I will say this so all those on city council can hear it. People are hurting businesses are on the edge of closing, not because of covid but because you want to play God. Get over it, it's a virus its here to stay, people always get sick and yes some will die, I've lost 3 people in the last year, none to covid, 1 to suicide because of money issues due to covid restrictions, 2 from vaccine complications which no one will admit or speak of. I say the real pandemic is polications and they're agendas.
