I just found out about this yesterday. I also listened to the 2 hr video on Camponi development of the low cost housing unit! So many of our neighbors are so upset about this. I wish we had more time to be able to get together and discuss this but we can't because of Covid and now I am told the vote will be on Monday.

First of all I think it is just such a big development and the density issue is a big one for me. So many children and do they really have the recreational areas for these kids. They will be living in apartments and will be so bored. Will they play in the Walmart parking lot and my concerns are that they could get hurt!

The other issue is security. Camponi said that they will only have camera's in the inner compound and the fences. If there are problems he will evict them. What about our areas ? What about camera's on McCormack Road for added security for us ? What about behind on the walkways?
