Subject Support for funding the Industrial-Residential Interface Study

Meeting (if known) Budge Package

Comments

Dear City Councilors and Your Worship,

We, the Pleasant Hill Community Association, hope that you will include the funding for the Industrial-Residential Interface study in your Budget for the next 2 years. This project is the first step towards addressing the very real health issues occurring in our city as a result of giving industrial businesses the right to produce limitless nuisances.

This study has been needed since 1978 when residents of Saskatoon first began identifying this health issue. The Performance Standards that will come out of this study has been 'on the books' since 2004.

The price tag for this extremely important first step is a fraction of the cost of many other items you are deliberating on, but the impact this will have on the quality of life in Saskatoon is priceless.

Please support including the Industrial-Residential Interface Study in the 2022-23 Budget.

Sincerely,

Adam Pollock

Pleasant Hill Community Association President
