Secretary, Governance and Priorities Committee

Dear Secretary:

**Re: Canada Healthy Communities Initiative Round Two Project Application  
[File No. CK. 1860-1 x 270-7]**

The Saskatoon Accessibility Advisory Committee, at its meeting held on May 14, 2021, discussed the Canada Healthy Communities Initiative and the past project application.

During discussion of the matter, the Committee was informed that the next round of applications was to be considered at the May 17, 2021 meeting of the Governance and Priorities Committee. Further feedback was provided indicating the necessity of these washrooms and the importance of accessible washrooms in the downtown area. The Committee also thought that a letter from the Saskatoon Accessible Advisory Committee in support of the project would be beneficial to City Council's application.

The Committee resolved:

That a letter be forwarded to the Governance and Priorities Committee, in support of the Administration's recommendation of option 1, Downtown Public Washrooms, for the Canada Healthy Communities Initiative round two project application, and respectfully requests that if approved, the project focus on fully accessible washrooms above the standard Canada Building Code where possible.

The Saskatoon Accessibility Advisory Committee respectfully requests that the recommendation be considered by Governance and Priorities Committee

Yours truly,

**Chelsea Wisser, Vice Chair**  
Saskatoon Accessibility Advisory Committee
