December 7th, 2020

Please accept this letter as an express of opposition to amending the heritage designation bylaw for Knox United Church to accommodate the proposed Meridian Development at 838 Spadina Crescent. It is our hope the Standing Policy Committee on Planning Development and Community Services shines a light on the historic significance of this location and takes the time necessary to make a good decision. It is hard to believe that there is not be policy for development on this important street.

Spadina Crescent is a destination point for citizens and visitors of Saskatoon to gather and enjoy the riverbank views while taking in the historic beauty that the street has to offer. Arguably, St. John Cathedral, Knox United Church and the space between the two historic buildings is one the most iconic locations in the city. The designation as a historic site was made for posterity so that history would be protected.

It is incumbent on this committee to preserve the historic designation of this site and to not consider changing bylaw.

Thank you,

Trish Hastings and Scott McBride
