

Spadina here. to.
Saskatoon SK S7K 3J3.

To / Shellie Bryant - Deputy City Clerk.

Regarding Speeding on Spadina here. E.

As you are aware there has been a noticeable increase in motorcycles and cars speeding on Spadina here. E.

Yesterday May 18th a car going north in the 1500 block Spadina was only a red and blue blur. An hour later a white car doing the same. This is just two examples of what we witness daily.

Keep gas? nothing to do? lets drive fast down Spadina? I don't know the reason nor do I have the answer.

The police can't be everywhere nor be here all the time.

While I think the majority of drivers are careful, my greatest fear is an accident between cars, bicycles being clipped in the bicycle lane or walkers trying to cross Spadina at Balmoral, Windsor or Prince of Wales, all dangerous.

As I asked you when you did the traffic survey of North Park & I feel I must ask you again - Is Spadina here E. a scenic drive or a speedway? Sadly right now its the latter!

Sincerely
Marnie Cutts.
