==Naming==

Requested name: blossom, pallet, orange

Requested use of name: All the below

Background Information (Reason for name request): Honestly, I think it would be fun to do. And I would impress my teenage boys by naming a street in Saskatoon.

If you have submitted a person's name, please provide a short biography (Given name, date of birth, place of birth, contributions, awards, achievements or other related information): I have not given any person's name.

Additional comments:

Do you wish to address the Naming Advisory Committee? No

The category for all 3 words are, names which recognize plants, animals of the local area.

I chose these 3 words because they are easy to say and didn't rhyme. Also 911 calls can hear the address name easier.

Quick story: Months ago I called a restaurant for food delivery. I live on Pope Cres. The food ended up in Cope Cres.

Blossom: It is another word for flower. The first thought when I chose this word were the many new fruit trees and bushes we have in Saskatoon. For example crab apples, Saskatoons, U of S sour cherry and haskap trees. And of course when our

plants blossom it's great for our bees.

Orange: The word orange does not rhyme with any other word. My first thought when I chose this word are tiger lilies. Tiger lilies are in my yard and in many of my neighbours' yards because of the bright orange colour. And grow well in Saskatoon.

Pallet: My first thought when I chose this word was it could be used in the industrial area of Saskatoon. They are made out of wood and are multipurpose.

Thank you again for your time and consideration.
