Comments

Atu 615 supports option 1 going back to fare collection and front door loading with buses that have vinyl barriers installed in them as well as strongly encouraging passengers to wear masks . Fare collection will help eliminate non destination riders taking away limited space for those riders that are riding transit for essential rides. The vinyl barriers are a good temporary measure to help reduce the spread of Covid 19, Atu would like to see permanent shields replace the vinyl barrier in the near future not only to help reduce the spread of Covid 19 but to also prevent driver assaults.

If there any questions I'm available by phone at 306-241-3072

Thanks
