Re: Pedal Pub Approval

Dear City Council,

We are pleased to support the launch of Saskatoon's first Pedal Pub enterprise that will animate our downtown core and provide fun and safe experiences for residents and visitors alike.

We applaud the recommendation made at the Standing Committee on Transportation meeting allowing the business to operate as a pilot program this summer as the City makes amendments to the current traffic bylaws. Specifically, we are encouraged by the spirit of cooperation and partnership between City Administration and Pedal Pub's ownership group to bring this new venture on stream.

As we look to rebuild our post-COVID economy, it is vital that we create a business climate where small and medium-size businesses can regain lost ground and new enterprises can successfully launch and scale. Saskatoon's recovery will be a business-led recovery. Reducing regulatory barriers, and finding ways for businesses to move forward, will be key.

As Saskatoon's voice for business, we stand ready to work with you to ignite a new era of economic renewal and prosperity for our community. We are a powerful network of businesses, organizations and community-minded leaders who want the best for their city.

Sincerely,

Jason Aebig
CEO
