

Dear Council, 4355-021-002

I am writing to express my strong opposition for the proposed rezoning of 1631 2nd Ave. North. I have lived at [REDACTED] 2nd Ave. North for the last 15 years. I've invested in my house and my community with the intention of making this place my home. I work the night shift at [REDACTED] the idea of a children's day care [REDACTED] to me is obviously quite upsetting. I'm a heavy equipment operator in a very stressful, potentially dangerous environment. Sleep is essential to keeping myself and my co workers safe. I've loved this neighborhood partially because we are a quiet community. My neighbors have also expressed to me their concerns about that changing. I would have never purchased my home knowing that a daycare was [REDACTED] [REDACTED] This will severely impact my well being and I'm prepared to take whatever steps necessary to stop that from happening.

Can you please contact me by phone with any questions or updates. I have limited access to a computer. Thank you

Justine Chapman
