Subject Mask Mandates on city buses and Civic facilities

Meeting (if known)

Comments

Dear City council. I live in Warman, but we do alot of business in Saskatoon and shop there etc.

My observations from mask mandates in other places, have shown the violence increases as people who wear mask feel entitled to challenge and sometimes bully those that are not. There are many people who cannot safely wear a mask due to invisible disabilities and chronic conditions. When a mandate is in place, it creates a sense of fear about going out in public for their own physical and emotional safety. Mandates on buses put drivers at higher risk of being subjected to violence or having to call for help due to violent behavior regarding the mask issues. Fear breed anger. Our best response is to allow people to conduct themselves the best way they know for their own health abilities. Please carefully consider the larger impact of a mandate before voiting on this issue. Sincerely, Katherine Skorupan
