Good morning, I would like to express my support for the proposed rezoning of 727 and 804 Hart Road. I think it is an excellent place for a low income housing development to be built, with access to amenities, walking paths, schools. I am very disappointed in my neighbors who are against this project - going to the length of starting a petition to stop the development. They are claiming they are concerned about our property values decreasing and our property values are already terrible and having low income housing is not going to affect that. I hope the city moves forward with this development and I would like to speak at the meeting on the 28th to express my support.
