Attention: Council  
City of Saskatoon

RE: TAYLOR STREET – BETWEEN ROSEWOOD GATE N TO MEADOWS PARKWAY

Dear Council:

Our homes back the newly constructed section of Taylor Street just off of Rosewood Gate N. We want to bring to your attention our disappointment in the City for not maintaining the side of the road that borders Hillcrest Cemetery. The weeds are 4-5 ft. high and unsightly – we have reached out to the City to express our concern and these have still not been dealt with. They are now going to seed which in turn creates a bigger issue.

Our 32 home complexes at [redacted] Meadows Blvd (Stirling Gate) pay substantial city taxes. We maintain our own road within the complex and we do not have sidewalks that the City needs to maintain so we feel the Taylor Street issue is not a huge request to ask of the City. Our hope would also be that the City continue planting trees on the berm along Taylor St.

We are asking that this be addressed immediately and that it is put into the City's regular maintenance plan so that we do not have to continually look at this unsightly mess.

Thank you for addressing this.
