Address [REDACTED] Ball Crescent

City Saskatoon

Province Saskatchewan

Postal Code [REDACTED]

Name of the organization or agency you are representing (if applicable)

Subject Restrictions on household gathering

Meeting (if known)

Comments

Good morning,

I found out just this morning that the mayor and city council members are looking to vote on placing restrictions on household gatherings within the city of Saskatoon on the basis of COVID 19 vaccine status. I am extremely disappointed and disgusted that this is even being brought forward on a vote. Please find yourselves something more productive and meaningful to do. The matter of public health policy within Saskatchewan and Canada does not fall within the jurisdiction of city council. Public health policy is decided on by provincial and federal governments. In addition to this it is completely and unjustifiably unfounded, not to mention discriminatory. It has been stated and proven that the COVID 19 vaccine does not stop individuals who receive it from spreading it or getting it. If you need a reminder of this please pick up the phone and call 811 and speak to a nurse. Vaccinated individuals are still able to get sick with COVID 19 and are still able to spread it. Before putting such a policy in place based on your opinions make sure you have the evidence to back up your decision. Please provide to me and the rest of the city the data and information that would prove that this is the right course of action. Also, keep in mind our provincial leaders and health policy makers have not mandated any restrictions on gatherings, who are you to say that you know better than them. Thank you.
