Comments Saskatoon Cycles would like to show support of the 14th street bike lane and other streets bike lanes previously communicated. Our recommendation for 14th street is that the speed limit should be reduced to 30km/hr. Also for snow clearing in the winter bikeways should be priority streets. The bike lane will be more valuable and desirable if it goes through the parklet to be installed on the southern most part of the intersection. The parklet is a space many community members want to keep as it is and even increase its usage as a place to gather and celebrate community, winter and cycling year around.

Gratefully yours,

Kira Judge
