

GOVERNANCE AND PRIORITIES COMMITTEE

Multi-Unit Residential Recycling Agreement - Corporate Recycling Service Pricing

Recommendation of the Committee

1. That the payment schedule for service pricing be approved as outlined in the report of the General Manager, Utilities and Environment Department dated September 21, 2020, and Schedule 9 of the MURR Agreement be amended accordingly;
2. That the City Solicitor prepare the appropriate agreement and that His Worship the Mayor and the City Clerk be authorized to execute the amended agreement under the corporate seal; and
3. That the Administration update the previously presented report on security cameras used as a tool, to mitigate illegal dumping, and contamination of recyclables, at the City of Saskatoon operated recycling depots. This report should be presented at the same time as the report on Recovery Park is presented prior to 2022 budget deliberations. The report should also include reference to how the cameras would help reduce criminal activity at the depots. The report should also be updated with costs based on the current technology of the day and how the installation of cameras would be scaled to the decision, by City Council, on how many depots are to remain operational, moving forward.

History
