Subject: Email - Communication - Dr Karl Martin - Proposed Rezoning - 1414 1416 Main Street - File CK 4351-021-001

Attention: Jim Charlebois, Senior Planner II

Regarding the rezoning/development proposal for the corner of Cumberland and Main Street (1414/1416 Main Street) In Saskatoon.

Please consider this as my enthusiastic support for the project and rezoning of the properties. Blackrock has a strong record of forward thinking and innovative infill builds in Saskatoon of high quality, and the redevelopment of this corner will be a much-needed positive improvement to the neighbourhood.

Dr Karl Martin
