To Whom It May concern:

This letter is in response to the proposal stated above.

My husband and I have lived in the Riverfront Condos for the last 14 years and find it very disappointing that this project is being considered for overturning the Heritage designation of the Knox United Church property. What is the purpose of the Heritage designation if it can be overturned by one developer? Saskatoon has only a few Heritage sites and yet they have decided to place a huge monstrosity of a building right between two of these churches!! Meridian is in it for the money and why not they are builders. Surely there must be other options that are suitable.

As pictured in their proposal that new building would dwarf the churches - not only that but the modern design would overpower the two churches. Yes we are concerned about our view but when we bought 14 years ago we understood that these churches were designated Heritage sites which made our decision to purchase easy.

Now Meridian is going to build this eye sore without considering us but what is MORE important is that Heritage Sites are preserved for what Heritage Sites were designated for. If by chance Meridian gets this change ALL dimensions should be considered and reduced to compliment these two churches. Small and dignified!!

I am sure the city has also considered EXTRA traffic for the 25th St bridge plus the parking issue too??

Please consider our concerns.

Yours truly
