His Worship Mayor and Council:
 Saskatoon SK. S7K 0J5

Dear Mr. Mayor and Members of Council,

This is our second letter to the City of Saskatoon regarding the Notice of intention to amend the heritage designation by law.

We request that the Council stand on the side walk on the east side of Spadina Cre. and look at the two heritage churches and feature a new large structure between these two old beautiful buildings.

A new large structure would considerably change the heritage aspect of these buildings and properties.

Please do not do this to our beautiful City.

Sincerely

Mavis Paul
