Subject Willows Amendment - OPPOSITION  
Meeting (if known) City Council Number 22, 2021  
Comments

In August 2020, I thought I had made an informed decision to not only move to Saskatoon but to purchase a residence in the community known as the Willows. The attraction was based on this being a golf course residential community known for it's serenity and a certain standard of living. I now learn that the developer wishes to substantially change our community by amending the zoning in a way that I do NOT desire or support. This proposal, if supported, will substantially change the character of the community I was sold. I do not desire additional commercial developing in the centre of this community, and certainly no hotel/spa. I do not want additional traffic on Cartwright Street. A street that can already be dangerous from the current traffic levels - especially in the summer months. I am opposed to the changes in lot sizes and changing to Fee Simple Lots. These types of proposed changes will negatively impact the value on my residence and my ability to sell in the future. No reasonable person would pay the kind of money we have paid resulting in the corresponding taxes assessed had this been known at the time of purchase. I can guarantee that I would never have purchased here had I known this was a possibility. I implore the Councillors and the Mayor to protect us as your citizens to turn down this amendment. I expected future development, but never anything like this.
