Meeting (if known)
Comments

This is just a comment from a frontline health care worker. During this time of COVID you are making more challenges for us. If the 2 hour parking was not enforced or buses went back to place riel life would be great but come Monday you are creating a nightmare for us.

I took the bus all the time to work but now having 10 minutes to get from old main entrance to just east of Cumberland at 10:30 pm and hope that you make the bus without having to wait another hour on the side of college is a little scary. If we could drive and park in the 2 hour parking without worry until buses can return to Place Riel problem is solved. You have no solution to this it is like those of us who are out there working everyday for your safety have been forgot about and everything made more challenging.

There needs to be a compromise wait to enforce 2 hour parking until transit returns to place riel or have transit return to place riel so people aren't stuck on college alone at 11 pm hoping a bus will come. People have health concerns and old main entrance to east of Cumberland is a long walk.

Thank you for your time. I hope there is a solution to keep everyone safe.
