

# STANDING POLICY COMMITTEE ON ENVIRONMENT, UTILITIES & CORPORATE SERVICES

---

## High Performance Civic Building Approach

### Recommendation of the Committee

1. That Option 1B – LEED Silver Certification is defined as the minimum standard for the design and construction and major renovation of applicable buildings in the High Performance Civic Building Policy;
2. Mandatory LEED credits for the construction of new civic buildings are permitted in the High Performance Civic Building Policy; and
3. The energy and air tightness targets and timeline recommended in Option 3D are included in the High Performance Civic Building Policy.

### History

At the June 7, 2021 Standing Policy Committee on Environment, Utilities & Corporate Services meeting, a report from the, General Manager, Transportation and Construction dated June 7, 2021 was considered.

Your Committee received a PowerPoint from the Administration containing four options for how to achieve the goal of net-zero energy ready.
