FROM THE REPORT:

"Since March of 2020, in response to the Covid-19 public health orders all staff that are able to effectively work from home have been doing so and staff unable to work from home have been subject to masking and physical distancing protocols, among other measures."

QUESTIONS:

At the height of the restrictions, how many staff were able to effectively work from home?

Can you break that down by civic operations (Community Support, Corporate Asset Management, Corporate Governance & Finance, Environmental Health, Recreation & Culture, Taxation & General Revenue, Transportation, Urban Planning & Development)?

FROM THE REPORT:

"All staff, excepting those approved to permanently work from home will be returning to the workplace no later than February 1, 2022."

QUESTIONS:

How was approval to permanently work from home granted or determined?

How many staff have been approved to permanently work from home?

Can you break that number down by civic operations?

Thank you.
