Subject Amendment to bylaw re building onKnox property

Meeting (if known) City Council Meeting, June 28th, 2021

Comments

I wish to strongly oppose the amendment to the bylaw concerning building on Knox Church property. There is no need to encourage more people to the downtown area. I see them already from my window, enjoying the riverside walks and trails. I recognise the fact that Knox Church needs money from this venture but understood from the review board meeting last month that their members WERE NOT EVEN CONSULTED about this proposed building (and if it went ahead, by the time it was finished and potentially bringing in money, Knox would have very few members left, anyway). St. John's Cathedral people were also not consulted or even informed. The building would detract from the beautiful riverfront instead of adding anything. Parking would become a nightmare in the area IF anyone were interesting in buying into the building. So: it could become an albatross to the city and only have negative results.
