Comments:

I strongly object to the amendment of Heritage Bylaw 8232 to allow for the division of the Knox United Church property that would allow Meridian to build its Knox Tower as proposed. The proposed tower looks jarringly out of place and would damage the well-loved character of this historic part of our downtown.

I urge you to postpone this amendment until alternative development options have been found that will be more in character of the adjacent churches and will enhance rather than drastically change the ambience of this street.

Saskatoon has preserved the historic character of other areas of the city and has the opportunity to do that again with this area.

Thank you for the opportunity to express my opinions about this issue of concern.

Bonnie Stephenson
