Comments

We have been working with Brad Babyak (Recreation & Community Development Dept) in regards to a funding shortfall for the operation of the city pound and animal enforcement contracts. We would like the opportunity to present to the Committee our current financial situation and respond to questions that might arise. We would like to present both financial statements and a power point presentation (or other visual platform) if possible. Please do reach out if this is possible and we will provide the necessary files as required. Thank you.
