Comments

We strongly object to the amendment of Heritage Bylaw 8232 to allow for the division of the Knox United Church property, thereby allowing Meridian to build its Knox Tower. This kind of development is wrong on so many levels. It changes forever the historic, architectural and cultural nature of the area; it blocks light; it dramatically increases density; it is an eyesore; and, it is totally incongruent with the area.

We urge the Mayor and City Council to postpone this amendment until alternative development options are explored.

Thank you.

Pat Albers and Sarah Jackson
