Comments

SOS Trees Coalition is requesting to speak to the Standing policy Committee on Environment August 10th, as well as the City Council meeting on August 31st regarding the proposed amendments for the Tree Protection Process and the nuisance tree issue. SOS Trees Coalition would like to address the matter of contention regarding characteristics of trees that can be viewed as a nuisance. Through discussion on the ecosystem services that trees provide and science based information on tree physiology, and the negative impact that could result by changing the current policy we would like to discuss and reaffirm that City Council follow the recommended best urban tree care best practices as stated in the current policy. Thank you.
