Comments

Please I beg you to not put differing restrictions on unvaccinated people. I have two elderly relatives who live alone that I go visit several times per week. They are unvaccinated due to a genetic issue where their doctors recommended they not be vaccinated. I am their only social support, and they are already so lonely. Please don't do this to them, it will absolutely devastate them. I know everyone thinks unvaccinated people are so bad and carry disease, but they are people too. Please have a heart and reconsider this bylaw for people like my relatives who have no one else.
