To the Mayor and City Council.

I am not going to ask you to vote one way or the other on the name change for this road. I would however ask you to consider the following.

1. Look at all the street / park / building names within the City of Saskatoon that may require adjustment based on their historical actions and rather than do this as an adhoc process based on current trends, be proactive and do a complete review
2. Please provide a full costing to the city, and projected costs for individuals and businesses to make this change.

Thank you
