To His Worship and City Councillors,

I am writing in to voice my concerns about the motion to raise the speed limits near the Northeast Swale. I do not support the motion and would like them to remain at 50 kph.

Why I'm concerned:

- The Northeast Swale is an important diverse ecosystem and we need to respect that through action and proper protection.
- If they are enforced and respected, lower speed limits save animals lives and reduce animal-vehicle collisions.
- 50 kph was chosen based on the 2012 Northeast Swale development guidelines which states "Posted maximum speed should be 50 kph to reduce wildlife interactions."
- The sections of road at 60 kph & 70 kph have seen animal mortality while the 50 kph zone has not, showing both the effectiveness of a lower speed limit and the presence of wildlife.

- If Council approves the speed limit change, it will be yet another decision about the Swale based on politics rather than science.

Thank you for your time and consideration.
