I am writing as a resident of Stonebridge to give guidance as a tax payer on the direction I would like bylaws voted on from our publicly elected & funded officials which includes your position.

Any covid related overreach into provincial jurisdiction should not be funded, researched or voted in favour of. This includes the vote that took place this Monday (18,10.20).

It is alarming to hear a city councillor Troy Davies say "we didn't get the answer we wanted so we will reinvent the wheel". This style of talk comes off incredibly entitled & and juvenile.

The city has more than enough issues to deal with, homelessness, crime and drug overdoses, dilapidated streets, promoting business to get the economy going again, etc.

In addition, there are currently businesses that do not follow the current covid rules & who are medical professionals that I know of - the idea household gathering sizes are in the city's jurisdiction and/ or enforceable is out of touch & a poor use of tax dollars.

If you would like further information for this request, feel free to reach out.

Jason Sears
