To His Worship the Mayor and Members of City Council:

Now is the time for firm leadership regarding COVID-19, masking, and vaccination. Staff and students of Saskatoon schools must be mandated to show proof of vaccination before learning in person. It is imperative. Large companies are doing this, government employees are doing this, airlines are doing this, etc. It is vital that this line of thinking be a directive in our schools and our elected city government. How much longer must we entertain half measures, when the scientific truths of vaccination are proven over and over. How much longer do we allow this pandemic to ravage our city and province because of those who fight against what is right and true. Now is the time for vaccine passports, mandatory vaccination for schools, and a future where science, reason, and strong leadership drown out the voices of conspiracy theorists and the uneducated.
