

Central Area Transportation Planning Committee

To establish a vehicle for the development and evolution of transportation planning into the 21st century for the central area

January 29, 2021

Dear Mayor and Council Members:

The benefits of membership with the Central Area Transportation Planning Committee (CATPC) are many. Please take this opportunity to renew your membership or consider becoming a member.

The CATPC enjoys a collaborative working relationship with the Ministry of Highways that has resulted in the development of new policy initiatives and a strategic, long-term planning approach to investments in the transportation system throughout the Central Area.

Our Committee meets approximately 6 times per year, with meetings held at different locations throughout our region. *Please let us know if you are interested in providing a venue in your area for one of our meetings.*

Some of the benefits of CATPC Membership:

- We provide learning workshops for our membership
- Annual General Meeting in the Spring of each year
- As a CATPC member you will receive minutes from our AGM and regular meetings after they have been approved
- Our members are encouraged to bring forward issues and concerns regarding area transportation to the Committee. (See the Urban and Rural Reps for your area on the enclosed map)
- A seat at the Committee table through the election process at the AGM each year
- Our Transportation Plan is now available – see the enclosed information to access a copy

We rely on the grassroots voice of our membership when communicating our priorities to the Ministry. I hope that, if you are not already a member, you will consider this your invitation to join and have a voice in those priorities. Our membership fees are based on population and are invoiced annually.

If you have any questions, or would like more information, please feel free to contact me; my cell phone is 306.528-7879. My email address is ivkane@sasktel.net

Sincerely,

Iv-Lee Kane

Administrator,

Central Area Transportation Planning Committee

Your 2021-2022 membership fees have been calculated based on the following fee structure. Population values were obtained from the 2016 census.

<u>Population</u>	<u>Fee</u>
>1000	\$500
751-1000	\$400
501-750	\$300
251-500	\$200
100-250	\$100
<100	\$25

Comments

Please feel free to identify any current transportation related issues that are of concern to your municipality or subdivision.
