Re: Request For Waiving of TRP Fees.

Attention: City Council

Dunmac General Contractors Ltd. would like to make a quick statement on the Request for Waiving of TRP Fees.

The affects of COVID 19 will be felt by construction for months to come. With longer lead times on materials, short staff members and tradesmen throughout the pandemic, we forecast project delays, and therefore larger TRP fees and time frames.

We need to limit the financial burden on Developers across this City to ensure economic growth is sustained. Due to the City parking fees being waived to the public during COVID 19, it would only be fair that these provisions be allotted to construction developments as well.

We kindly request that the TRP fees be waived for the full timeframe of the COVID 19 pandemic.

Kindly,

Danielle Bruce
Project Manager – 810 Central Addition/Renovation
Dunmac General Contractors Ltd.
