

Implementation Plan: Proof of Vaccination or Negative Test Requirements for City of Saskatoon Facilities

Implementing proof of COVID-19 vaccination or negative test requirements for City of Saskatoon facilities would align with the October 1st, 2021 Government of Saskatchewan Public Health Order. The City's implementation would follow the same process and procedures but broaden the scope to other programs and services in City of Saskatoon facilities that are not specifically mentioned in the October 1 Public Health Order.

Proof of Full Vaccination

According to the Province, the only acceptable forms of proof of full vaccination are:

- Wallet cards received at time of immunization
- A printed copy of your [MySaskHealthRecord](#) vaccine certificate (with or without a QR code) or a 'screenshot' of your vaccine certificate (with or without a QR code) saved to your device
- A COVID-19 vaccine printout from Saskatchewan Health Authority Public Health
- QR code/MySaskHealthRecord vaccine certificate uploaded to SK Vax Wallet app, which is available free from Google Play or Apple App stores
- Official proof of vaccine documents from other governments

Proof of Negative Test

Individuals who do not have proof of vaccination have the option of providing proof of a negative COVID-19 rapid antigen **or** polymerase chain reaction (PCR) test result from within the previous 72 hours. This test is to be done at the expense of the individual; a list of locations and labs offering testing services is available [here](#). Self-administered take-home rapid antigen tests (e.g. pictures of negative tests) will not be accepted as valid proof of negative COVID-19 test results.

ID Required

In addition to the proof of vaccination, photo ID will be required from anyone 18 and older. Youth aged 12-17 will also need to show ID unless accompanied by an adult with proof of vaccination and ID. Youth aged 12 to 17, visiting a business without an adult, who do not have photo ID will be allowed to present other forms of government issued ID such as birth certificate or health services card.
