Comments

I would like to speak to the amount of funding being proposed, by City Administration, as an offer to Third Avenue Church Congregation to help fund the repair of the flat roofs on Third Avenue Church building. I would like to request more than the one time payment of \$20,000.00 City Administration has proposed for this project, as the congregation does not have much money available to put into the project and the title owners will not put any money into the project.
