Dear Council,

I support the objectives of the 14th Street Parklet Steering Group.

I believe this scheduled work is an opportune time to realize a greater community benefit than is in the current plans. The plans as currently proposed miss an excellent opportunity to create a significant community amenity, taking advantage of the existing unique environs of the 'parklet', the local community hub, and the nexus of walking, biking, transit, and low-speed vehicular traffic.

There are some simple changes being proposed by the group that would result in a significant benefit to the community (and increased return on infrastructure investment) and I strongly support their proposal, in full.

Thank you for your consideration.
