What you are proposing to do with separating vaccinated and unvaccinated people is wrong on so many levels. You have already created a divide within our city. You can feel the hate spewing from people as you walk around the city. I am already unable to watch my children participate in the sports they love to play. It is ruining there mental health and mine as well. My daughter thinks its her fault we cannot go in the rink and watch her. This is disgusting whatbis happening. Please no more. Please stop with this right now.. You need to disperse this money you are spending unnecessarily on commissioner's checking parents and grandparents and move it to our homeless or our youth for support in there mental health.

Enough is enough. When will this madness end.
