I am forwarding a letter that I have written, which has also had input from my husband Ewald Lammerding. This letter expresses our frustration with and experience of, the longstanding and current vehicle noise issue in our area. Our neighbourhood borders the dividing line between the Brevoort Park and the Holliston neighbourhoods of Saskatoon. I tried my very best to be brief but as this issue has been a concern of ours for going on six years, there were many pertinent details to include. I'm available to provide more details should they be required.
