered at the Beaver Creek Conservation Area, and Wanuskewin Heritage Park (now owned and operated by its own Board) to interpret the valley. Each year thousands of students and the general public visit these educational centres, as well as the Saskatoon Natural Grasslands and Meewasin Northeast Swale for outdoor programming.

New Developments

Meewasin developments in 2019 include ongoing upgrades to the most used portion of the Meewasin Trail from the Nutrien Wonderhub through the Shakespeare on the Saskatchewan site and construction of trails at the Meewasin Northeast Swale. Ongoing work to promote conservation, education and development throughout the valley continues.

Conservation

Meewasin's objectives reflect no net loss of habitat in the river valley and policies on sustainable development. In addition to programs on invasive species and protecting natural areas, Meewasin has signed five conservation easements to protect lands in perpetuity.

For more information please contact Andrea Lafond at Meewasin, 306-665-6887, or visit the Meewasin website at meewasin.com.

Saskatoon Prairieland Park Corporation

Board Chair: Chris Gulka

CEO: Mark Regier

The premier destination for events, tradeshow, conferences and galas, Saskatoon Prairieland Park Corporation is a full-service complex of customizable space situated on 136 acres in the Saskatchewan River Valley – an excellent location just minutes from downtown with room for thousands of free parking spaces. The convention facility took on the WORLD TRADE CENTER Saskatoon designation in 2018 and includes 240,000 square feet under one roof, break-out rooms and a state-of-the-art kitchen facility. The WORLD TRADE CENTER Saskatoon at Prairieland Park provides the largest trade show and convention facility in the city. Each space features all the amenities required for almost any type of event – state of the art sound system, ample electrical with a full-time on-site electrician, a full supply of in-house services, staging, theme décor, tables and soft seat chairs and the ability for setup of all types of media services, including HD live to Facebook. Wireless internet is accessible throughout the complex. World-class culinary services are available, along with a dedicated team of professionals invested in the success of your event.

Saskatoon Prairieland Park Corporation is a world-class destination for major programs, events and entertainment. Self-produced annual events include the Saskatoon EX, Western Canadian Crop Production Show, Saskatchewan Blue Cross Gardenscape, as well as managing the Sports On Tap Sports Bar and Live Thoroughbred Horse Racing at Marquis Downs. Additionally, The Park plays host to almost 400 events annually, including national and regional trade shows, conventions, conferences, galas, receptions, meetings and banquets.

The Park is also home of the Prairieland Park AG Center, with an indoor stabling area, 100' x 200' heated arena, and seating for 500-700 people. Outdoor options are also available in the grandstand area and the Kickin' Horse Saloon for rentals and unique spaces.
