please do not require masking. Our veterans fought and many died for our freedoms. We dishonour them with this mandate.

As a Saskatchewan resident, Saskatoon has a huge impact on me and my family's life.

We work, shop, bank, attend our places of whorship, repair our vehicles, eat, attend events, use the hospitals, see doctors, get our education, use public transport, take a taxi, etc.

Masking is harmful to the health of the person being masked, and according to the manufacturer's warning are not helpful for the purpose that you are asking us to wear the mask.

Masks have very well known reputatation as the best friend of almost every person of ill-repute that ever lived, now, or ever since the dawn of time. It still is used for it's main purpose unabated. All attempts at using it as a virtue signalling tool will fail. in time. it's main purpose will prevail, and it will remain a vital tool for criminals. We are all less safe, for it's use. Let's let common sense prevail. We all know when a place is too crowded for our safety. Our instincts kick in and warn us loud and clear. Let us not use draconian measures, for the power hungry, and insecure, among us, to cause harm to those who are more weak and vulnerable among us. Let the goodness in all of us prevail. The stories of the misuse of power are extremely prevelant. Lets make those occurances be a thing of the permant past, ugly yes, but let's not have any more. Let's move on to a brighter future, together. United, in a free society, being good to each other. Life is too short.
