Comments

I would like to submit a short video explaining my frustration, lost business opportunity and economic growth on how PPC as a non for profit competes head on with AV technical service companies such as my own both on and off site. Preferential treatment by the City of Saskatoon via its lease agreement and zoning plan and yet no city business licence while working off site is required by PPC makes it now after many years dealing with this almost impossible for a business such as my own to compete. Thank you ~
