March 25, 2021

Dear Mayor Clark and City Council;

Re: Saskatoon Accessibility Advisory Committee

Spinal Cord Injury Saskatchewan appreciates the opportunity to sit on the Saskatoon Accessibility Advisory Committee as a Community-Based Organization.

Our Vision is "Working collaboratively for inclusive communities" and participation on this committee allows SCI Sask input on accessibility in the built environment and services in Saskatoon and Area.

The named representative for SCI Sask for this current term was Colin Farnan, who recently tendered his resignation with our organization effective March 12 2021.

SCI Sask requests your approval to name an alternate representative from our organization; that individual is Delynne Bortis. Delynne is an employee of SCI Sask, and has been in the position of Client Service Coordinator, working in the Provincial Office here in Saskatoon since 2014. Delynne has lived experience as an individual living with a physical disability and will bring organizational accessibility knowledge, as well as hands-on experience, to this committee.

SCI Sask appreciates your consideration and looks forward to approval of Delynne Bortis to sit as the SCI Sask representative.

Sincerely,

Launel J. Scott

Launel J. Scott
Executive Director
